The Driving Association expect to hold a horse fair sometime in September, and a determined effort will be made to have the finest fair of the kind ever held in this part of the state, and such it will surely be, if proposed plans are carried out. It is expected to offer large enough premiums to draw fast horses to compete.

As will be seen by notice elsewhere in this issue, the firm of Church & Bohanan was on the 14th of July dissolved by mutual consent, Mr. Bohanan retiring. Mr. Church has associated with him Mr. Whittaker, an experienced butcher from Wisconsin, and the business will be continued at the old stand. They will also handle the ice business. We wish the new firm all success.

Passenger train No. 1 was between four and five hours late upon its arrival in Denver, last Friday morning, caused by a hot-box on one of the coaches and the breaking down of the engine, a few miles this side of a city, necessitating waiting until the yard engine arrived from Denver to pull the train into the city. No. 2 was also a couple hours late upon its arrival at this station.

CONFESSED JUDGMENT.—Jas. Harris, who has been running an exclusive grocery store on West Dennison street, in addition to running for Receiver of the U. S. On the morning of the 16th, Jos. A. Snyder went down to Republican City to take charge of the boarding train again. If the report we hear concerning a certain man in this town is true, there is great necessity for a vigilance committee to do some quiet, but effective work. The matter ought to be investigated in justice to all parties concerned.

If the statements made are true, the public ought to be aware of the man's character, if on the other hand, the statements are false, this fact ought to be made known, in justice to the man.

Allow us to reiterate our advice of a few months since. When you want anything in the way of real estate, go to legitimate dealers. Never fail to avoid the irresponsible and frequently disreputable characters, who button-hole everyone at the depot and street corners.

There are a number of these parties operating in this vicinity at present, and we caution all to avoid them. You can mark many by the blossom that doth adorn their nasal appendages.

Drunkenness, profanity and vulgarity were fittingly rebuked, last Friday afternoon, by W. O. Saylor, the West End grocer, though at the expense of a metaphorical bone of the right hand. Bill Enyeart, while under the sublime influence of limpid school-fund liquid, became profane and obscene of speech in front of Saylor's place of business, and upon his refusal to desist at the above gentleman's request, was promptly slugged in the neck. Enyeart was taken home by his father, and no arrest was made.

JUSTICE COLVIN'S COURT.—Charles Kirchner, a young man from Rawlins county, Kansas, who has been working in town for a number of months past, was detected by J. W. Campbell of the Agent's office, in the act of breaking open a box of jumbles and appropriating the same, while in a box car in the company's yard at this place, last Saturday. The indiscreet fellow was duly arrested and upon pleading guilty, was fined \$10 and costs. * * Jerry Desmond, a plain drunk, was arrested, the same day, and fined \$1 and costs.

The brick buildings of Messrs. Pate and Kendall now in course of erection on Main Avenue were somewhat injured by the heavy rain of Tuesday morning. No precautions having been taken, the rain poured into the cellar to such a depth as to cause the foundation to sink in places, thereby cracking the walls, which had already reached the first story. Upon closer investigation, however, it was found that the walls were not as seriously damaged as at first supposed, and the same, luckily for all parties concerned, were repaired at a nominal cost.

