

THE OLYMPIA ARRIVES

The Hero on Board Delighted to Reach His Native Shores.

THE SHIP'S ARRIVAL A SURPRISE.

It Reached Port Two Days Ahead of Time Expected—Rear Admiral Sampson and Others Pay Their Respects—Typhoid Fever Among the Crew.

NEW YORK, Sept. 27.—Admiral George Dewey arrived off Sandy Hook at dawn and the Olympia is now anchored in American waters in the light of Sandy Hook.

The first shout of welcome was from the pilots and crew of pilot boat No. 7, fifteen miles south of the Hook light-ship. It happened to be Pilot John Peterson's turn, and at 5:50 a. m. he was put aboard the Olympia and brought it around the Hook and into the lower bay.

The marine observers along the coast had sighted the Olympia in the first light of the morning. The shore batteries of Fort Hancock, manned by gunners called from breakfast, led loose seventeen guns. The flagship replied with twenty-two and let go its anchor not far from where the cup challenger Shamrock is moored.

The admiral was in his own country again after twenty-three months' absence. He had returned "great with the arduous greatness of things done," and his excellency seemed to realize it. The pilot brought aboard the Sunday papers and a reporter of the Associated Press was received by the admiral in a cabin littered with the illustrated Dewey editions, which, together made hundreds of pages in black and white and in colors, all concerning the great admiral and the preparations made to receive him.

"It almost saddens me," he said, "to see what my people are doing for me. The pride and gratification is immense and I cannot express the appreciation I feel. I did not know, I did not really perceive until this moment the splendid welcome that my countrymen are giving me. The governors of many states are coming to see me and troops from Florida, Georgia and other faraway states are on their way to take part in receiving me."

The admiral struck the head of a tawny-haired dog, the "Chew" dog of Chinese breed that appears in the illustrated interviews of the admiral. "Bob here," he said, "is not evil. He yearns to be ashore. He is sick to get a little grass and to scamper around. I feel a good deal that way myself. I am mighty glad to get home. It is not good for a man any more than a dog to live on board ship for twenty-three months."

PRESIDENT'S TRIP OUTLINED.

To Leave October 4 for Galesburg, Chicago and St. Paul.

WASHINGTON, D. C., Sept. 27.—All the members of the cabinet attended yesterday's meeting except Secretaries Hay and Clegg, but the meeting was entirely devoid of results. A few routine matters were taken up and the dispatch of Admiral Watson announcing the details of the loss of the gunboat Urdaneta was read.

The arrangements for the Dewey reception and sword presentation in this city were gone over and the details of the president's western trip were discussed. The president will be accompanied by Mrs. McKinley and the members of the cabinet. They will leave here October 4, the morning after the Dewey dinner at the White house, and will be gone about two weeks. They go first to Galesburg, Ill., thence to Chicago and on to St. Paul, Sioux City and Aberdeen, S. D. The full schedule of the trip has not yet been completed.

DIAZ DISAPPOINTS CHICAGO.

Mexico's President Cannot Leave and Will Send a Cabinet Officer.

WASHINGTON, Sept. 27.—The Mexican ambassador, Senor Azpiroz, has received a dispatch from the secretary of state of Mexico confirming the press advices to the effect that President Diaz will not attend the coming celebration at Chicago on October 9 and that the secretary of state will go as his representative.

The state department also received the following telegram from United States Minister Clayton at the City of Mexico: "President will not visit Chicago. Minister of foreign affairs goes instead."

Rough Riders to School.

DEADWOOD, S. D., Sept. 27.—Charles Blake, well known in the Black Hills, passed through Deadwood on his way to Lincoln, Neb., where he will enter the state university to pursue a course in law. He was a member of Colonel Torrey's rough riders in Wyoming and while in the regiment won the good will of Colonel Torrey, and he is now to have five years of university work, the expenses to be paid by the colonel.

California Regulars Land.

