

TINWARE.

IF...

"Ifs and ands were pots and pans, beggars might ride," is an old saying. Refers in a hopeless sort of way to a much wished for but unexpected era of...

Cheap Tinware.

That period has arrived. We are its introducers. The American tin and the skill of the American workmen has produced a high grade of household utensils which it is possible to sell at a very low price. For every use we have a neat article, cunningly adapted for its particular work. Now is the time to get a full supply for the kitchen.

No products will be returned, but will be used as an evidence of Nebraska's fertility and prosperity. They will be left on exhibition at my office and sent to various eastern fairs, to advertise Nebraska.

A HUSBAND SAYS:

"Before my wife began using Mother's Friend she could hardly get around. I do not think she could get along without it now. She has used it for two months and it is a great help to her. She does her housework without trouble."

Mother's Friend

is an external liniment for expectant mothers to use. It gives them strength to attend to their household duties almost to the hour of confinement. It is the one and only preparation that overcomes morning sickness and nervousness. It is the only remedy that makes labor short and delivery easy. It is the only remedy that puts the breasts in condition so that swelling or rising is impossible. Don't take medicines internally. They endanger the lives of both mother and child.

Mother's Friend is sold by druggists for \$1.