It is with more than ordinary pleasure and satisfaction that we note the success of the county institute, which opened at Indianola, Monday, July 6th, and continued in session two weeks. During the session, lectures were delivered by the following gentlemen: On the 9th by Prof. Valentine of Nebraska City, subject, "books." The professor handled the subject in an entirely original and satisfactory manner. Dr. Thompson of the M. E. school at York addressed the institute on the 15th, subject, "higher education," in a manner which demands its "meed of praise." On the evening of the 16th, Chancellor Manatt of the University addressed the meeting on, "the aims, conditions, etc., of the State University." The Chancellor's remarks were limited, but pointed and practical, and raised the University very materially in the estimation of those present. Regret was freely expressed that the Chancellor's stay was of necessity so short. Dr. Hicks also of the University supplemented the Chancellor's remarks with an excellent and interesting address, subject, "a day at Oxford." Prof. Hicks needs no introduction or encomiums at our hands, as he is recognized as being pre-eminent in his specialty in this country. Prof. Clarendon of the Fremont entertained and instructed all by a lecture on the subject of education, Friday. On last Thursday evening, the citizens of the county-seat tendered the members and instructors a reception, and we desire to add our congratulations to the promoters of the same, in common with those who enjoyed it, upon the success attending. Speeches were made by Senator Dolan and Mr. Peterman, with responses by Prof. Valentine and Co. Supt. Nettleton. The occasion will be remembered with pleasure. On the 17th, the regular examinations were held, by the Co. Supt. In addition to the above lectures, the pleasure and profitability of the institute was largely augmented by the labors of Prof. Webster of our city, and Mrs. C. L. Nettleton. In conclusion and in summing up the matter, the institute was a marked success, and a credit to our Co. Supt. and all concerned therein. The following conventional resolutions were adopted by the institute:

RESOLUTIONS:
WHEREAS, We, the teachers of Red Willow county, Nebraska, assembled at Indianola, AND WHEREAS, we have received marked attention and courtesy from the citizens of said town, and great benefit from our very efficient instructors.
BE IT RESOLVED, That we heartily endorse the work of our most worthy County Superintendent, which has resulted in the successful institute just held, and for his efforts to bring the schools of the county to a high level.
RESOLVED, That we fully appreciate the importance of the subjects presented by our instructors, Prof. Wm. Valentine, W. S. Webster, and Mrs. C. L. Nettleton, and admire the vim and originality manifested in their presentations.
RESOLVED, We tender our thanks to the Indianola School Board also to the Trustees of the M. E. and Congregational churches for the free use of their buildings.
RESOLVED, That we acknowledge the hospitality extended to us by the Sargent and Indianola hotels.
RESOLVED, That the citizens of Indianola are to be congratulated upon their success in providing a reception for the members of the institute. The spirit which gave rise to the occasion was a significant expression of their interest in educational progress, and demonstrates the fact that patriotism and sterling citizenship are the results of the education of the masses. We hereby express our appreciation of their courtesy and wish them to realize that the occasion will not be forgotten.
BE IT ALSO RESOLVED, That a copy of these resolutions be sent to the Red Willow county papers for publication.

BEN S. WOOD, BERTHA E. LYNN, COM. ALICE MURPHY.

A meeting of the old soldiers was held, last week, and we hope soon to chronicle the establishment of G. A. R. post. Assistant Adjutant General S. J. Shirley of Juniata writes that he has detailed Past Department Commander J. C. Bonnell of Lincoln as mustering officer for the occasion. It is expected that P. D. C. Bonnell, D. C. Cole, A. A. G. Shirley and others will be present. We will give notice of the date and other particulars as they become known.

Wall paper for 12 1/2 cents per bolt at Metropolitan drug store.

The learned "doctor" Williams, who arrived here recently from Stratton, ornamented the cooler, Wednesday night, being beastly drunk, and unable to pay his fine. We would suggest to the "doctor" the advisability of "moving on." His little game will end disastrously. A young man by the name of Strawn, who works for J. F. Black of Red Willow, was also arrested and fined for being intoxicated.

Hallack & Howard for Lumber and all kinds of Building Material.

LaTourette, McCook, is putting up a store building at this place and will carry a general stock of hardware with a first-class tin department in connection. Mr. Adams is well and favorably known here and will undoubtedly receive his share of the trade.

Sweet Michigan Cider of excellent quality at the City Bakery.

The Courier contains a few harmless little squibs about the county institute, of which these are samples, "THE CLOSING exercises will long be remembered." In referring to Dr. Hicks' lecture he says that learned professor's "remarks were but a repetition of a number of articles we have read on that subject." Another Daniel came to judgment!