SAN FRANCISCO, Sept. 27.—The City of Para, which arrived yesterday from Manila with the California regulars on board, was docked today, the soldiers marching from the transport to the ferry building, where they were breakfasted by the reception committee, after which they marched to the Presidio. The men were given a very enthusiastic reception all along the line of march. The soldiers will remain in camp at the Presidio but a few days, awaiting the paymaster.

Olds May Be Recalled.

NEW YORK, Sept. 27.—A special to the Times from Washington says: Coincident with the near approach of Admiral Dewey the rumors about General Otis' recall have been revived. It is again reported that his recall has actually been decided upon. There has also been a rumor lately that General Otis is to be sent to the Philippines and that a major general is to be sent to the Philippines there is some disposition to regard that as General Brooke's future berth. The basis for all this gossip seems to be the report that Admiral Dewey has a poor opinion of General Otis.

ADMIRAL DEWEY HONORED.

Olympia Steams Up the Bay Amid Plaudits of the People.

NEW YORK, Sept. 25.—Through rollicking whitecaps the Olympia moved majestically up the lower bay today and passed through the picturesque strait guarded by Forts Wadsworth and Hamilton, amid the booming of great guns, and there inside the city gates Admiral Dewey and his gallant tars received the glorious, thunderous welcome of the steel-walled men-of-war, as the ship glided up to its position at the head of the column, there to remain until the great naval pageant starts on Friday.

Never before perhaps, did a triumphant warrior returning from a victorious campaign receive a more thunderous welcome. Though thousands upon thousands witnessed it from shore, and the anchorage at Tomkinsville, where the fleet lay, fairly swarmed with tug-boats, yachts and steamers and every sort of harbor craft, all jet black with wild cheering, exulting people and the towering white walls of the city beyond were brave with a million of welcoming flags, today's greeting to Dewey was the greeting of his comrades of the navy, and it was eminently fitting that his comrades in arms should have the first chance at him whom the millions are waiting to honor.

Very early in the morning, before Dewey left his anchorage inside Sandy Hook, Rear Admiral Howison, commander of the South Atlantic squadron, aboard the Chicago, which arrived outside last night, travel-stained and weather-beaten, after its journey of 21,000 miles around South Africa foamed in past the Hook anxious to join the North Atlantic squadron in receiving Admiral Dewey.

Dewey's flagship was no sooner recognized than preparations were made to give the loudest welcome the ship could give. The guns were manned, the marine guards were paraded and seventeen guns were loosened in honor of Dewey.

SPANISH SHIPS ARE BARRED.

Nothing But American Vessels Allowed to Enter Closed Ports.

MANILA, Sept. 28.—The American authorities have declined the request of General Mamamillio, the Spanish officer who is settling Spain's military affairs in the Philippine islands, to send a vessel under the Spanish flag to collect the Spanish prisoners at insurgent ports, as stipulated by the Philippines, on the ground that the ports are closed, that such a step, therefore, would be unlawful, and because they declined to accept the Philippines' declaration.

The authorities are ready to send an American vessel. The Spanish committee, therefore, will return to the insurgent lines and endeavor to effect an arrangement for the delivery of the prisoners on board an American vessel.

WAR APPEARS TO BE NEAR.

Reports From Transvaal Indicate an Early Outbreak.

LONDON, Sept. 28.—The Capetown correspondent of the Daily News says: The pass of Laingsnek will be occupied tomorrow, Thursday, with sufficient strength for the present needs, under the belief that the Boers will attack Natal immediately, hoping to forestall the landing of the Indian contingent. The Daily Telegraph publishes the following from its correspondent in Capetown: I regret to note a universal opinion that war is very near. Everywhere the Boers are active and bellicose. They are arming and storing supplies for a protracted struggle. The Transvaal government has failed in an attempt to purchase 10,000 sacks of wheat here, but Boer agents are securing South Africa to buy campaign provisions.

TENTH COMING TO OMAHA.

One Battalion of Regiment Leaves New York for Fort Crook.

NEW YORK, Sept. 28.—The troops that arrived here on the McPherson were sent to their destination yesterday. They consisted of one battalion of the Second United States Infantry and one of the Tenth Infantry. The former was in command of Captain Pickering and Captain Purcell commanded the Tenth. The former went to Fort Thomas and the latter to Fort Crook, Near Omaha.

