Sweet cider at the City Bakery. One of the great needs of the city is street lamps. Remember the supper at the M. E. church, to-morrow night. A "butter famine" has been raging in the city, and still rageth. Everything in the grocery line at Noble & Brickey's new store. These are rather snug mornings and nights for "prairie schooners." For fresh, clean groceries, go to Noble & Brickey's new grocery store. The Bella Moore Co. will appear in our city, next Monday evening, in "A Mountain Pink." The gentle housewife now goes on a butter hunting expedition, and comes home empty-handed. The new bank, Farmers and Merchants, expects to commence business, the first of next week. A farm for rent, One half mile northwest of the city. Inquire at the McCook Liquor Store. Last week, the state auditor registered \$300 in bonds for school district number thirteen of this county. We are informed that the new U. S. land officials will likely take charge of the office at this place, November 1st. The Gazette is now the sole property of C. A. Fredericks, he having purchased C. L. Bowman's interest therein. Last Friday marked the advent of a bouncing boy baby into the household of Mr. and Mrs. E. B. Odell, of our city. A fine ten pound daughter put in an appearance, Monday morning, at the residence of Mr. and Mrs. J. A. Brewer, of the South Side. Elsewhere we publish a press comment on the Bella Moore Co., which will appear at the Opera Hall, Monday evening, October 25th, in "A Mountain Pink." The bridge over the Republican, south of the city, has been replanked. A few railings at the north approach are needed to make the structure safe at that end. The West Side school building has been completed by the contractor and accepted by the Board of Education. School will open as soon as the furniture arrives. The store room in the McEntee Hotel building is being shelved and counters are being put in, preparatory to its being occupied by H. Lawler with his stock of general merchandise. Rev. Joel S. Kelsey will speak next Sabbath morning upon "Political Prohibition"—and in the evening will address the young men of McCook. An especial invitation given to all. The building on East Dennison street, lately occupied by THE TRIBUNE office, is being fitted up by C. D. Phelps of Culbertson for a meat market, which he expects to open to the public, the first of next week. How about that sidewalk that was ordered built, months ago, along the west side of Main Avenue, from the U. S. Land Office to F. L. Brown's residence? The time is fast approaching when it will be badly needed. The Brickey residence on Marshall street has been purchased by Miss Sallie Dixon of Kansas City, who will in due time, we are so informed, remove to our city to reside in the future. Miss Dixon is a sister to H. G. Dixon of this place. This week, Messrs. Weeks & MacMillan, late of Douglas, Wyo., become proprietors, by purchase, of M. A. Spalding's drug store stock. Mr. Spalding retaining the building. The new proprietors are both young men of experience in the business. We learn that I. J. Belnap retires, this week, from the flour and feed firm of Belnap & Harvey, and that Messrs. Harvey will conduct the business hereafter, at this place and at Yuma, Colo. It is also stated that "Jud" will go on the railroad again in the old capacity of passenger conductor. Republicans, remember the mass meeting at the Opera Hall, next Tuesday evening. Hon. J. B. Cessna and Hon. George H. Hastings, two well known political speakers, will address the meeting. Turn out and open the campaign with a rousing time. Don't forget the time and place. The lightning tooth extracting humbug, "Doctor" Clark, who operated in this city, a week or two since, dislocated a jaw bone for an economic fellow at Red Cloud, last week, while "extracting a fang." The "doctor's" work was gratuitous, but it cost the nifty \$5.00 to have a physician replace the jaw. Still suckers will bite. The Board of Education has elected Mrs. Zona Smith to take charge of the new school building on the West Side. Mrs. Smith is a sister to County Surveyor Minkler, and comes well recommended as a teacher of ability. It is hoped that she will be able to open school, Monday morning next. The building is now in readiness, but the furniture therefore has not arrived, which may delay some.

