The school census just completed show the total number of school children of school age, two hundred forty-three, of which one hundred twenty-eight are female and one hundred fifteen are males.

From a letter just received from Senator Paddock we note that there has been over 300,000 pensions granted to soldiers, widows, dependent parents and minor children in the last year, which is more than double the number issued any year under Commissioner Black, and yet some of our Independent papers try to make the old soldiers think that they have been badly abused by the Republican party, and that they love the old boys dearly. This is all bosh. Stand by the old party that has stood by you. 30,000 pensions a month is a good record.

Supt. of schools Prof. J. H. Bayston has kindly furnished some figures connected with his work, and makes a partial comparison of the state funds now to be apportioned and the amount so divided January last. Total amount January, \$2,525.20, total amount July, 1892, \$2,944.51; January amount apportioned to each district, \$8.41; July, \$9.74. Each pupil received in addition to last amount in January sixty-two cents, in July, seventy-two cents. Number of children of school age in county is 3,041. The total amount to divide at this time, \$16.45 is from fines, the balance from the state.

The school election passed off with considerable interest. The large double room was full of voters and spectators. L. J. Holland was re-elected to fill the short term, and Mrs. Beardslee and Mrs. Barton for long term. A levy of twenty-five mills was made for all purposes, divided as follows: Teachers' fund fifteen mills; supplies and salaries five mills; building four mills and furniture one mill. Our new school board consists of Mrs. I. M. Beardslee, Mrs. A. M. Barton, J. W. Dolan, L. J. Holland, F. W. Eskey and W. R. Starr. We have a good school board and expect our to beschools second to none in the state of same grade.

W. W. Cox, supt. agricultural exhibit, of Seward, Nebraska, came in town on Thursday, and called a meeting at the opera house at two o'clock for the purpose of organizing an auxiliary of our county to the World's fair. C. W. Beck was chosen chairman and J. T. Webber, secretary. After explaining the

object of the organization by Supt. Cox the following were elected as officers: C. W. Beck, president; S. H. Colvin, secretary; J. T. Webber, vice president; Indianola precinct, Thos. Sargent and L. L. Miller; Willow Grove, C. J. Ryan, C. H. Boyle and August Droll. Other vice presidents will be chosen at next meeting.

We understand Fred Carter was elected director at the recent school election. The "circus" was not very largely attended.

Posters are up in this vicinity announcing a Fourth of July celebration at Box Elder and everybody is going to be there.

The Scofield "hop" on Wednesday evening, was attended by the usual number of hoppers who claim it was nothing short of a picnic, and speaking of picnic reminds us of a time long ago when the writer was to have attended a picnic of a very pretentious sort, but during an evil moment we did not say thank you to a dear old lady acquaintance, who unfortunately was visiting at our house, and for this breach of etiquette we were told to stay at home. It would be difficult matter to describe our feelings just then, at any rate we were determined to go. We remember right well that the day of the picnic dawned fair and bright and old and young who had long looked forward to the event were making all sorts of preparations, the dear little girls had not even tried on their pink dresses for fear of the temptation of keeping them on so long as to soil them, while the boys with their white waists and linen pants, so much in vogue at that time, were a whole picnic within themselves. It so happened of course that we possessed one of the above named articles, just one, and it was owing to that fact we had cause for so much grief, so much indeed that we could scarcely contain ourself when on going up to get ready on the sly we found that the right sleeve of our white waist had been completely severed from the rest of the garment and nowhere to be found. We must confess we wept bitterly at this state of affairs and to behold the remainder of garment all starched and ironed perfectly, and yet, on after consideration we thought it would not be so bad if one sleeve was gone, we would put it on and go any way, there would be so many people there and the day so very warm, we would not be noticed, and put it on we did just as it was, and it is only fair to presume that we sallied forth as though we had all the sleeves one could desire; but on nearing the grounds where the picnic was in full progress our distress became more apparent and those who chanced to look that way might have seen a forlorn looking chap who was continually putting not only his hand but his whole arm so deep in his trousers that it must have appeared painful; however, we continued after an hour or so to enjoy, ourself immensely, and being being naturally reticent we have never mentioned it before.

BANKSVILLE BUDGET.

A. D. Lincoln has returned east again to his work.

Monday was the annual school election day, and demanded quite general interest throughout the county.

The east part of Grant precinct have to go to Gerver now-a-day to serve the Lord, or in other words to go to church.

Today, Monday, was a hot one and don't you forget it. The fine weather we are having is booming the crops and the way the farmers are fighting the weeds with such energy they must get good corn this year.

One of the great questions now before the people is which is the ruler, the nation or one of its parts. One says the nation is boss, another that the state is boss; as the Irishman said that was the reason why he and his wife could not agree. One wanted to be boss and the other wanted to be boss.

GENUINE BARGAINS!

Has the actual difference in the way CLOTHING is put up ever occurred to you? If it has not, a visit to the various places where clothing is sold will convince you that there is a vast difference between "slop-shop hand-me-downs" and clothing (not things) made of good material and nicely put together. Here is where we have always made a strong point and the fact that we are selling Men's and Boys' Suits and Pants, trimmed, lined and sewed equal to any tailor made suits, at prices as low, and often lower, than the "slop shop" stuff explains in itself why we are doing so large a clothing business. We have put forth an extra effort this spring, and you will find our tables loaded down with the prettiest line of MEN'S, BOYS' AND CHILDREN'S SUITS to be found on this market, and if you are looking for good, honest goods at the lowest prices, we ask you to carefully inspect this department. And in Hats, Shirts, Suspenders, Overalls, Jeans, Pants, Socks, Ties, Night Shirts, etc., we have just what you want and at a price that will meet your views.
