Lake Geneva Summer School, Y. M. C. A.

With last Monday morning ended the ten days' session of the summer school held at Lake Geneva, Wis., for the college Y. M. C. A.'s of the South and West. Christian students were gathered there from seventeen states, reaching from Canada to Texas, comprising in all delegations from one hundred and twenty institutions of learning, which made a grand total of over three hundred students in attendance. Nebraska herself had representatives from six schools and colleges, in all a delegation of seventeen.

Lake Geneva is a small body of water about seven miles long and two miles wide, situated in south central Wisconsin. The lake is surrounded for the most part by high hills, which rise, sometimes gently, sometimes abruptly, from the water's edge, and has often been likened to Lake Geneva itself because of the fact that Christ seems to like to meet with his children there.

On the north side of this charming lake you may find a camp fitted up for the accommodation of certain religious organizations, which once in a while call a conference of their leaders to go there, apart from the world, as it were, to gain power in prayer and meditation. It was amid these surroundings that the seventh annual students' Y. M. C. A. conference closed last Monday morning. The purpose of this students' gathering is mainly to deepen the spiritual life of the delegates, and through them all the young men in the colleges they represent. They are brought in contact here with men of great ability and profound spiritual power from whom they receive inspiration and courage to carry on more effectively the work in their respective colleges. Such men as Bishop Vincent, Dr. Chapman of Philadelphia and Dr. White of Chicago are among the instructors and speakers.

The morning is devoted to Bible classes, association conferences, where plans for association work are discussed, platform meetings presided over by men brought there especially for that purpose. Each afternoon is given over to athletics and water sports; for proper care of the body is one of the things emphasized by the Y. M. C. A. At the close of the conference one afternoon is given for a general field day in which the various states contest with each other. This year part of the field day program was omitted, but in that which was held Nebraska had the honor of coming out second with 14 points to her credit, while Indiana scored first with 16 points.

The men who are sent to their conferences are recognized leaders in their various associations, and the good to be derived from coming in contact, first, with the golly men who are placed there as instructors, and second with the students from so many institutions of learning, cannot be estimated. The result is a marked spiritual deepening of the lives of the men and a great impulse to the association work in the various colleges.

This college Y. M. C. A. movement has been called the greatest thing of the nineteenth century, and we must admit its power when we remember that it is world-wide in its scope and inter-denominational in its character. It brings together the college men of the world, the men who some day will be the leaders of thought, and unites them in one grand christian fraternity.

The summer school at Lake Geneva, this year, was the best ever held and it is the purpose to make each succeeding one better.

COLEMAN.

Corn is pretty well tasseled out.
J. W. Corner cut his oats, Tuesday.
Bob Johns has cut and stacked his millet.
The squash bugs are still bothering the vines.
J. W. Corner's peaches will be ripe after awhile.
Mike Coyle stacked his millet, Monday and Tuesday.
Grain stacks will be rearing aloft in the land soon.
Bob Moore was a little under the weather, last week.
Ed. Filcraft and Sol. Dewey drove out here on Monday.
H. B. Wales started in, Monday morning, on 100 acres of small grain.
M. H. Cole has 80 acres of corn that looks good for 75 bushels per acre.
Potatoes are looking splendid, and the prospects are fine for a good crop.
H. B. Wales has his binder ready now to cut that 100 acres of small grain.
Uncle Billy says he wouldn't mind going barefoot if his feet would only scour.
K. J. Trapagan has bought a binder and intends cutting his grain with his own machine.
T. Ryan and F. Buehr had a close debate over school matters. Don't do it some more, boys.
William Coleman is receiving a good many letters from eastern parties who are looking this way for land.
Will Prentice and Bert Wales went to the McCook Y. P. S. C. E. picnic at Miller's grove on the Willow, last Saturday.
Frank Coleman started for the picnic, last Saturday, and found a chance to make a \$ and hauled his coat and went for it.
Alice and Grace Cole have a potato patch and it looks splendid; just as clean as a whistle. Boys, there is some good farming.
H. T. Church bought the personal property of Charles Squires, Jr., and he and his family went to Oregon with his father, C. S. Squires.
Uncle Billy says "One of my potato patches was hid away in the weeds, but it didn't hatch worth a cent". So he plowed it up and planted it to beans.
Binders are going almost day and night, to save the wheat. Matt Droll has three going from daylight till dark. He has over three hundred acres in small grain.
Frank Mills and wife from Perkins county, spent a few days here, recently, visiting his sister, Mrs. H. B. Wales. He said crops here were better than up his way. They started on their return, Monday.
William Epperly went to McCook, Wednesday, to meet Mrs. Epperly, who went to Iowa to see her mother for the last time. She was quite aged, and was out milking, when a cow knocked her over and trampled on her, breaking her thigh and inflicting injuries from which she never recovered. Mrs. Epperly was sent for and went back and was with her until death came and claimed her and released her from all her sufferings.

That rain, Wednesday, afternoon, was a fine one and did a great deal of good.

M. H. Cole and the girls have cultivated their corn five times through and it is clean as a garden.
Mr. and Mrs. C. S. Squires, with their son Charles and family, left on Monday for their new home in Oregon. They have lived here about ten years and had built them up a good home and were getting into a position to enjoy life. They had a large acquaintance, from which they have cut loose and gone to their far western home to form new acquaintances, and build up another home. The well wishes of their host of friends here go with them, and all wish them a safe journey to and prosperity in their new home in the sunset land, and hope that their brightest anticipations may be more than realized.

