ANDREW CARSON,  
P. O. Box 311, McCook, Neb.  
REVERSED—In the case of Joseph C. Everts versus Martin Lester, on appeal by the latter from the decision of the general land office holding for cancellation his homestead entry for a tract in the McCook, Neb., land district, the assistant secretary, Saturday, ruled that the contest should be dismissed and the entry allowed to remain intact awaiting final proof. The decision of the general land office is therefore reversed.  
The date given prairie chickens in which to be shot is from August 15th to November 1st. Hunters should bear this in mind. There is no law on snipes. Apropos to this season the only proper way to keep a gun barrel in good order is to wash it out with boiling hot water, dry with linen swabs and oil with vaseline or cylinder oil, every time that it is used. It should never be laid aside unattended to for a day or two after firing.  
All smokers are interested in securing a good, pure article of the weed when they are looking for a cigar. Purity and excellence are important and count with all who are judges of quality in tobacco. Reizenstein makes his own cigars right here in McCook. He selects none but the best tobaccos and his manufactured product cannot be equalled in the city. He carries a large stock of cigars and tobacco, besides a well selected line of smokers' articles.  
We allow no one to undersell us on flour.

Last Saturday morning's storm blew down the company's wind mill at Indianola with damaging results.  
The new commissioner and treasurer laws simplify politics materially. The good work should not be retarded.  
Tuesday, George Sheppard moved his headquarters down onto Dennison street, rear of the Citizens Bank building.  
The first of the harvest excursions will start from the east August 25th. What is McCook going to do about it?  
Episcopal services in Meeker Hall, Sunday, August 2d, morning and evening, by Rev. Durant, at the usual hours.  
The drummers are coming. Twenty-two Knights of the Grip were Commercial House guests on Sunday last. It looks like old times.  
CHILDREN'S CONCERT—At the Lutheran church, next Sunday, at 8 o'clock, P. M., by the Sunday school scholars. Admittance free. All are cordially invited.  
The citizen who failed to hear the concert, Saturday evening, was either lame or lacked a conveyance. Everybody else was there and enjoyed the music.  
This week, Joe McBrayer completed the job of moving the west ward school building down to South McCook. It has been located near C. A. Scott's dwelling.  
The W. R. C. social announced for Tuesday evening was abandoned—for reasons the ladies can explain with proper emphasis to those seeking the information.  
Very few properties in the city escaped the damaging force of the wind and rain storm of last Saturday morning, as the broken and destroyed trees on all hands attest.  
This week, Potter & Easterday put in a 4-ton Fairbanks scales in preparation for the expected rush of wheat. E. H. Doan has also put in a similar make and capacity.  
In a few days J. A. Cordeal will send another display of our agricultural products east. Any samples left at THE TRIBUNE at once will be cared for and forwarded with the collection.  
Buffalo Jones' entire herd of buffalo are again located on school section 16, about one mile north and east of the city. The calves were brought up from Indianola, the close of week past.  
Not many Nebraska cities can exhibit as many handsome turnouts as may be seen on the thoroughfares of McCook on a pleasant evening. The "Magic City" is every inch a thoroughbred.  
The Commercial House deal, which we were credibly informed last week had matured, has fallen through for the present at least, on account of misunderstandings between both parties at interest.  
Rev. P. S. Mather administered the rite of Christian baptism by immersion, last Sunday afternoon, at 3:30, P. M., in the Republican river near the city. A large number of people were present. The persons baptized were Mr. Allen E. Rogers and Miss Mary L. Rogers.  
The Frees & Hocknell Lumber Co. will retire from the lumber and coal trade in McCook, August 1st, having disposed of their stock here to W. C. Bullard & Co. and The Huddleston Lumber Co. They still hold their yard at Indianola, and it is the only yard now owned by them.  
Quarterly meeting services at the M. E. church, next Sabbath. In the morning, holy communion and baptism will be administered. In the evening, services will be conducted by Rev. C. A. Mastin, presiding elder of the district. All are very cordially invited to these interesting services.  
The arrest of an intoxicated vag, Saturday evening by Policeman McCotter, caused a flutter of excitement and a little indignation. The fellow resisting was maced into submission and then incarcerated until he had unloaded his jag, when he was released and invited to make himself scarce in this neck of the moral vineyard.  
The railroads have reconsidered the matter and have decided to run the usual "Harvest Excursions," this season; and the people of McCook should begin to "hump themselves" in order that we may induce a goodly portion of excursionists who come this far west to come here and look us over while everything is appearing so fat and frisky. The first excursion is announced for August 25th. If we care to do anything, let us be up and at it with a will.