Peary's Men Bring Suit.

ST. JOHNS, N. F., Sept. 28.—The crew of the Peary steamer Windward, have entered suit against her, alleging that they were promised a bonus of one-third in addition to their wages, if obliged to winter in the north, and that this promise was repudiated on their return. Captain Bartlett says the bonus was conditional on their reaching Sheward Osborne ford, which point they did not attain. The case is likely to be heard at the next term of the supreme court.

Bryan Compliments Dewey.

PLATTSBOROUGH, Sept. 28.—At the close of a two-hours' talk in the open air in this city this evening W. J. Bryan gave the following on Dewey's arrival: "The American people will welcome Dewey with open arms; nothing should be left undone to prove to him and to the world that his distinguished services are appreciated by his countrymen. He has added glory to American arms and won for himself an enduring place in our nation's history."

President's Western Trip.

WASHINGTON, D. C., Sept. 28.—President McKinley is yet undecided whether to take in Omaha on his tour of the western states. Personally he would again like to visit the metropolis of Nebraska, but he is seriously in doubt whether his itinerary can be arranged so as to include the Gate City. So far his itinerary does not include Omaha, Aberdeen, S. D., and Sioux City. A number of members of the cabinet will accompany the president on his visit to the northwest.

The click of the well-filled purse is a snap.

IN GENERAL.

It is estimated that the cost of the census in Havana alone will be \$13,000. The death of Sloper Clark, the American comedian, occurred at his home, Westbourne house, Burlington, on Thames.

Fire destroyed a large portion of one of the best business blocks in Marlon, Ill. Loss \$50,000, including the postoffice.

General Manuel Guzman Alvarez, governor of the province of Bermudez, Venezuela, has revolted against the Venezuelan government.

Frank E. Fitz, senior special justice of the Chelsea, Mass., police court, has filed a petition in bankruptcy. Liabilities, \$26,117; assets, \$5,425.

Alfred C. Harnsworth, the London newspaper and magazine owner, is not yet 25 years old, but is said to be worth \$15,000,000, all through his own efforts.

J. & W. Selligan & Co., agents for the Anglo-California bank of San Francisco, announced a consignment of Australian gold amounting to \$1,600,000.

A new boxing club, to be known as the St. Louis Athletic club, has been incorporated at St. Louis, with James J. Butler of ace standard theater as president.

Miss Heien Gould has given \$1250 toward the Dewey home fund, of which \$750 was sent to the committee at Washington and \$500 to the New York committee.

W. K. Vanderbilt, who has now become the head of the Vanderbilt family, will be 50 years old in December. His middle name, which is rarely seen in print, is Kissam.

A report received by the coast survey shows that the earthquake recently reported in Yakutat bay was also felt in Prince William's sound. No damage was reported.

At the Newmarket first October meeting the Visitor's plate of 150 soverigns was won by Funnay Boat. Tod Sloan rode Lord Donovan's Ma Janet, but was unplaced.

The descendants of Matthew Grant are to hold a reunion in Windsor, Conn., October 27, and the committee of arrangements is hoping to have Mrs. U. S. Grant present as a guest.

The Mexican ambassador at Washington has received a dispatch from Mexico confirming advices that President Diaz will not attend the coming celebration at Chicago, October 9.

Judge Williams of Columbus, O., issued a temporary restraining order restraining the Columbus Street railway company for voting authority to buy the other street railways of the city.

Rev. Father John P. Chadwick, late chaplain of the Maine, has accepted the post of chaplain general of the Spanish War Veterans' association, to which he was lately elected.

Nine of the twenty-three stalls of the Omaha roundhouse in Sioux City and the woodwork of four locomotives burned, with \$15,000 loss, fully covered by insurance. The explosion of a lamp caused the fire.

Ed Butler, who built the Standard theater in St. Louis, has purchased property at Twelfth and Central streets, Kansas City, upon which he expects to build a playhouse that will exceed in seating capacity the largest house in Kansas City.

