We call the attention of the young people to the program of entertainment prepared by the committee for the next meeting of the Young Peoples' Association, at F. L. McCracken's residence, Friday evening, November 12th. The program appears in this issue. The election in Willow Grove precinct was exceedingly quiet and orderly, the vote polled being notably light, probably 100 short of the full vote of precinct under ordinarily favorable circumstances. Scratching was largely engaged in throughout the day. The new land officials, Register Hart and Receiver Steinmetz, entered upon the pursuit and discharge of their respective duties in the McCook U. S. Land Office, Monday morning, November 1st. A portion of the old clerical force is at present retained, and the affairs and business of the office, arduous as they surely are, are progressing as usual. If feasible the company ought to devise some means of informing the traveling public of the fact that a certain time is devoted at this station to making up of trains. It is almost a daily occurrence to see men risking life and limb to board the cars during the shunting of trains, and it is really a source of wonderment that no one has so far been injured. The election of editors for the school paper to be read Nov. 12, 1886, was held Friday, Oct. 29th. The following pupils were elected to take charge of the paper: Editor, Theo. Laws; ass't editor, May Clark; local editor, Elva Hunt; general news editor, Edwin Wilcox. A cordial invitation is extended to the public to attend. There can be nothing commendable, or even satisfactory, in a larger man striking a smaller man, on the grounds of difference of opinion, or other provocation for all that, as occurred, Tuesday, in the election incident in which two of our young men were interested. Neither does \$1.00 and costs seem to fully meet the requirements of justice in such cases. Personal violence merits no protection or defence, at the hands of the law or the public. About the McFadden's Double Uncle Tom's Cabin, to appear at the Opera Hall, next Tuesday, Nov. 9th, the Omaha Daily Bee says: "The best Uncle Tom show that has appeared in Omaha for years, appeared at the Opera House, last evening. The company is McFadden's, and since its appearance here last year has been greatly strengthened and improved. Every feature of the performance was enjoyed last evening, especially the singing and dancing of the little Putnam twin sisters, the jolly coons and the Toppies." In a quarrel, Monday night, in Saylor's saloon, a young tonsorial artist, late in J. W. Smith's employ, was terribly beaten by a bottle in the hands of Saylor's bar-tender, A. H. Steadman. It is perhaps unnecessary for us to state that the barber was intoxicated. At all events, whatever the provocation, if any existed, the young barber was brutally injured, one of his optics being mashed, with prospects of losing the same, besides a deep gash in his head and other wounds, which he will have occasion to remember probably for the remainder of his natural days. Such occurrences are among the distinguishing and pleasant (?) features of the saloon and the rum traffic. It commands itself to every law-abiding citizen! Young Peoples' Association. The next meeting of the Young Peoples' Association will be held at the house of Mr. F. L. McCracken. The following certificate speaks for itself and shows the solidity as well as promptness and good faith on the part of the officers of the Farmers' Union Insurance Company, the new mutual organization recently established in Plum Creek, Neb.: PLUM CREEK, Neb., Oct. 30, 1886. This is to certify, that on the 11th day of October, 1886, I applied for insurance on my cattle and horses to the Farmers' Union Ins. Co. of Plum Creek, Neb., as a charter member, and on the 29th of the same month, my barn and four horses were destroyed by fire. On the following morning, the president, C. L. Ervin, and general manager, T. J. Brownfield, called on me and in a very gentlemanly and liberal manner, giving me my loss to my entire satisfaction, and also a guarantee for my money as soon as they shall receive their charter. This is a home organization, composed of honorable business men well known throughout the state. I believe it to be our duty as farmers, to give such an institution our encouragement and support. S. B. CARR. RESOLUTIONS. At a regular meeting of McCook Lodge No. 61, A. O. U. W., held October 18th, 1886, the following resolutions were adopted: WHEREAS, It has pleased Almighty God to remove from us our esteemed Brother, Alvin E. RESOLVED, That these resolutions be put on the lodge records, and that a copy be sent to the bereaved parents, and also be published in THE McCOOK TRIBUNE and Democrat, and in the "Nebraska Workman" and the "St. Louis Overseer." R. B. WAHLQUIST, ) Com. H. W. COLE, ) W. H. DAVIS. A Big Company Coming. The Original Boston Double Uncle Tom's Cabin Company to appear at the Opera Hall, next Tuesday evening, Nov. 9th, is a mammoth company, and the same that played at the Tabor Grand Opera House, Denver; Boyd's Opera House, Omaha, and the Gillis Opera House, Kansas City. "AS YOU LIKE IT." "The Hon. W. A. McKeligan may be styled, "A political such cat." Verily, Mac is a daisy. But he must be utterly heartless—to murder the "King's English" so persistently. It is to be regretted that, when the Almighty created men of grand physical proportions, he did not always endow them with