QUEEN VICTORIA is about to return to Balmoral, instead of staying in the outskirts.—Boston Herald.

AFTER a man has had turkey in sight for a long time it is hard for him to eat crow.—New Orleans Peayune.

It is very mortifying for a young man to ask for a girl's hand and receive her father's foot.—Lowell Citizen.

If Governor Pattison licks the coal ring in Pennsylvania he can have his name recorded even above the champion base ball nine of 1886. This seems to be the tallest thing in sight.

If the New York Democracy could open polls at the coming election in the penitentiary, the county jail, and Canada they would accommodate quite a large constituency that has been prominent in city politics.

WITHOUT having any third party the city of Atlanta has made the best and most successful fight for prohibition on record. A recent appeal to the Supreme Court by the saloons has just been decided in favor of law and order.

The Chicago nine conferred more real happiness upon St. Louis on Tuesday than she has had since the Missouri troops captured Lexington in 1861. The natives are reported as all going upstairs and yelling out of the front windows.

THE Americans residing in Canada keep up their native modesty. The Toronto Mail says: "The other Sunday the minister at St. Thomas invited those who had never done a mean action in business to rise and exhibit themselves. One man stood up.

The supreme court of the United States has rendered a decision to the effect that a state cannot control interstate commerce. The opinion was rendered by Chief Justice Miller, Justice Bradley dissenting. The ruling of the supreme court of Illinois is thereby reversed.

The secretary of the interior has decided that marriage, after an entry upon government lands has been made by a woman, is not a bar to perfecting title thereon. This decision will be received with favor in this part of the country, where it will have no little bearing on this feature of the land question.

AFTER mature deliberation, Ella Wheeler Wilcox has come to the conclusion that "the east is a land of dead men's bones, laid tier on mouldering tier; and the damp malarial wind that means is the breath of those dead men near." Ella has probably strayed into a democratic convention somewhere.

The sudden change of programme of the President, and his notice that Mrs. Cleveland would not accompany him to Richmond, will cause some loud talk south of Mason and Dixon's line. The reason Mrs. C. did not go is reported to be the announcement that "the daughter of Jefferson Davis would assist in the Richmond reception." The President don't care to butt his own train off the track.

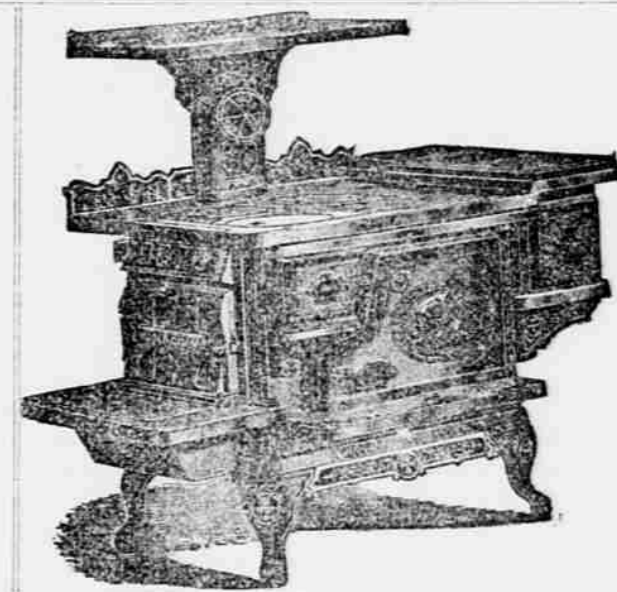

Watch for it! The first symptom of true croup is hoarseness, and if Chamberlain's Cough Remedy is freely given at once and the doses frequently repeated, the dread disease may be entirely prevented and all danger and anxiety avoided. Sold by Willey & Walker and M. A. Spalding.
