Stranger, if you on gazing down the lane, see coming toward you a non-whiskered, toothless individual, clad in brown overalls, number 13 shoes, etc., and who looks as though he were trying to rest his legs by carrying his hind quarters on his shoulders, don't run, don't get the gun; its use. The days will soon be here when the busy man will open his newspaper to find it full of such expressions as these: "Smithie flew out to Jones white Brown was neatly put out by Billings' miff of his fly. He stole second and went to third on a wild throw by Jones." And you can wage your undermost dollar that the busy man devours it all.

Perhaps a more uninteresting, uneventful election was never held in McCook. There being but one ticket in the field, the vote cast was small and the interest manifested mild. THE TRIBUNE feels assured, however, that the affairs of our city will be carefully and ably administered during the coming year, and advises all citizens to lend the incoming city officers their aid to that end.

"Pigs in the clover!" The craze has set in, and is fast developing. It promises to become as bad in time as the furrow over the fifteen-puzzle. It is creeping into all classes of society, and no household in safe from it. The innocent little tot that has captured the country is composed of three rings of card-board set on a wooden block. In the center of the rings is a little card board house. This is supposed to be the pig sty. The wicked piglets are four round marbles. One does not know how perverse marbles can be until they have spent a couple of hours fooling with the puzzle.

FOR RENT. A 4-room house north of Catholic church. Inquire of W. H. DAVIS.

A GLITTERING SUCCESS

Fifty-Six of McCook's Fair Ones Advertise the Enterprising Business Men of our City.

A Unique and Attractive Entertainment Which Delighted a Large Audience.

The "Merchants' Carnival" held in the Menard, last evening, was an altogether glittering success—a most bewildering and delightful affair throughout. At an early hour the opera hall was packed with our people, all expectancy, to witness the drill of the ladies who had been under the efficient teaching of Mr. J. H. Yarger for a number of evenings, to good purpose, as the graceful maneuverings of both platoons evinced. Shortly after the appointed hour, the curtain rose and the first platoon commenced its drill, with the second platoon drawn up in line in the background. Considering the crowded space in which the ladies drilled, and that they were hampered with paraphernalia, garments, banners, etc., they executed the drill remarkably well and elicited many words of praise from the large and delighted audience. Space forbids us entering into detail as to costume. Suffice it to say, that they were appropriate,—all, and in many cases, elaborate and elegant, with a sprinkling of the unique and "cathily" all bearing, banners of variety of form and sentiment and design, setting forth the name of firm and business represented.

Mrs. J. C. Allen, in elaborate array, marched for Messrs. J. C. Allen & Co., the general merchants.

Miss Laura Harris, in appropriate raiment and paraphernalia, wore the "Great Burlington Route's" jaunty cap.

Miss Lindner, with whip and spur, jockey cap and emblematized horse shoe, represented Lindner & Erman, horsemen.

Mrs. Calvin Ziegler carried aloft, in pretty miniature, the Burlington's million dollars, to be erected in McCook, in the spring, tra-la.

Miss Mattie Russell had the sweet task of carrying Swartz, the Candy Man's, basket of sweet meats.

Miss Anna McNamara, in jaunty sailor suit, was in the swim for Messrs. Ryan & Noren, land, loan and insurance, and bearing in the west, for the West, Benjamin Moore.

Mrs. F. H. Fowler, in the habiliments of deep mourning, and bending under the burden of an immense banner, having on one side: "Spring, Oh, Where are the Machine Shops?" on the reverse side, "\$80,000 for Machine Tools," she "brightened down the house."

Miss Dora Hunt was the Democratic's pet proxy. Her dress was tastefully draped with specimens of that great religious paper's handwork. The publisher's picture constituted her breast-plate of righteousness.

Mrs. W. C. LaTourette, shining in brass, copper, tin ware, cutlery, etc., and bearing in a copper teapot-tipped wand, was recognized as the "Pioneer Hardware's" representative.

Mrs. F. H. Fowler, in the habiliments of deep mourning, and bending under the burden of an immense banner, having on one side: "Spring, Oh, Where are the Machine Shops?" on the reverse side, "\$80,000 for Machine Tools," she "brightened down the house."