**GRAND SONG SERVICE.**  
The Congregational church announces a special song service for Sunday evening, August 2d, 8:30 o'clock. A chorus of 12 voices will sing some choice selections. A children's choir of 35 voices will render some pieces from Mr. Sankey's new book. Mr. Stevenson has secured the help of three ladies from the well-known Philharmonic Society of Chicago, who were passing through from Denver to Chicago. He has induced them to stay in McCook over Sunday and help in the morning and evening services. They will render solos, duets and trios. Extra seats will be provided. Those requiring seats will do well to come early as a number of friends are coming from Indianola to hear the singing. The following program has been prepared:

**ARE WE WILLING AND ABLE?**  
The meeting announced for this evening, in the city hall, to consider the advisability of holding a reunion, in McCook, this fall, should call out a full attendance of veterans and citizens. It is a large and important question and deserves the fullest discussion. The proper management and conduct of a reunion such as McCook has held, means the free use of money and zealous laborers. The question is do we want to do it? Can we raise the means, and are there enough willing and capable hands ready to lay hold of the undertaking and carry it on to success. Don't fail, fellow-citizens, to be on hand tonight and give the meeting the advantage of your views. It is time to determine what action we shall take. The season is propitious for an advertisement of McCook and Red Willow county such as a successful reunion will give. Are we willing and able to put up the attraction.  
The sports had a time galore at the race track, Saturday last, when a running race took place between the respective flyers of Mr. Marsh and Mr. Maddux. It appears to have been one of those cases when a supposed cinch failed to materialize into a sure thing, and contrary to expectations Mr. Maddux was in it most vociferously, and the other fellows dropped their skulls in tearful surprise. We understand that a few races are booked for tomorrow again. But the boys will be leery of the cinch that cincheth not.  
Monday morning, Barrister Cole laid aside the dusty books of legal lore and boldly invaded the culinary department, during the absence of the family in Illinois. His larder was shortly enriched with 20 quarts of apricots of his own raising, which Hugh asseverates he "put up" in the highest style of the art; besides defeating the ever active and pernicious fruit thief.  
They had quite an exciting little episode in L. W. McConnell & Co.'s drug store, last Sunday evening; all over the explosion of a quantity of red fire which had been prepared for use on the fourth. There was no material damage.  
Candidates are unusually shy and backward about announcing themselves publicly. Perhaps they have forgotten that it only requires a five dollar William to have the job performed artistically and thoroughly by THE TRIBUNE.  
The well known land case of Hoffman against Hatcher has been decided, this week, by the land department, in favor of Hatcher, thus settling a contest of much bitterness and involving a neighborhood.  
The ladies of the W. R. C. will hold a social in Morlan's building, tomorrow evening. There will be ice cream and cake, and the price for both will be the nominal sum of ten cents.  
Of the \$15,000 appropriation made by the last legislature to pay bounties on wild beasts only \$486 now remain. \$14,514 have already been drawn in exchange for wolf scalps.  
The McCook Degree of Honor will meet Thursday, August 6th, 1891, at 8:30 o'clock, in the A. O. U. W. lodge room. All members are requested to be present.

If the sleeping-room is warm, it may be cooled for a time by wringing large pieces of cotton out of water and hanging them before the open windows. Leave the door open, and as the air comes through the wet cotton it will be cooled. This is a good device for cooling a sick-room; the cloths can then be wet again and again.  
Bellamy, of "Looking Backward" fame, has an idea about temperance. He would abolish all saloons and bar rooms and provide that alcoholic liquors shall be distributed at cost by salaried state agents. He thinks this is the best method to be adopted until national prohibition can be enacted and enforced.  
A great sorrow came into the home of Mr. and Mrs. S. E. Hagar, this morning, in the death of their little boy of about one year old, after a very brief illness. The parents have the consolation and sympathy of all in their bereavement. The funeral will take place on Sunday afternoon.  
The survey of the North Side ditch has already crossed the Red Willow creek and is being continued. Irrigation will assume large proportions in Red Willow county by another season.  
Fifty miles of the U. H. Meeker ditch have already been surveyed and the good work continues. Mr. Meeker informs us that he has now five different engineering parties in the field.  
Rain is retarding the harvest, but the crop will be saved in most instances with slight loss. And how the corn is a-coming!
