An Unusual Scene in a Pennsylvania Church.

A marriage was suddenly interrupted at St. Catherine's church, Moscow, a short distance from Scranton, on Saturday morning, by the bride, Miss Margaret Moore, refusing to say the fateful "yes" at the proper time. For miles around in the Pocono mountain region the friends of Miss Moore and Timothy Foley had assembled to see the young couple married. The pastor of St. Catherine's, the Rev. R. H. Walsh, stood waiting at the altar rail as the bridal party arrived. The bride looked charming. She was attended by her niece, Miss Foley, and the bridegroom's best man was Frank Daugherty, a jury commissioner of Lackawanna county. Mr. Foley had already made his solemn vow, and the officiating priest asked: "Will you, Margaret Moore, take Timothy Foley to be your lawful husband?" Instead of answering, the young woman inquired: "Is it yet too late, father?" Father Walsh, though surprised by the unusual question, immediately answered: "It is not too late," whereupon the bride-elect said: "Then I will not," and turning from the altar, her face as white as marble, she faced the suddenly startled spectators and walked down the aisle toward the door. It was a moment of intense excitement. The priest, the bridegroom and the guests seemed transfixed as the bride passed down to the church door. After waiting for half an hour, expecting that the bride would return, the guests gradually dispersed, and soon the strange incident became the talk of the entire town. No reason has been given for the bride's strange conduct. To all questioning the answer is that she simply exercised a woman's privilege and changed her mind; but this does not soothe Mr. Foley, who was deserted at the altar by the woman of his choice, who never gave a hint of her displeasure until she was asked the final question.

Good Story of Lord Charles Beresford.

A good story is told of Lord Charles Beresford, during the time Commander Beresford was on the East Indian station. They were cruising off the Ceylon coast, and the hero of the Condor thought he would like a day's shooting, so a boat was put off and landed. Beresford and a Cingalese servant, after a weary tramp through the jungle, came to a river; the river emptied itself into the sea three miles distant. His lordship stripped to have a bathe, but first asked his servant if there were any alligators in the water. The servant replied in the negative. After a delightful swim in the cool placid water, our plucky sailor lunched, and while dressing he asked his servant why there were no alligators in that part of the river. The Cingalese replied, "No alligators, sar; they plenty afraid of shark." Tableau.

A simple and safe way to clean costly and easily-injured articles is to make a suds of hot water and Ivory Soap, and allow it to cool until lukewarm. This solution, while very effective, is perfectly harmless.

Ivory Soap contains no alkali. It will not destroy the surface or texture of any material, however delicate.

Ivory Soap differs from other soaps. It is more carefully made, and the materials used in its manufacture are the purest and best.

ONLY ONE CURE FOR SCROFULA.

S. S. S. is the Only Remedy Equal to this Obsolete Disease.

There are dozens of remedies recommended for Scrofula, some of them no doubt being able to afford temporary relief, but S. S. S. is absolutely the only remedy which completely cures it. Scrofula is one of the most obstinate, deep-seated blood diseases, and is beyond the reach of the many so-called purifiers and tonics because something more than a mere tonic is required. S. S. S. is equal to any blood trouble, and never fails to cure Scrofula, because it goes down to the seat of the disease, thus permanently eliminating every trace of the taint.

The serious consequences to which Scrofula surely leads should impress upon those afflicted with it the vital importance of wasting no time upon treatment which can not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated glandular swellings have resulted, for which the doctors insist that a dangerous surgical operation is necessary.

Mr. H. E. Thompson, of Milledgeville, Ga., writes: "A bad case of Scrofula broke out on the glands of my neck, which had to be balanced and caused me much suffering. I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began their treatment. Many blood remedies were used, but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and have never had a sign of the disease to return." Swift's Specific—

S. S. S. FOR THE BLOOD

—is the only remedy which can promptly reach and cure obstinate, deep-seated blood diseases. By relying upon it, and not experimenting with the various so-called tonics, etc., all sufferers from blood troubles can be promptly cured, instead of enduring years of suffering which gradually but surely undermines the constitution. S. S. S. is guaranteed purely vegetable, and never fails to cure Scrofula, Eczema, Cancer, Rheumatism, Contagious Blood Poison, Boils, Tetter, Pimples, Sores, Ulcers, etc. Insist upon S. S. S.; nothing can take its place. Books on blood and skin diseases will be mailed free to any address by the Swift Specific Company, Atlanta, Georgia.

A Night of Terror.

"A awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she could not live till morning" writes Mrs. S. H. Lincoln, who attended her that fearful night. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50c and \$1.00. Trial bottles free at McConnell & Berry's.

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Danmore, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. When I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by L. W. McConnell & Co.
