IS SILVER knocked out? asks the Western Rural. Well, really, brother, silver does seem to be slightly disfigured.

THE harmony existing in the ranks of the Republicans of Red Willow county makes the chances of Republican success, this fall, the brightest in years.

THE past business experience of O. L. Thompson and his fine general qualifications make him well equipped for the office he seeks—the county treasurership.

A YOUNG man of careful business habits and a successful farmer recommends E. P. Day strongly to the voters of the county for the position of county clerk.

THE postal savings banks idea is a move in the right direction and the people must insist upon its adoption. That accomplished, there are other worlds for the people to conquer.

THE important office of county superintendent will be efficiently filled should C. N. Whittaker be selected for that position at the coming election. He is a school man of practical experience.

THE duties of the office of sheriff demand just such abilities as are possessed in a marked and striking degree by William A. McCook, the Republican nominee, and his friends are backing him to the limit.

GEORGE S. BISHOP, the Republican nominee for county judge, has the legal training requisite for the office he seeks and his long residence in the county and party service will insure him a large and hearty support.

WHEN the people come to their right senses and go into the trust business for the common good in the general directions effecting all, individual and corporate trusts will have to look to their laurels, for when you come down to the last analysis the people are omnipotent yet.

NORTH DIVIDE.

The sorghum industry is more than flourishing at present. George Moehler has had the Farrell house moved to a more convenient locality. The steam thrasher outfit has about finished the work in this vicinity. Between the pesky haws and the ever hungry coyotes the "hins" have a lively time. J. S. Modrell finished cutting his broom corn, last week. Having been on sod, the quality is good. The writer, who keeps his car close to the ground, hears that Bert Reeves will get the job of county surveyor. Corn is maturing rapidly and will soon be ready to gather. The dry weather near the close of the growing season injured the crop in general. The prevailing swine plague has appeared in this neighborhood. James Brady has lost quite a number of shoats and hogs during the past few weeks. During our absence Sunday last, Mr. and Mrs. I. P. Moore had taken possession of the place. Mrs. Moore's visit to the coast has been postponed till later in the fall. Speaking of orchards, S. C. King has a fine start of vigorous young trees which in a year or so will yield abundantly and already add greatly to the appearance of their well-kept farm. While the steam thrasher was at work in the field near Omer Hale's, one day last week, fire was started from the engine near the stacks but was put out before any damage resulted. Rev. Vivian has been in poor health for the past two or three years, at times not able to carry on his pastoral work. After conference his charge will be confined to a less extensive territory, which at present has seven appointments.

PROSPECT PARK.

J. E. Dodge was in this burg, Sunday. L. A. Stephens and wife and Eugene Dunham and wife spent Sunday at W. S. Hartman's. E. F. Duffey of Galesburg, Illinois, who has been visiting in this neighborhood for the last two weeks, left for home, Friday evening. J. H. Wade had business at Banksville, Tuesday. Jacob Crocker entertained relatives from near Indianola, Sunday. James Cain of McCook was looking over his farm in this precinct, Sunday.

TYRONE.

The air is clear and (em)bracing. The Wilsonville Harvest Home is now on the tapis. Road Supervisor Davis is doing some thorough road work here. Dr. Isaac Bennett was called to see Frances Kimpton, last week, who is suffering from a very lame foot. J. C. Moore has recently fenced a new pasture and put in lead pipe and large tank. Homer Smith of this vicinity has been helping his brother in the Review office a few days.

FAIRVIEW.

Rev. J. E. Tirrell preached at Laurel Dell, Sunday last, to a large audience. Ira Kennedy is on the sick list, this week, and unable to attend school in town. Mrs. Haskill Tirrell and mother, Mrs. Rushong, are expected from Fort Lupton, Colorado, Monday night. Time for the Christian Endeavor has been changed from 8 to 7 o'clock. There are 14 pupils attending school in district No. 47.

NORTH COLEMAN.

A. Prentice threshed out 750 bushels of wheat, 749 bushels of rye, and some oats and millet. Absence of wind has created a water famine. G. H. Zimmerman has had to drive his stock to the Willow for water and the steam thrasher at H. K. Bixler's has been run under difficulties.

Valley Grange Precinct Caucus.

The Republican electors of Valley Grange precinct will meet in the Fickens school house, Thursday afternoon, October 7th, 1897, at 3 o'clock, to nominate precinct officers and transact such other business as may properly come before the caucus. J. S. BRITAIN, Committeeman.

Owing to over-crowding and bad ventilation, the air of the schoolroom is often close and impure, and teachers and pupils frequently suffer from lung and throat troubles. To all such we would say, try Chamberlain's Cough Remedy. For coughs, colds, weak lungs and bronchial troubles no other remedy can compare with it. Says A. C. Freed, Superintendent of schools, Prairie Depot, Ohio: "Having some knowledge of the efficacy of Chamberlain's Cough Remedy, I have no hesitation in recommending it to all who suffer from coughs, lung troubles, etc." For sale by L. W. McConnell & Co., Drug-gists.

FOR ALL WOMEN NINE-TENTHS of all the pain and sickness from which women suffer is caused by weakness or derangement in the organs of menstruation. Nearly always when a woman is not well these organs are affected. But when they are strong and healthy a woman is very seldom sick. McELREE'S Wine of Cardui. Is nature's provision for the regulation of the menstrual function. It cures all "female troubles." It is equally effective for the girl in her teens, the young wife with domestic and maternal cares, and the woman approaching the period known as the "Change of Life." They all need it. They are all benefited by it.

For advice in cases requiring special directions, address, giving symptoms, the Ladies' Advisory Department, The Chattanooga Medicine Co., Chattanooga, Tenn. THOS. J. COOPER, Tupelo, Miss., says: "My sister suffered from very irregular and painful menstruation and doctors could not relieve her. Wine of Cardui entirely cured her and also helped my mother through the Change of Life."

HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kindneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention THE TRIBUNE and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietor of this paper guarantees the genuineness of this offer. April 2-yr.

A WOMAN'S LETTER CONCERNING DOCTOR HARTMAN'S FREE TREATMENT FOR WOMEN. I received your book on Gynecology and commenced the use of your medicine at once. I took five bottles of Pe-ru-na and two of Man-a-lin. I feel like a new woman. When I commenced taking Pe-ru-na I could hardly walk across my room; now I am doing my own work, can walk a mile and a half to church. I shall never cease to thank you for prescribing for me. I had been under the treatment of two doctors, but never received any benefit until I commenced taking your medicine. I am now well and able to do my own work. I wish every woman who was suffering as I was would send for one of your books on Gynecology. It is a God-sent to suffering women. May God bless you and spare you many years to relieve women who are suffering as I was. I am anxious for every woman who is suffering as I was to know what your medicine did for me. MRS. H. D.