Misses Mary Myers and Edna Meeserve wore costumes revealing the old ratched days when the crowing cockle-bird and waned bad.

Miss O'Brien made a charming exhibit of wares for McCook Book & Stationery Co. The Women's Relief Corps was entertained with proper decorum by Mrs. Burrows.

Miss Mary Newman appeared for Clark & Ziegler's dairy.

Miss L. Ella Hart was C. M. Noble's clever substitute.

The entertainment will be repeated, by request, this evening, in connection with a literary programme.

The Frenchman Valley Line.

W. T. Brickey, editor of the Palisade Times, representing the citizens of northern Hitchecock county, appeared before the attorney general, Wednesday to see what could be done to compel the incorporators of the Republican Valley & Wyoming railway company to complete the graded road connecting Culbertson and Holyoke, Colo. Mr. Brickey represents that the citizens of Palisade and northern Hitchecock county generally have reason to believe that the grade of this road was made to keep out competition. Just previous to the survey and commencement of the grade the Rock Island was breaking for this territory, and has since given assurances that it would tap this portion of the state if right of way could be obtained. The citizens of the Palisade in the early stages of its development. The conclusive reason is given that the country will not sustain two roads, or even one, for some years to come. It is stated that the Rock Island will make the hazzard and will build, equip and operate a road from Norton, Kan., to Denver or Cheyenne, providing the grade of the Wyoming is forfeited or exclusive right of way given until the country will be kept incomplete and inoperative until the country will sustain a road to the liking of the incorporators of the graded road. This, the citizen Brickey was sent here to represent, hold to be unjust, and they propose to test the legality of a paper railroad if nothing else will do. The attorney general said that the rights of the people in that portion of the state will wholly guide his actions in the matter. "If the incorporators refuse to lay the track and operate the road within a reasonable time," he said, "I shall commence an action in quo warranto before the supreme court to dissolve the corporation. The law, as I understand it, gives pure paper railroads no rights and they are certainly entitled to none. I have written Mr. Holdrege and set the representations of the citizens of Palisade clearly before him, and will give him sufficient time to answer before I take action in the matter, but it has been agitated for some time, and decisive action can not be put off much longer."

The City Election.

The day was devoid of special interest and quiet. The vote polled was exceedingly small, not 50 per cent of the entire voting strength of the city. Although there were some rumors to the contrary, but one ticket occupied the field. And, outside of a few "cods" played, and which were perhaps very harmless, nothing transpired in either ward to relieve the oppressive tedium. The following is the vote:

For Mayor, S. L. Green,—1st Ward 141; 2d Ward 123.

For City Clerk, John E. Kelley,—1st Ward 145; 2d Ward 124.

For City Treasurer, Edward C. Ballew,—1st Ward 144; 2d Ward 124.

For City Engineer, Charles H. Meeker,—1st Ward 144; 2d Ward 124.

For Councilman 1st ward, John C. Allen,—1st Ward 117.

For Councilman 2d Ward, C. E. Boyd, 145.

For Councilman 2d Ward, F. L. Brown, 135.

For Members Board of Education, G. R. Oyster,—1st Ward 141; 2d Ward 141; Frank H. Fowler,—1st Ward 92; 2d Ward 92; Alex Campbell,—1st Ward 62; 2d Ward 62.

BEAUTY IN PAINTS.

Last Sunday evening, a pair of young men arrived in Benkelman from the east and registered at the Commercial hotel as "Charley Yountz and Brother." They immediately retired, both occupying the same room, leaving a call for one of the night trains. At the appointed time Landlord Scott called the "brothers," one of whom had been transformed from the night from a vulgar man to a very pretty little woman. The parties are supposed to be a prominent young business man of McCook, and his partner the daughter of a leading resident of the boom city, out on a lark.—Benkelman Democrat.

Subscribers Pay Up.

It is not the habit of the publisher to do persistent dunning, but there is a side in the affairs of men which takes it in the flood leads on to glory; so there is a time in the life of the publisher when a little cash seems to be necessary, in addition to glory. An urgent invitation is extended our delinquent subscribers to call at once and settle up. In other words we must have some money.