Miss Julia Morrison, the actress, and her husband, F. H. James, were arraigned at Chattanooga, for a preliminary hearing, on the charge of murdering Actor Leidenheimer. The case against James was dismissed. Miss Morrison was held to the grand jury.

A head-on collision between a New York Central passenger train and a freight train occurred just west of Lehigh station, about half a mile from the city. Four locomotives, three passenger coaches and two freight cars were seriously injured. The dead are: Emmet Lancelot, of Rochester, engineer of the freight train; J. G. Curry of Rochester, fireman on the freight train; James E. King of Skaneateles.

A Calcutta dispatch says: No rain has fallen since last reports in the vicinity of Darjeeling. In the lower Himalaya, where, on Sunday night great damage was wrought and many persons were killed by earthquakes, floods and landslides. During the night several other landslides occurred. The Ghelal Bazaar was completely overwhelmed and several persons lost their lives. At Tansambastes twenty-one bodies have been recovered, and it is believed that twenty others perished. At Darjeeling 100 fatalities occurred. Landslides have also occurred at Murmeh and there, too, several were killed.

AFFAIRS IN NEBRASKA

Interpreting the Election Law.

LINCOLN, Neb., Oct. 2.—There seems to be a very general misunderstanding regarding the correct interpretation of the election law in respect to the filing of certificates of expense. Candidates have until twenty-five days before election to file certificates of nomination, but their expense statements must be on file within ten days after the convention. According to the general understanding of the law it is not necessary for judicial candidates to file certificates with the secretary of state. The law in this respect provides that all persons nominated for any judicial or state office by a convention representing a district larger than a county shall file certificates with the secretary of state, except as otherwise provided. Another section provides that judicial candidates must file certificates with the county clerks and that they may file them with the secretary of state. So far only the Fourth district judicial candidates have filed certificates.

Burlington Depot Burned.

BERTRAND, Neb., Oct. 2.—Fire started at the Burlington depot, which stands at the north side of town, and before the fire company could get to work the building was enveloped in flames. The lumber yard just south of the depot, belonging to F. P. McCormick, demanded the attention of the citizens to keep back the spread of the flames, as a strong wind was blowing from the north, and if once the lumber yard caught the entire west portion of the town would have been swept away. The depot was entirely destroyed.

Decision Regarding Pasturage.

HASTINGS, Neb., Oct. 2.—An important decision in regard to the pasturing of cattle on the public highway has been given in the district court in the injunction suit of Jacob F. Snively against Francis E. Harrington. For many years Snively and Harrington had been neighboring farmers until Harrington got into the habit of allowing cattle to run on the public road, Snively, who had often remonstrated, brought suit against Harrington and a permanent injunction has been issued holding it is illegal to pasture cattle on a highway.

Franklin County Fair Closes.

FRANKLIN, Neb., Oct. 2.—Franklin county's fair closed successfully. There were over a thousand more exhibits this year than any previous year and the attendance by far the largest. Much interest was taken in the races and some good time was made. The ball game between Riverton and Napoleon resulted in a score of 5 to 6 in favor of Napoleon. The football game was won by the Franklin academy by a score of 10 to 0. The Bloomington Gun club got first money in the blue rock shoot.

Mrs. Peattie's Books Lost.

OMAHA, Oct. 2.—The Nebraska friends of Mrs. Ella W. Peattie will be pained to hear that "Wildwood," her log cabin studio near South Haven, Mich., was burned to the ground. More than fifty of Mrs. Peattie's unpublished manuscripts, including two unfinished novels and twenty lectures—among them the Kipling lecture which stirred literary Chicago—last winter—were destroyed. All of Mrs. Peattie's notes and memoranda for stories and essays were lost, with the manuscripts and her working library.

Large Mortgage Foreclosure.

HASTINGS, Neb., Oct. 2.—Alonzo L. Clarke, trustee, against the Nebraska Real Estate and Live Stock association, has filed suit for foreclosure of mortgage on the lands and properties in the counties of Adams, Kearney, Phelps, Hall, Dundas, Chase, Nuckolls, Harlan, Furnas and Red Willow for money loaned by stockholders aggregating over \$80,000. The suit involves many tracts of valuable land within and close to Adams county.