a manly and just consideration for the physical weakness of their less favored brethren. In the light of the election returns we are moved to a reiteration of the Biblical proposition, "A prophet is not without honor, save in his own country." S. L. Green is a prophet. He ran 60 votes short in his own precinct, which, under ordinary circumstances, will give 100 republican majority. Reviewing Chairman Spain's course toward THE TRUMPET in the campaign just closed, we cannot but observe the quality of "superficial cuteness" which was its chief characteristic. The chairman is also a shrewd parliamentarian, and very genteel, very. Two new words have come into limited use. Firstly, "Bord plat," of French slang origin, which is synonymous with the American creation, "dude." Secondly, "Joodabaw," a word of southern political paternity. It represents the man who frequently spouts about politics, simply because he has an organ of speech. He was quite numerous, Tuesday. To make the liquor business as respectable as possible, was the avowed object of the recent liquor dealers' convention in Chicago, said its president. The purpose is a laudable one indeed, and no one will object to it. There is certainly plenty of room for effort along that line. But when that end is accomplished we confidently expect to hear Gabriel's horn. You might as well try to sweep back the billows of the Atlantic with a broom, as to attempt to make the rum traffic respectable! It is not within the range of human possibilities. As the world wags there seems to be an allotted day for each dog, or words to that effect. This dogma moves us to remark that just now the bema elements of this city are in the full enjoyment of that day, and that with remarkable discernment and judgment, they are improving the occasion. We doubt not they properly interpret the prophetic hand-writing on the wall, which tells them of retribution, of the slow, but sure, approach of the day, when the honest, law-abiding citizens of the city will arise to the pressing importance of the occasion, and take the reins of municipal government in firm hand. Then vale tin-horn, vale demimonde, vale black-legs in general! We herald the day. CITY SCHOOL REPORT. TO THE BOARD OF EDUCATION, McCOOK CITY SCHOOLS: GENTLEMEN:—I herewith present my monthly report of our schools for month ending October 29th, 1886: No. of boys enrolled.....125 No. of girls enrolled.....153 Total No. enrolled.....278 Number belonging.....282 Average attendance.....219 Cases of tardiness.....23 Time lost by tardiness..... 9 hrs. Visits of parents and patrons..... 13 That our savings bank is proving a signal success, is shown by the following tabular statement for the month of October: Date. No. Depositors. Am't Deposited. October 4. 31. \$ 4.38 " 11. 57. 8.62 " 18. 71. 12.32 " 25. 74. 15.40 Amount received Monday, November 1st, \$16.48. The average length of time required each week to receive deposits in the high school department, is about 8 minutes. In the other departments the time required is a little greater, there being but one teacher for the different grades below the high school. On Monday, October 25th, the new school building in the West Ward was opened, to which Mrs. Z. L. Smith was assigned as teacher. Main street was made the territorial line, pupils living east of Main street were assigned to the Tully building, and those west to the new building. As nearly all the preliminary grade scholars live in West McCook and in South McCook, west of the street referred to, they are attending school in the West Ward. Upon the same day, twenty-nine pupils were transferred from the main building to the two other buildings. The grading is now as follows: High school room consists of four grades, grammar and high school, taught by the principal and assistant. No. enrolled, 56. Fifth and sixth grades, taught by Miss Murphy—number enrolled, 66; third and fourth grades, taught by Miss McNamara—number enrolled, 43. WELLS, the brakeman who neglected to close the switch at Rio, the consequence of which was the terrible disaster on the Chicago, Milwaukee & St. Paul railroad, has been jailed. The feeling seems to be that the blame rests wholly on him, but as we remarked a few days ago, the apparent lack of vigilance and attention on the part of the freight conductor renders him measurably responsible, and it would not be in the line of strict justice to punish the subordinate and acquit the man in full charge. THE attempted assassination of Surveyor Beattie, of New York, was simply an act of revenge, and offers no suggestion, unless it be that all men who have the power to dismiss from their employment, are subject to the same danger. The would-be assassin is seventy-two years old, and it is conceivable that the effect on his mind of the dismissal was to create a feeling of hopelessness, leading to despair and a determination to be even with the man responsible for his removal. "PERNICIOUS activity" is the latest democratic disease which Doctor Cleveland proposes to treat. There will be very little pernicious activity for Mr. Cleveland in some quarters when the next presidential canvass begins to materialize. It wasn't a clean sweep, exactly, but enough that way to prevent the hungry hyena of democracy from being turned loose in the republican storehouse and "stuffing" itself to death. SAM JONES says Georgia is governed by decent men, who were democrats before they got religion.
