OUTING SHOES.

It long ago seemed as though shoes could never be better and never be cheaper, but they are better now and cheaper now than they ever were before. The great every day favorite is our men's and ladies' shoe. It is as much a boon to the pocketbook as it is to the feet. It won't wear you out to wear it out. You don't need to take care of it; it takes care of itself. It will give you solid comfort for the simple reason that a better shoe for knockabout purposes has never been produced. If prices never appealed to you before, the price of this shoe will, for it costs only \$2.50. It will look nicer and wear longer than any shoe on earth.

The progressive merchant of today owes his success to advertising; without it one might as well take down his sign and invite the sheriff to walk in and close up his business. The wisest business men and the most successful ones are those who keep their names prominently before the public when trade is good as well as when it is dull. Constant and continuous advertising, got up in attractive style, is like the constant dripping of water upon the flinty rock; slowly but surely an impression is made.

It is contemplated, in a concerted fashion, after the first of the year, to make a vigorous assault on the strongholds of Satan in our city; and the prayers and efforts of all Christian people, likewise of all good citizens, should be blended in making the storming effective for good, the meetings fruitful in soul winning.

This is no day and age of the world for chestnuts and back members. The watchword of the people of the nineteenth century is advance. The stage coach, the horse car and the pony express have given way to electricity and steam and to keep up with the procession the people as individuals and as communities must, to use a modern phrase, hustle, keep hustling, and continue to hustle, and at the close of this year of our Lord 1892, the people of McCook, Red Willow county, Nebraska, should be found in line at the head of the column ready and eager to do battle in the great struggle for supremacy, that will command for them and the city they represent attention and a reward commensurate with industry displayed by them in pushing McCook to the front. Pull off your coats and stand up and be counted for McCook.

DAVID ROBINNIER.

Cards are out announcing the wedding of Mr. William P. Grimes and Miss Hattie A. Critser, at residence of the bride's parents on the evening of December 20, and THE TRIBUNE extends congratulations herewith in advance.

It would now seem as though the Culbertson Sun had been entirely and permanently eclipsed. The luminary aforesaid has been a great boon in our days to the gentle housewife for use on pantry shelves, etc., but its usefulness in that lowly sphere has now ceased, for all of which there is much to be devoutly thankful.

The Democrat alway condole the distressed, hence we offer condolence to both Col. Jim Lindsay and Col. Dave Bomgardner, the register and receiver of the McCook land offices. When these gentlemen let go the land office teat, there'll be a cavity below their nose compared with which a deep dark dungeon isn't a circumstance.—Adams County Democrat.

The old cure for the drink habit, which consists of chewing raisins every time a drink is desired, has been tried in a number of cases with great success and is now being freely recommended in various quarters. Another remedy, which is indorsed quite often by the medical fraternity consists of eating apples in great quantities, both during meals and whenever thirst is felt.

THE TRIBUNE chronicles with pain the death of Mrs. Oscar D. Keith, which occurred on Monday afternoon from pleurisy. The deceased was the wife of brakeman Keith, and he has the sympathy of the community in the loss of his beloved wife. Services were held in the Catholic church by Father Hickey at 10 o'clock, Wednesday morning, the interment following immediately thereafter in St. Patrick's cemetery, being attended by many sympathizing friends; also by the father and other relatives of the departed from abroad.

The Educational Rally

In the Methodist church, Wednesday evening, addressed by Chancellor Creighton of the Wesleyan university at Lincoln, was fairly well attended considering the other attractions of the evening, and the interest manifested was quite encouraging. The Doctor delivered a ringing address on the subject of education and morals, joining them in holy bonds, and proving them to be very and potent hand-maids of religion.

All this in a general way and leading up to the special matter of the evening, namely, the Wesleyan seminary proposition and enterprise. The Chancellor gave as full an exposition of what the proposed seminary will be, will do, and what is required to secure it, as his limited time would allow. At the conclusion of the meeting a committee of five was selected to push this matter and to formulate a proposition or bid. The gentlemen composing the committee are Dr. S. L. Green, Judge J. E. Cochran, J. A. Wilcox, Dr. A. P. Welles and F. M. Kimmell, who together with V. Franklin and a few other interested citizens had a brief consultation with the Chancellor.

This committee is now at work to ascertain just what can be done and THE TRIBUNE hopes in a brief while to be able to announce a satisfactory completion of their labors, and the maturing of a plan which will bring the seminary into our midst without fail.

Self Destruction.

Tuesday morning of this week John Fisher, a Russian farmer living on School creek in Missouri Ridge precinct, this county, committed suicide by hanging. It is stated that he went out in the morning to do the chores, and failing to return in due season, his wife commenced a search for him, which resulted in finding the still warm body of her husband hanging by a rope in the granary. The cause of the suicide seems to be unknown, although financial distress is given by some.

The deceased leaves a wife and five young children, he being only 30 years of age at his death.

Rev. Deletzke, the German Lutheran minister of our city, was called upon to conduct the funeral, which occurred on Wednesday afternoon.

Jake Would be Register.

Hon. Jacob Wiggins was in town, Saturday, circulating a petition asking for his appointment as Register of the McCook land office. It will doubtless be many months before a change is made, but when it does come the Republican would be pleased to see a Hayes county man capture the prize.—Hayes Centre Republican.

School Entertainment and Fair.

On Thursday and Friday evenings of next week, the children of our public schools give their annual Christmas entertainment at the east ward building for the purpose of improving their library and their musical and lantern departments. There will be a curious and interesting display of articles manufactured by the pupils, and a varied entertainment provided for each evening.

An excellent supper will be served and no person need stay away for fear of the expense.

Among the features of the entertainment, in the assembly room will be an elaborate display of lantern slides, procured especially for this occasion.

During the two evenings the following exercises will be given:

In addition to the above there will be a series of brilliantly illuminated tableaux and a game of checkers with living checkermen played by prominent experts, and a tamborine drill with new music and groupings. Every effort will be put forth by pupils and teachers to render the affair a social and artistic success. During each evening a supper will be served, and it is hoped that the citizens will improve the opportunity to confer a favor upon the school children, at the same time pass an agreeable evening.

We hear it rumored that W. T. Lindsay & Son have purchased the outfit and will revive the True Democrat.

Mr. and Mrs. C. H. Jacobs have the sympathy of this entire community in the death of their daughter yesterday morning.
