 Rogers has received a stock of overcoats that exceeds anything ever brought into the valley. They range in price from \$3 up to the finest, and the man who goes around shaking with cold when he can get one of these good, warm coats at a price so low that all can buy, had better go back east and give up the ghost, probably then he will have no use for one.
 Rev. A. Bartley of Indianola, spent Sunday in McCook. Rev. Bartley raised 25 acres of corn, on his farm near the county seat, that averaged between 60 and 70 bushels to the acre. This yield would do honor to some of our older and more agricultural counties, and is phenomenal in a county "where nothing will grow." Homesteaders, hold on to your claims!
 We have heard people say that the soil of western Nebraska is not so productive as the eastern section, because it is lighter in color. That this is a mistake is amply attested by the presence on the Journal counter of a sugar beet weighing twenty-two pounds, shapely, crisp and sweet, sent to R. R. Randall, Esq., by Hon. J. W. Dolan, of Red Willow county. It was raised by George Hunter, near Indianola, who has an estimated yield of twenty-four tons on half an acre. There is no doubt but that with equal moisture the western section would outdo us in root crops, as the soil is more porous, less compact, equally rich and especially adapted to such growth.—Topics Man.
Snow Storm at Kearney.
 KEARNEY, Oct. 23.—The rain which had been falling heavily for nearly 24 hours, turned into snow about 8 o'clock this morning and has continued unabated until the present time, 10 o'clock, P. M. About seven inches are now on the ground. Reports from the west indicate a much heavier fall there. This will undoubtedly do much injury to grazing cattle.

Declines the Nomination.
 Chairman People's Central Committee:
 Sir: After considering the duties of the office for which my friends have so kindly placed me in nomination, I would say that the duties of Superintendent of Public Instruction are arduous, when satisfactorily performed. As the work extends over quite an area of territory, therefore involving much travel and exposure during an inclement season, my convictions lead me to decline the nomination. I am deeply grateful to you for the honor unexpectedly conferred upon me. Thanking you for this expression of confidence in my ability to perform the duties of the office, I am, Yours Respectfully,
 Red Willow, Oct. 20. ADA P. BUCK.

A Bad Break.
 Reports came in yesterday of the attempted lynching of Zimmerman, the Minden murderer. He had been taken from Kearney down to Minden, and placed in the court house, with a guard of twenty-five men, and near midnight several armed and masked men entered and attempted to take Zimmerman out and lynch him, but were fired upon by the guard and the brave takers-of-the-law-into-their-own-hands immediately vamoosed and he will undoubtedly be troubled by such men no more. Full particulars we could not get on account of the distance from the telegraph office.—Hastings Journal, Wednesday.

The Light Fantastic.

HEART DISEASE!
CURED BY
Dr. Rush's Regulator,
 FOR HEART TROUBLES.
 Wm. G. Osgoodby, the well-known safe manufacturer of Buffalo, Philadelphia, Pittsburg, Newark, and Atlanta, Ga., says:
 OFFICE OF OSGOODBY'S IMPROVED SAFES,
 17 S. Broad St. feet.
 ATLANTA, GA., October 17th, 1883.
 Dr. Rush's Medical Association:
 DEAR DOCTORS.—The three bottles of "Dr. Rush's Regulator" I ordered were received by express last week. I have taken nearly one bottle and am thoroughly satisfied with the result. For over ten years I have been troubled with sharp pain at the heart. My physician, upon examination, pronounced it enlargement of the heart and was unable to give me any relief. The trouble grew worse until I had become convinced that I could not be cured. While in New York City, last week, I called upon one of the most prominent physicians there, who examined me for an examination and then recommended your "Regulator." Knowing you to be a regular Medical Association, and not a patent medicine scheme, I ordered the three bottles. I have not been troubled since I commenced taking it, but shall continue to take the entire three bottles so as to obtain a permanent cure. You have my sincere thanks.
 I am, gentlemen, Very respectfully,
 Wm. G. OSGOODBY.

Dr. Rush's Regulator
 has never failed to give relief. It has been used successfully for years in subduing the most stubborn cases of heart difficulties. A positive cure for enlargement, palpitation, fluttering and Ptery Bicuspidation of the heart. Price, \$1.00 per bottle; six, \$5.00. Sold by druggists, or sent direct by Dr. RUSH'S MEDICAL ASSOCIATION,
 NASSAU, N. Y. U. S. A.
