No. 2 struck a hand car at a point west of here, Wednesday morning, to the detriment of the aforesaid hand car. July first, John Jones of the New England House, Hastings, took possession of the McCook Hotel, under lease.

Some elegant writing paper and envelopes just received at this office. No fancy boxes, but heavy, finely-finished papers. A little pony colt was shipped east from this station by express, Saturday evening. The little broncho was crated for transportation.

Methodist Sunday School will be held, next Sunday, at 3 o'clock, M. T., in their new church. All services in the future will be at the church. The building just completed, between the Democrat office and Mrs. Rowell's millinery store, will probably be the seat of operations of a tonsorial artist.

Don't spend your money in vain attempts to find cheap clothing, but come at once to E. M. Brickey & Co.'s clothing store, where clothing IS cheap. A reward of \$25 is offered by Sheriff Joseph W. Warren of Webster county for the capture of David Spearman, who broke jail at Red Cloud on the 26th.

FOR SALE—80 acres of deeded land, 11 acres under cultivation, with good frame house, 4 miles from town. For further particulars inquire at this office. We have the best facilities for printing blanks, and special orders will receive our prompt attention.

Sneak thieves are operating in this vicinity. Ed. Deatrice is out a saddle and bridle, another a horse blanket, etc., by the work of these scamps. Don't let anything lay around loose, it may "turn up missing." The Congregational pulpit was occupied by Rev. Dean of Oxford and Cambridge charges, Sunday morning and evening. Rev. Dungan filling Rev. Dean's appointments at the above named places.

The tide of immigration, though not so steady as it has been, is quite full at times. Last Thursday afternoon, four wagons with a full accompaniment of horses and cattle followed the star of empire westward. That last shipment of parlor sets just received at the Great Western Furniture Emporium take the entire bakery at wholesale rates. Don't fail to drop in and see them, if you want something handsome and substantial in that line.

We see it stated that C. L. Bowman, late of Red Oak, Iowa, and J. L. Foster of Palmyra, Neb., will open a grocery store on Main street, in the near future. This office is indebted to Supt. Stevens of the Crete Nursery for a present of a number of boxes of delicious cherries. Mr. Stevens went down to Oberlin, Friday.

We take sincere pleasure in noting that Mrs. W. O. Moody, who has been most seriously ill for some days past, is now on a fair way toward ultimate recovery. Retiring for the present from the hotel business, S. H. Colvin will, we understand, engage in the real estate business. His family will occupy the Constable house.

The total receipts from the Lockwood lecture are \$65.20. The net profit to the school is \$13.20, which considering the disagreeableness of the weather, is a fair showing. The entertainment by the children of the public school at the Opera Hall, tonight, promises to be fair, and a goodly audience should encourage their efforts by their attendance.

We are requested to call particular attention to the desirability of having as large a turn-out of Calathumpians as possible on the fourth. Let us make this a feature of the procession. The amount of cash received for freight at this station during the month of June aggregates \$17,102.18, representing 7,266,780 pounds of freight handled. \$5,268.20 worth of tickets were sold.

We are informed by F. D. Hess that he has sold his stock interests to Bailey & Wilkes of Driewood. In the sale Mr. Hess came into the possession of a bunch of horses, which he is offering for sale. All the boys and girls, as they come and go from rehearsal at the hall, warble merrily snatches from the operetta which they will render, to-night. The little ones are delighted, and will doubtless entertain those who go to hear them.

Nebraska flour for Nebraskans. The City Bakery received a car-load of that celebrated Grand Island Flour, this week. The shipment contains the new brand of flour, "White Frost" which is without a peer, and is guaranteed to be the very finest brand in the city. Two horses were stolen at North Platte, last week, for the capture of which, with the thieves, \$100 reward is offered. The thieves are supposed to be in this part of the country, having been traced south from Lincoln county, within 25 miles of this place, where the clue was lost.

MARRIED—At Red Cloud, June 30th, 1885, Calvin Ziegler of our city and Laura M. Blue of Guide Rock. The happy couple arrived in town on 30, Wednesday, and will go to house-keeping in the pleasant home provided by Mr. Ziegler on Marshall street. We wish them much joy. The Paxton Cattle Co., last week, purchased the cattle owned by Thomas K. Work of the McCandlish ranch on the Driewood. The herd numbers about 400 head. Mr. Work becomes a stock holder in the company, which is also negotiating for the purchase of another herd of about 200 head.

