Driftwood Precinct Caucus.

The Republican electors of Driftwood precinct are requested to hold a caucus in the Frederick school house, Monday evening, September 12th, 1892, at seven o'clock, for the purpose of electing three delegates to the Republican county convention to be held in Indianola, Wednesday, September 14th, 1892; and to transact such other business as may come before the caucus.
E. F. DUFFEY, Committeeman.

THE TRIBUNE endeavors to give all the important local news—the marriages, deaths, personals, church and society items, but it does not and will not permit its columns to be used as a sewer for the social filth of the city to flow out into the homes of the people. There is and can be no more serious social influence than that of a newspaper gathering up and scattering abroad the filth and drive of a city. The newspaper man who has no regard for the welfare of the readers of his paper ought to quit the business. We know there is a certain temporary demand for the newspaper of a semi-filthy character, but will not pander to that kind of taste.

The slang for having a photograph taken is "getting a map of your face."

NORTH DIVIDE NUBBINS.

We would like to have the party who borrowed our spade, a few evenings since, return the same, as the only one left has a broken handle and is badly splintered. By and by when the Katy dids come again we want to fence in a few rows of corn and that borrowed spade would come in mighty handy.
Messrs. Henderson and Modrell are cutting a wide swath in their broom corn fields, having been actively engaged for the past week or more. The quality for the most part is rather green and light, but it was thought best to begin thus early in order to save the entire crop which promises to be immense.

GENUINE BARGAINS!

Has the actual difference in the way CLOTHING is put up ever occurred to you? If it has not, a visit to the various places where clothing is sold will convince you that there is a vast difference between "slop-shop hand-me-downs" and clothing (not things) made of good material and nicely put together. Here is where we have always made a strong point and the fact that we are selling Men's and Boys' Suits and Pants, trimmed, lined and sewed equal to any tailor made suits, at prices as low, and often lower, than the "slop shop" stuff explains in itself why we are doing so large a clothing business. We have put forth an extra effort this spring, and you will find our tables loaded down with the prettiest line of MEN'S, BOYS' AND CHILDREN'S SUITS to be found on this market, and if you are looking for good, honest goods at the lowest prices, we ask you to carefully inspect this department. And in Hats, Shirts, Suspenders, Overalls, Jeans, Pants, Socks, Ties, Night Shirts, etc., we have just what you want and at a price that will meet your views.
