

CAUSE FOR ALARM.

How baldness begins.
How to prevent it.

Every person, male or female, shrinks from baldness. It adds to the appearance of age and is a serious discomfort. The cases are rare when the falling out of the hair may not be stopped, and a new and healthy growth of the hair promoted. The hair grows in the scalp like a plant in the soil. If a plant flourishes, it must have constant attention: it must be watered regularly and find its food in the soil where it is rooted. It is so with the hair. Neglect is usually the beginning of baldness. Dandruff is allowed to thicken on the scalp. The hair begins to loosen. The scalp loses its vitality. The hair, insufficiently nourished, begins to fade and to fall. The instant need in such a case is some practical preparation which, supplying the needed nourishment to the scalp, will feed the hair, give it strength, and so produce a strong and healthy growth. All this is done by Dr. Ayer's Hair Vigor, the most practical and valuable preparation for the hair that can be obtained. It tones up the scalp, does away with dandruff, stops the hair from falling, restores the original color to gray or faded

hair, and gives an abundant and glossy growth. Those who are threatened with approaching baldness will be interested in the following voluntary statement, made by Alderman S. J. Green, of Spencer, Iowa. He writes: "About four months ago, my hair commenced falling out so rapidly that I became alarmed, and being recommended Dr. Ayer's Hair Vigor by a druggist, I resolved to try this preparation. I have been now using it for three months, and am much gratified to find that my hair has ceased falling out and also that hair which had been turning gray for the past five years has been restored to its original color, dark brown. It gives me much pleasure to recommend this dressing."—S. J. Green, Alderman, Spencer, Iowa. Those who are interested in preserving and beautifying the hair will do well to send for Dr. Ayer's Curebook. A story of cures told by the cured. This book of 100 pages is sent free, on request, by the J. C. Ayer Co., Lowell, Mass.

The project failed and the material which was purchased has been sold. These are the first 60-foot rails to be used on the B. & O.

Important to Mothers.

The manufacturers of Castoria have been compelled to spend hundreds of thousands of dollars to familiarize the public with the signature of Chas. H. Fletcher. This has been necessitated by reason of pirates counterfeiting the Castoria trade mark. This counterfeiting is a crime not only against the proprietors of Castoria, but against the growing generation. All persons should be careful to see that Castoria bears the signature of Chas. H. Fletcher. If they would guard the health of their children, Parents and mothers, in particular, ought to carefully examine the Castoria advertisements which have been appearing in this paper, and to remember that the wrapper of every bottle of genuine Castoria bears the fac-simile signature of Chas. H. Fletcher, under whose supervision it has been manufactured continuously for over thirty years.