A Lodge of Knights of Pythias, embracing about twenty of the sterling young men of our city, was instituted Saturday night, and the officers-elect for the coming term duly installed. This order, though comparatively young in years, is growing very rapidly, and is gathering within its castle walls much of the brain and vigor of our nation. The Willow Grove Lodge of K. of P. promises to be one of the finest in the valley, and a credit to our city.

Our "saucy as a school girl and modest as Godiva" contemporary across the street comes bravely to the assistance of the imaginary (?) bums and gamblers, and suggests that "we would be the first to denounce such characters," "who are conspicuous by their absence," etc., ad nauseum. We solemnly promise not to envy The Democrat or any publication that finds it necessary to champion such characters. We will enter bonds not to interfere with any such prerogative.

Every public spirited man in this city should pay his poll tax, and pay it promptly without quibbling, when approached by Street Commissioner Leland. The money is needed for the improvement of our streets, and is needed badly, and all who have any interest whatever in the appearance of our streets ought to hand the commissioner his \$3 willingly, and not take advantage of the fact that he can stand the matter off until January. Pay up like men.

The Lincoln Land Co. offers \$75 toward grading and putting Main Avenue in condition, and work will be carried along as soon as a grade is established. Commissioner Leland is also performing some very necessary work on Dennison street. Considerable filling has been done, and two culverts, and the necessary ditching done to carry off the water which occasionally comes rushing down the canyon, deluging the business part of town. Hereafter the water from the canyon will be carried down Macfarland street to Railroad street, and thence east in the company's ditch.

Call and see Spanogle & Rinker's top Buggies.

The prospects for a heavy litigation over the Circle ranch property and cattle are at present writing bright. Last week, W. J. Wilson of Denver, Colo., former owner of the ranch, foreclosed a mortgage of \$114,000 against "The United States Cattle Ranch Co.," who purchased the ranch and cattle from Mr. Wilson, about one year ago. We know none of the circumstances connected with the affair, which have brought the proceedings to their present status, but to a man on the fence it is very apparent that "Billie" Wilson has the best of the situation, having possession of the cattle and the money already received from the English company—over \$100,000. All the old employes of the Circle Ranch have been paid up and discharged. Ed. Wilson, who has been general manager, being succeeded by Rainy Bishop of Denver. It is understood that Mr. Wilson, who is holding all the cattle his outfits are gathering during the present round-up, will make a complete round-up, this fall, and ship all his stock to Arizona. The case promises to be a complicated one, unless the parties interested effect a compromise.

Go to E. M. Brickey & Co. for custom-made clothing. The lecture delivered by Mrs. Lockwood in the Opera Hall, Tuesday evening, on the "Social and Political Life of Washington," was a most interesting one, and held the wrapt attention of the audience throughout its entire delivery. The scope of Mrs. Lockwood's lecture was extensive, necessitating but a reference to the more important features of the subject, which was well divided and admirably handled. The lecture was not delivered with as much grace and oratorical effect as might have been expected from one so celebrated in the forum, yet the subject matter was absorbing, and the lecture was delivered in an impressive, conversational style, couched in simple language, and was the most enjoyable literary feast our citizens have ever had the pleasure of indulging in.

A full line of Pumps and Pump fittings, at Spanogle & Rinker's. THE TRIBUNE pleads guilty of having made an error of say about \$693 in the statement contained in last week's issue, concerning the amount subscribed for the Fourth of July celebration. The inadvertency through which the mistake was made is obvious, but when a contemporaneous publication criticizes that error in this wise, "We desire to correct an impression that HAS GET ABROAD," we ask for mercy, our punishment is greater than we can bear. Knowing that man is very liable to err, we would forgive all, did not that same paper, (and we but cast a glance over it) contain two score of errors on its first page—typographical, grammatical, in punctuation, in fact and in statement; but we desist, the dissection becomes painful.

