To California in a Tourist Sleeper.

The Burlington Route personally conducted once-a-week excursions to Colorado, Utah and California are just the things for people of moderate means. Cheap, respectable, comfortable, expeditious. They leave Omaha every Thursday and go through, without change, to San Francisco and Los Angeles. The tourist sleepers in which excursionists travel are carpeted, upholstered in ratan and have spring seats, spring backs, mattresses, blankets; curtains, pillows, etc. Only \$5 for a double berth, wide enough and big enough for two. The route lies through Denver, Colorado Springs, the wonderful canyons and peaks of the Rockies, Salt Lake and Sacramento. For rates and also for illustrated folder giving full information, call on the nearest agent of the Burlington Route or write to J. Francis, G. P. & T. A., Omaha, Neb.

A Red Hot Campaign.

The present campaign will be the most exciting one fought out since the war. There will not be a day when something of unusual interest will not transpire. The State Journal has made up its mind to surpass all its former efforts in the direction of news-giving, and will give its readers the most complete details of the campaign, giving all the news from an unbiased standpoint. Republicans will want The Journal because of its staunch Republican principles, it being recognized as the standard-bearer of the great Republican party of Nebraska. Populists and Democrats should read it for the news it gives. The Semi-Weekly Journal will go to thousands of new homes during the campaign. You should subscribe, as it will only cost you 25 cents from now until November 15. Two papers every week, making it almost as good as a daily. Subscribe through your postmaster or send your order to The State Journal, Lincoln, Nebraska.

PLEASANT RIDGE.

C. T. Eller has been cultivating corn for Frank Everist, this week.

Minnie Harris attended the teachers' institute at McCook, this week.

We are uneasy about our fine crops. This hot, dry weather some of the corn and cane is wilting.

If any of you feel bad just start out towards Kansas and hunt choke cherries. The hills and canyons, the ruts in the road, the hot sun and the dismal scenery all along the road will surely help your feelings; if none of these do, when you find yourself five miles from water at twelve o'clock, try to imagine that you are all right, and quote poetry.

There is a gentleman in this vicinity who has more correct political language at his command than any person outside of the White House. He has always been a staunch Republican, but we heard him say, last Monday, "Hurrah for Bryan! I am going to vote for him and help elect him, so that we can have big cart loads of silver to take to town to buy groceries with."

Banksville, you made two mistakes in your items, last week, and I am surprised at you. First, you said a young lady and gentleman of Pleasant Ridge had employment. Now if you call sitting on the well curb watching the old iron pump, employment, I don't; I call that recreation. Second, there was no team standing in the field, because it was Sunday, and we do not plow on Sunday. Ask Cliff what made him think that was Saturday.

There was a surprise party at the Frederick school house, one evening last week. The continued school meeting surprised the Prohibition caucus. The Prohibs got there first and when the school meeting arrived, the others thought they had all turned Prohibitionists, and such another hand shaking and rejoicing was never seen before. After a time matters were explained and an imaginary line was drawn in the middle of the house and both parties transacted business on their own side of the line.

Tattling Tillie, do you mean to have a war? If so, let us know in time to get ready. Potato bugs was our chosen theme; you objected and held us up to ridicule; we got scared and ventured to say we had plenty of good farmers around here; then you called that bragging; we did not mean it so, but we will now say that some of the crops around Pleasant Ridge are just as good as any in Red Willow county, and we will hold fast to this assertion. Come on, Prospect Park, stand up for your farmers.

I have hunted news both far and near, but anything new I have failed to hear; the same old things we hear each day, for the people are gloomy over this way.

They have worked and toiled—it seems in vain, for the crops must go—unless we have rain; irrigation is what we need in the west, that would make the country one of the best.

We need a new party to find a new man to run for president on the irrigation plan; Bryan and McKinley are for silver and gold, and these are great things we have been told. We don't care for money—we have the land—if we had more water and not so much sand; then stop all this nonsense as quick as you can and hunt up a president who will irrigate land.

GERVER.

The farmers have enjoyed a fine week for laying by their corn.

The Populist primary of this precinct turned out to be an open free silver discussion.

Lavega Olmstead, who has been working on a farm near Oberlin, Kansas, for the past few months, is back home again.

Rev. J. M. Bell was unable to fill his appointment at the Pleasant Prairie school house, Sunday, on account of sickness.

The wheat and oats will all be ripe at once, and the harvest of the same will commence in dead earnest about the 12th.

It seems as though no one will accept the office of road overseer, notwithstanding we have many good and able men. The roads are in an impassable condition in many places throughout the precinct and should be cared for as quickly as possible.

We note the death of William Hubble of Alliance, Nebraska, on July 4th. Mr. Hubble was at one time a resident of this precinct, having settled here in an early day. Many of his old neighbors and friends are still here. Mr. Hubble also leaves a sister here, Mrs. N. J. Johnson.
