THE stars and stripes now float in Havana, and many coast wise vessels of the Philippines have also unfurled the starry emblem of liberty.

THEY do say that Colonel Bryan is consumed with desire to get home and look after his political fences, and contemplates resigning in order to do so.

REMEMBER a Republican United States senator is involved, and vote for Dr. J. E. Hathorn for representative. He will be a credit to Red Willow county.

THE mortality in General Lee's corps of 30,000 men at Jacksonville has been much below the average of military camps. In 871 cases treated in one division hospital between July and September there was a total of twenty-seven deaths. The figures are a remarkable contrast with the sensational stories set afloat.

For the first time since 1883 the postoffice department expects to realize a small profit. The receipts are expected to reach \$100,000,000. While the largest sum in the past has been \$82,000,000. The government expects to realize in the neighborhood of \$5,000,000 profit, this year, a fact largely traceable to the economical and careful management of the department.

THE pops blow a good deal about the old soldiers, and their candidate for congress in this district is going to make his campaign upon the efforts he made in the pension department in their behalf. The republicans have nominated an old soldier for their candidate. He is a splendid man, too; a man against whom not a word of ill can be truthfully spoken. He is an able, substantial, successful man, practical in business, honorable in his methods, is polished in his manner and is in close touch with the people among whom he lives. He will make an ideal congressman for the Fifth district.—Minden Gazette.

When you call for DeWitt's Witch Hazel Salve the great pile cure, don't accept anything else. Don't be talked into accepting a substitute for piles, sores or burns. A. McMillen.

To My Farmer Friends.

I wish to say to you, beware of those stove peddlers that are going through the country looting steel ranges and taking receipts for them, for those receipts will all turn out to be notes, for that was done in Illinois, where I came from, and I would advise all farmers to not let those sharks talk you into leaving a stove in your house. I found I could do better at my home dealers.

Yours respectfully,
 A. PRENTICE.

You invite disappointment when you experiment. DeWitt's Little Early Risers are pleasant, easy, thorough little pills. They cure constipation and sick headache just as sure as you take them. A. McMillen.