Wall paper for 12 1/2 cents per bolt at Metropolitan drug store. The business transacted at the U. S. Land Office during the last quarter, ending June 30, compares favorably with any previous quarter in favor receipts. The following is the quarterly report:

Table with 2 columns: Item and Amount. Homestead Entries.....790 Timber-Culture Entries.....571 Pre-emption Filings.....526

The above table shows that, inclusive of pre-emptions and soldiers' filings, 355,181 acres of Uncle Sam's lands have been entered during the past quarter. The B. & M. Pharmacy is in receipt of a fine line of notions. Two of the gang of young gamblers who are making our city their rendezvous at present, engaged in a running race, Monday. There was nothing of a startling nature in the aforesaid proceedings, except that, through a misunderstanding, the wrong party won the race. Pistols for two, but (unfortunately) no loss of life. The authorities ought to give some of these characters, with their paramours, about two holy minutes to quit the city. Or do we thirst for another Lee-Bowman episode, with costs, etc.

Spanogle & Rinker have the Grass Hopper Rod Breaker. Lyman Bros., proprietors of the U. S. Mail and Passenger Line from Benkelman, Neb., to Wano, Kas., have placed the fare at \$1. Round trip \$1.50. Stage leaves Benkelman Tuesday, Thursday and Saturday mornings, and leaves Wano alternate days. Good rigs and stock, and fast time. 4-4t. White Bolted Corn Meal at the City Bakery.

Here we are with a stock of Saddles and Harness. We have arrived at last in McCook and are ready for business. Have on hand a full and complete stock of harness, saddles, whips, lashes, curry combs, brushes, bits, spurs, fly nets, and stock saddles and cow-boy outfits. Give us a call and examine goods and prices. Shop two doors north of new bank building. W. W. PALMER, Prop.

A new time table for the B. & M. is in preparation. Standard Halladay wind mills at Spanogle & Rinker's.

They had quite a breeze of excitement, Wednesday night, over the capture of the squint-eyed boot black, who has been ornamenting our streets for the past few weeks. Arthur S. Winget, one of D. P. Rogers' men, charged the boot black with robbing him of a revolver and watch and chain, and Deputy Welch and a number of Mr. Rogers' men started on a hunt for Mr. b. b. After an exciting chase over town, the b. b. was finally caged at the B. & M. telegraph office, where he had taken refuge. He was lodged in the cooler, and discharged, this morning, no evidence sufficient to detain him being produced. The horse-men threatened to hang him, and the poor fellow has had an attack of palpitation of the heart ever since.

Look favorably upon the cherry when it is red upon the tree. It is a juicy, grateful fruit and withal as good for the stomach as it is pleasing to the eye. But don't cook it. It would be just as sensible to cook watermelons as cherries. In fact, fruit was intended to be eaten raw and not transformed into the horrible, indigestible pie. It may be properly converted—suitable kinds—into jam and be kept to spread on bread for the children without violating the canons of good sense and taste.—Topics.

MANY lives are lost every summer by people not having the necessary medicines at hand in case of cholera morbus. Can you afford to risk your life and those of your family for 25 or 50 cents, the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. This place is increasing in importance as a railroad town. But a few weeks ago, designated as a freight division, and now as a passenger division. Both of these orders make this city headquarters for a number of families, who have heretofore resided at Denver and Red Cloud.

The continued rains of the past few days have caused the farmer and real estate agent to smile a smile child-like and bland, and put our business streets and crossings in a muddy, sticky condition—heretofore rather unusual. July 1st, Postmaster Sharp assumed the duties of office. He assures us that he is confidently expecting the arrival of his new outfit every day, and hopes to be settled in the new building by the first of next week at the latest.

The boys are all in from the round-up, and will be at ease until July 7th, when another round-up will work up the Republican from Culbertson to Benkelman, which ends the spring round-up in this section. Our latest acquisition is a laundry operated by celestial sons of the Flowery Kingdom, who hail from Hastings.

"BY THE BY," says Gen. A. Broadbent, editor of the Tonganoxie (Kas.) Mirror, "you can say that the bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy left me by your agent two years ago, proved to be the best remedy I have ever used. I have no doubt, but that it saved my oldest son's life." The above shows conclusively that there is nothing like having the great life preserver at hand at the right time. It is put up in 25 cent, 50 cent and \$1 bottles. Sold by B. & M. Pharmacy and M. A. Spaulding.

W. W. PALMER, Successor to E. E. HAMILTON. Has opened a full and complete line of HARNESS AND SADDLERY GOODS, 2 Doors North of Postoffice, McCook, NEB.
