Republican Congressional Convention, 5th District of Nebraska.

The Republican electors of the Fifth congressional district of Nebraska are requested to send delegates from their several counties to meet in convention in the city of Minden, Wednesday, April 8, 1896, at 4 p. m., for the purpose of placing in nomination one candidate for representative in the congress of the United States, and to select two (2) delegates and two (2) alternates to the republican national convention to be held in the city of St. Louis, Mo., on Tuesday, June 16, 1896, at 12 o'clock noon; to select also one presidential elector; also a republican congressional committee for the ensuing two years, and to transact such other business as may properly come before the convention. By order of the republican committee of the Fifth congressional district:
R. O. STEWART, Chairman.
FRED RENNEN, Secretary.

GENIAL JACK MACCOLL would like to be governor and stand up for Nebraska, and he don't care who knows it.

SENATOR MANDERSON has been a distinguished success in every activity of his honorable and clean career, and THE TRIBUNE does not expect Nebraska to repudiate so able and manly a son.

IN view of the Nebraska national delegation unseemly squabble, the average Nebraska Republican can not help feeling humiliating at being "allowed" to do so and so their own public servants.

SENATOR THURSTON has President Cleveland's personal pronoun habit in a most virulent form. The senator, speaking seriously, is a disappointment to many of his most ardent admirers. That "certain well known corporation", the Burlington, has quite unnerved the senator and he is many a holy show of himself, in some directions of an unexpected source.

There is no money in professions. In proof of this we cite two instances: Dr. Harlan, who has given up the practice of medicine and turned his attention to farming, and now we are told that Rev. Vivian expects to sow a patch of wheat, in order to be sure of his bread.

There was a large attendance at church, last Sabbath, in the evening especially, when the church was uncomfortably crowded. Rev. Vivian preached in the morning and Rev. Morris in the evening. Three new members were taken into the church after the morning service.

The farmer who is always behind with his work will manage to list in a hundred acres or so, this spring, and it is possible he will cultivate (?) two-thirds of this, and after struggling over sunflowers which raise his wagon from the ground in his heroic efforts to husk his corn, this fall, declares that "this ain't no farmin' country."