Along about four o'clock Uncle Billy sat down in the shade of an apple tree and soon dozed off to sleep. On rousing up he saw the dirt leave up a little near him and quickly seizing the hoe he, with a smart stroke, brought it down on that mole's head, which brought the old gander to his senses quicker'n you could say Jack Robinson, and he distinctly remembered then that he had stuck his bare foot under the loose dirt at that very spot before he went to sleep, to keep the flies from biting it. If you see him limp don't ask him what's the matter unless you are on the other side of the street from him.

Don't Stop Tobacco.

How to Cure Yourself While Using It.
The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco to an inveterate user becomes a stimulant that his system continually craves. "Bacco-Curo" is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure. It is purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want while taking "Bacco-Curo." It will notify you when to stop. We give a written guarantee to cure permanently any inveterate user, or refund the money with 10 per cent interest. "Bacco-Curo" is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke.
Cured by Bacco-Curo and Gained THIRTY POUNDS.
From hundreds of testimonials, the originals of which are on file and open to inspection, the following is presented:
Clayton, Nevada Co., Ark., Jan. 28, 1896.
Eureka Chemical & Mfg. Co., La. Crosse, Wis.—Gentlemen: For forty years I used tobacco in all its forms. For twenty-five years of that time I was a great sufferer from general debility and heart disease. For fifteen years I tried to quit, but could not. I took various remedies, among others, "No-To-Bac," "The Indian Tobacco Antidote," "Double Chloride of Gold," etc., etc., but none of them did me the least bit of good. Finally, however, I purchased a box of your "Bacco-Curo" and it has entirely cured me of the habit in all its forms, and I have increased thirty pounds in weight and am relieved of all the numerous aches and pains of body and mind. I could write a quite of paper upon my changed feelings and condition.
Yours respectfully,
P. H. MARCHBURY,
Pastor C. P. Church, Clayton, Ark.
Sold by all druggists at \$1.00 per box; three boxes, (180 days treatment) \$2.50, with written guarantee, or sent direct upon receipt of price. Write for booklet and proofs. Eureka Chemical & Mfg. Co., La. Crosse, Wis., and Boston, Mass.

Notice is hereby given that on June 15th, 1896, I took up, on my farm in Willow Grove precinct, Red Willow county, Nebraska, being the southwest quarter, section twenty-one, township three, range twenty-nine, two stray horses, described as follows: One gray gelding, supposed to be about 8 or 9 years old, weight about 900 pounds, fine feet shod. One white mare, supposed to be about 10 or 11 years old, weight about 800 pounds, left front leg has a ridge which appears to be the result of a barbed wire cut, had leather halter on when taken up. If said horses be not reclaimed by the owner, they will be sold according to law, after due notice.
HENRY H. MITCHELL.

NOTICE OF PROBATE OF WILL.
In the county court of Red Willow county, state of Nebraska, To Johanna Troy, Bridget Wilson, James Troy, Alice Clyde, Maggie Pullman, Mary Meyers, heirs of Patrick Troy, deceased, and to any others interested in the matter. You are hereby notified that an instrument, purporting to be the last will and testament of Patrick Troy, deceased, is on file in said court, and also a petition praying for the probate of said instrument, and for the appointment of Johanna Troy as executrix. That on Monday, July 28th, 1896, at one o'clock, p. m., said petition and the proof of the execution of said instrument will be heard, and that if you do not then appear and contest, said court may probate and record the same, and grant administration of the estate to Johanna Troy. This notice shall be published for three weeks successively in THE McCOOK TRIBUNE prior to said hearing. Witness my hand and seal this 25th day of June, 1896.

HOW TO TREAT A WIFE.

(From Pacific Health Journal.)
First, get a wife; second, be patient. You may have great trials and perplexities in your business, but do not therefore, carry to your home a cloudy or contracted brow. Your wife may have trials, which, though of less magnitude, may be hard for her to bear. A kind word, tender look, may do wonders in chasing from her brow all clouds of gloom.—To this we would add always keep a bottle of Chamberlain's Cough Remedy in the house. It is the best and is sure to be needed sooner or later. Your wife will then know that you really care for her and wish to protect her health. For sale by McConnell & Co., druggists.

Mr. D. P. Davis, a prominent liveryman and merchant of Goshen, Va., has this to say on the subject of rheumatism: "I take pleasure in recommending Chamberlain's Pain Balm for rheumatism, as I know from personal experience that it will do all that is claimed for it. A year ago this spring my brother was laid up in bed with inflammatory rheumatism and suffered intensely. The first application of Chamberlain's Pain Balm eased the pain and one bottle completely cured him. For sale by McConnell & Co., druggists.

SHERIFF'S SALE.
By virtue of an order of sale issued from the District Court of Red Willow county, Nebraska, under a decree, in an action wherein Oliver M. Hyde is plaintiff and James A. Piper et al. are defendants, to me directed and delivered, I shall expose to public sale and sell to the highest bidder, for cash, at the south door of the court house in Indianola, Nebraska, on July 27th, 1896, at the hour of one o'clock, p. m., the following described real estate, to-wit: The northwest quarter of section three, in township four north, in range twenty-nine, west of the 6th p. m., in Red Willow county, Nebraska.
Dated June 23, 1896.
