LINCOLN, NEB., June 17.—As the campaign grows hotter and hotter, the stampeding rumsellers grow madder and madder. The drunkard makers have already assaulted several Amendment workers. A dastardly assault was made on the person of Editor Thomas of the Elwood Record several weeks ago. The assault on Rev. John Power in Dodge county soon followed. Rev. L. G. Jordan, the eloquent colored orator from Texas, was viciously assaulted by Mike Baruer, a saloonkeeping brute at Nebraska City, last week. The iron nerve of Jordan probably saved his life. One of the most inhuman assaults yet brought to notice was that of a defeated saloonkeeper at Ashland who recently way-laid and pounced upon Rev. C. A. Huyck, a retired minister who had been influential in defeating the granting of a license to the lawless scoundrel who made the brutal attack. The saloon outlaws at Roca a few weeks since, hurled an empty beer keg through the church windows into an audience where the W. C. T. U. were holding a Demorest Medal Contest, slightly injuring several persons by flying glass and frightening many of the ladies. Arrests were made and the assailants were fined. The non-partisan tent of A. C. Rankin was cut by saloon outlaws at Crete, and the night watchman was shot at and several shots were fired through the canvass. No arrests were made so far as reported. As Hon. Henry L. Chaffee, the business man of Des Moines, sent out by the Iowa State Temperance Alliance, was on his way from a meeting he had addressed on the business phase of Prohibition in West Point one night last week, he was ambushed and assaulted with eggs by the infuriated representatives of "personal liberty." An attempt was made at Brownville to induce Rev. Jordan to come out of the house where he was lodging, to meet a midnight mob of saloon toughs.

Kearney business men have rolled up a magnificent protest against Ed. Roggen's "Bankers and Business Men's Whiskey Trust." One hundred and forty-three business men of that city, including seven bankers and two of the wealthiest firms in Kearney, signed the following protest and declaration of principles:

CONSTITUTIONAL PROHIBITION.
 WHEREAS, The defenders and apologists of the licensed liquor traffic in Nebraska and the nation, have organized a so-called "Business Men and Bankers' Association" to serve the interests of the brewers, distillers and saloon keepers in a desperate effort to defeat constitutional Prohibition in this state; and

WHEREAS, The various branches of legitimate business are associated in the declarations of this society with the opposition to constitutional Prohibition,

THEREFORE, We, the undersigned business men and bankers of the state of Nebraska, do hereby protest against the unwarranted assertion of the friends of the licensed liquor traffic that "Prohibition is inimical to the material welfare of the state," and assert as our deliberate judgment and belief:

1. That constitutional Prohibition in outlawing and abolishing the saloon will greatly stimulate and benefit all lines of legitimate business.

2. That the vast amount of money, amounting to many millions of dollars annually, now being squandered for drink in the saloons of Nebraska, will, by the adoption of the pending Prohibitory amendment be turned into the proper channels of trade, resulting in untold benefit to the business men and bankers, as well as to the toiling thousands upon whom the financial prosperity of this country depends.

We therefore advise all who would conserve the material, educational and moral welfare of Nebraska, and who would invite to our state the most desirable class of immigrants, to work and vote for constitutional Prohibition, November 4, 1890.

Blanks similar to the above have been put into circulation in many towns and cities throughout the state. As soon as the blanks are filled they should be mailed to the Secretary or Chairman of the society from which they were sent out. This important matter should not be overlooked.

The Non-partisan Prohibitory Amendment League has opened headquarters in rooms 30 and 31, Montgomery block, where all friends of Prohibition will be welcomed. Blanks for organizing local or county leagues will be promptly furnished by the secretary, C. A. Robbins.

All reputable newspapers in the State of Nebraska are requested to expose the deceptive fraud known as the "State Bankers and Business Men's Association." It is an organization formed under that decent name to do the dirty work of the saloons. Write for blank protests against it, to C. E. Bentley, 128 Burr Block, Lincoln.

THE RULING of the secretary of the interior with regard to the taking up of government lands will strike the people of the west very unfavorably. People who have filed upon lands since August, 1888, must be protected in their rights. If the secretary is right, technically, some relief must be provided for the people who have in good faith taken up lands by the pre-emption and the homestead acts.

Boss Boiler Maker Felix Kennedy has been completely prostrated, for several days, with neuralgia caused by toothache.

Way cars 11 and 81 have been sent to Holyoke for Asst. Supt. Highland's use. Way car 77 is next to receive boiler.

Joe Shank, for a long time boiler washer at the round house, quit, Monday. He is now intending to strike out for Alliance.

Dispatcher Bob Simmonds has moved into his new home, corner Main and Denver streets, and will soon be settled down to housekeeping.

Dr. Chas. H. Williams, Asst. Supt. of the Relief Dept., was over the western division, the present week. He reports the membership increasing fast.

Wm. Wilson of McCook, engineer, has been changed from the west end of the B. & M. to the run between Red Cloud and McCook.—Red Cloud Chief.

Last Friday night, train No. 5 crashed into an empty box car standing on the main track, about 3/4 mile east of Max station, while running at a speed of 45 miles per hour. Damage to the engine about \$150 and to the car \$200. It was a most fortunate occurrence that none were injured and so little damage done.

Harry Tyler now has a splendid engine, one of the best on the road. It is No. 50. He always "gets there." On Wednesday he left Orleans 60 minutes late and came home 10 minutes late. When only 20 minutes is taken at St. Francis, and the running time including stops is 20 miles an hour it will be observed the time was made much more rapidly.—Orleans Press.

Nebraska Corn in Scotland.

TO THE NEBRASKA FARMER: When calling the attention of friends in Edinburgh, Scotland, particularly to the Nebraska exhibit of corn at the exposition there they send me a copy of the Scottish Leader of May 12th from which I clip the following: "The steamer Indiana, which has newly arrived at Glasgow, has brought seventeen large boxes of Indian corn on the ear or cob, for which the 1st prize was awarded at the late winter corn exhibition at Lincoln. This consignment has been handed over by the state of Nebraska to Col. Murphy for his corn exhibit in the grounds of the Edinburgh exhibition, which is intended to show the value of Indian corn as a human food. The corn will be utilized in the way of decoration, for which Messrs. Cranston and Elliot are to furnish designs and no doubt it will have the effect of greatly enhancing the beauty of the pavilion."
 JOHN BETHUNE.

Red Willow County's exhibit, which took second premium, was in boxes 2 and 3 of the above consignment. In shipment, each ear of corn was carefully wrapped in tissue paper. The exhibit will speak volumes for Nebraska.

"Prohibition and The Law."

Monday evening, June 30th, Hon. J. B. Cessna, of Hastings, will speak in the Opera House on "Prohibition and The Law."