The pupils of the high school department of our city schools will commence the publication of a school paper, Friday, October 29th. The following pupils will have charge of the paper: Editor, Edna Meserve; assistant editor, Helen Davis; general news, Elmer Helm; local editor, Bertha Davis. Let us suggest to our citizens the advisability of canvassing the matter of Councilman to fill the vacancy made in the City Council by the resignation of W. W. Palmer. See to it that a good man of the proper qualifications is placed in nomination for that important office. Now is the time for action, not after the wrong man is elected. Thursday afternoon of last week, Drs. Kay and Davis of our city, removed a cancer from the right hip of Elias Conrad, who lives on a farm a few miles northwest of town, and at this writing the patient is getting along nicely. Mr. Conrad has been a terrible sufferer by reason of the fearful malady, which was of such a nature that he has been unable to lie down for a number of years, or even to sit on a chair with any comfort. A son of Martin Martins living some 8 miles north of town attempted the descent into a well on Saturday last and when down about ten feet the rope broke letting him fall 165 feet to the bottom of the well. When taken out young Martins was dead. The deceased was about 18 years old and the only one of the family who could speak English. The funeral took place from the M. E. church Sunday afternoon, Rev. Clover preaching the sermon.—Courier. The young ladies and gentlemen of the city are requested to meet at the residence of L. Roy Allen, next Thursday evening, October 28th, at 7 o'clock, mountain time, for the purpose of taking the initiatory steps toward perfecting an organization of the young people of the city, irrespective of creed or denomination, in Christian work, as well as in the line of social, literary and musical culture. Let all interested in the furtherance of these things be present. All are invited. Main Avenue, in front of Strasser's saloon, yesterday afternoon, was the scene of a short, sanguinary personal conflict between John S. Hughes of the Blackwood, Hayes county, and William Black, of Black & McKillip, of this city. The difficulty between the two men is one of long standing. The immediate cause of the trouble was a reflection upon Hughes' truthfulness by Black. The combatants were separated by spectators, (who rushed to the scene in scores) before either had received any considerable punishment. Such affairs are to be regretted and condemned. Our reporter had the felicity of hearing one of those nightly serenades at McCracken's jewelry store, a few evenings since, by the cow-boy soloist. The repertoire embraced, "Go Tell Aunt Lucy," "Flower from my Angel Mother's Grave," and other classic music of the masters. All went as merrily as wedding bells until the chestnut gongs commenced to sound and rolling rodents to run rampantly for fresh air, when Mac dropped into a deep swoon, from which he was with difficulty resuscitated. "Still the villain pursued her." While delivering bread, last Sunday morning, D. Kendall met with an accident, which resulted in breaking two ribs and otherwise injuring him. We understand that the horse he was driving became unmanageable, ran away, overturning the bread wagon and throwing Mr. Kendall to the ground, at the corner of J. A. Snyder's residence on Macfarland street, with the result above mentioned. At this writing, he is resting as comfortably as one at his advanced age might expect under the circumstances. His was a fortunate escape from most serious consequences. The entertainment at the Opera Hall Monday evening, by the Blind Boone Co., was favored by a fair audience, who largely appreciated the efforts of the musical prodigy that he is beyond question. His selections embraced the compositions of the masters, those of later date and less pretension, and his own; all were well rendered. It was in fact one of the best entertainments of that character that our people have ever had the opportunity of hearing. It afforded relaxation and pleasure to the audience, without the nauseating features of many of the amusements given in our city. G. E. McDonald, the architect who located in this city, has his hands full of business. He is called upon nearly every day to make plans and specifications for new buildings, and by the way, he has the reputation of being one of the most perfect architects in the state of Kansas. His designs are always perfectly and minutely drawn, and the Chief can cheerfully recommend him as a first-class gentleman who fully understands his business. The people up and down the Valley or elsewhere will do well to call on or address him at Red Cloud, when in need of the services of an excellent architect.—Red Cloud Chief. 21-2t. Those Gold Watches at McCracken's beat the record, in beauty of design and price. Go to McCracken's New Jewelry Store. Call at THE TRIBUNE office for cheap stationery, pen holders, pens.

MOVED!

THE TRIBUNE is now comfortably located and settled in its new quarters on Main Avenue, north of the Commercial Hotel, where its proprietors will be glad to welcome all old patrons, and many new ones. We now have one of the most commodious and best arranged country newspaper and job offices in Nebraska, besides carrying an extensive and elegant line of stationery.

NOW OPEN!

We take this means of informing the public that our new grocery store, in the building lately occupied by E. M. Brickey & Co., is now open. We are carrying a nice, fresh line of staple and fancy groceries, provisions, and in fact everything belonging to a first-class grocery establishment, and solicit your patronage. Our stock of queensware is on the road, and we hope in a few days to display upon our shelves the handsomest assortment of the latest styles in that department ever brought to the city. You are cordially invited to call and inspect our stock.

NOBLE & BRICKEY.

A grand move in the right direction has been effected at Plum Creek, Dawson county, Neb., in the shape of a Farmers' Union Insurance Co. upon the cooperative plan. The question of high rates on farm property in Nebraska, the constant and enormous drain of \$2,000,000 annually from our state, have been the source of much annoyance and financial embarrassment. The remedy lies in our own hands. Let us give the matter careful thought and join the Farmers' Union. Keep the money at home that otherwise goes to enrich the stockholders of eastern companies and thus contribute to the growth and welfare of our own state. This Company is strictly devoted to the protection of farm and detached property. It is conducted on a liberal yet conservative plan and guarantees protection to its patrons upon a safer and much cheaper plan. The following are the officers:

- PRESIDENT, C. L. Ervin, Ex-County Treasurer, Real Estate and Stock Dealer. VICE PRESIDENT, Geo. B. Darr, Cashier Plum Creek Bank. GENERAL MANAGER, T. J. Brownfield, Ex-General Dist. Agent State Ins. Co. SECRETARY, W. L. Willard, late Editor Dawson County Herald. ASS'T. SECRETARY, C. C. Miller, Landlord Grand Central Hotel. TREASURER, Dr. F. J. Rosenberg, Physician and Stock Raiser. SOLICITOR, Hon. H. M. Sinclair, District Attorney.

REASONS WHY FARMERS SHOULD JOIN THE FARMER'S UNION.

- 1. Because it is a home organization, devoted exclusively to the protection of farm or detached property. 2. It is purely mutual and furnishes insurance at net cost. 3. It has a Board of Representative Examiners, consisting of one member from each county, who examine the books and accounts of the officers and publish reports of the same. 4. Mutual companies existed in England two hundred years before the Stock plan was thought of. The principal farm insurance in the east is conducted on this plan. 5. It is the only company of the kind organized under the Statutes of Nebraska. 6. The assessments are less, the policy more liberal and plan more secure than any company in the United States.