Crossing Smashed at Lyons.

LYONS, Neb., Oct. 2.—While Charles Snyder was engaged in hauling corn with his team and wagon from the shellers out of the Peavey elevator cribs near the depot a gravel train on the Omaha road struck the wagon. Killing the horses outright and wrecking the wagon. Snyder was thrown fifty feet, and picked up unconscious but not seriously hurt.

Nebraska City Healer on Trial.

NEBRASKA CITY, Neb., Oct. 2.—The attention of Judge Ramsey and a jury was held an entire day in hearing evidence in the case of the state vs. Prof. Theo Kharas, the magnetic healer who is charged with practicing medicine without license as required by the laws of the state. At the adjournment of court the case was not completed.

Theodore Kersha to Be Cared For.

COLUMBUS, Neb., Oct. 2.—Theodore Kersha, a harmless half-wit, commonly known by the name of "Crazy Theodore," was taken before the commissioners of insanity and pronounced insane. He had been to the Norfolk asylum twice and will probably be sent to the home for the feeble minded.

Freemont Residence Burned.

FREMONT, Neb., Oct. 2.—A fire at the home of Ed Bokowski destroyed the house and furniture almost completely. A lamp explosion was the cause. In insurance of \$700 will not cover the loss. Some of the family had narrow escapes.

Friend Coursing Meet.

FRIEND, Neb., Oct. 2.—All details are arranged for the Friend coursing meet at this place October 11, 12 and 13. The association has entered forty-three of the best greyhounds from South Dakota, Kansas and Nebraska, so there will be no question about the sport being good. The meeting will be personally conducted by Dr. G. Irwin Royce of Minneapolis, Minn., the recognized authority on this new and popular sport. The grounds are properly fenced and so situated that the spectators can see every jump in the race.

Insect that Attacks Alfalfa.

LINCOLN, Neb., Sept. 29.—There has recently appeared in large numbers in Nebraska an insect which, although known some time to exist in the state, has not until this year become alarmingly numerous or destructive. Prof. W. D. Hunter, assistant entomologist at the state university, has investigated the damage done by the insect, and so far he has been able to observe it prefers alfalfa as food to any of the crops which are commonly grown, notwithstanding this plant has been widely recommended as one practically exempt from injury from this class of pests. The insect has been known to go twenty rods around a wheat field to reach one of alfalfa, and it has already been named "the alfalfa worm" by those whose crops have suffered from it.

Specimens which render the identification positive have been received at the experiment station of the university from Johnson, Gage, Nemaha, Saline, Fillmore, Douglas, Washington and Dodge counties. Specimens here also been found in Boyd county, in the northern part of the state, and in Dawson county, in the western portion, making its extent over the state quite wide. The greatest damage has resulted in Johnson county, where many entire fields of alfalfa have suffered the loss of the third cutting. Many beet fields were attacked, as were also those of corn, kafir corn, wheat, oats and cabbage, and pasture grass and blue grass laws were in many places injured or entirely destroyed.

Young Wife Repents of Action.

TEKAMAH, Neb., Sept. 29.—Warnie Taylor, who ran away with and married 13-year-old Emma Averill, and who is now under bond to appear before the district court on the charge of rape, endeavored to secure possession of his wife by habeas corpus proceedings. The case came before Judge Keyser, who, after hearing a number of witnesses, including the young wife, dismissed the case and returned the young lady to the custody of her parents. Since coming under parental authority the young woman seems to have repented her escapade and tired of her Lovhiner lover.

Fight on a Postmaster.

WYMORE, Neb., Sept. 29.—The appointment of J. C. Burch as postmaster at this place was quite a surprise, few persons being aware he was a candidate for the place. Since his nomination has been made public some unfriendly persons have been busy getting signers to a protest, which will be forwarded to Washington to have the appointment annulled. The fight against Burch is being made on the ground that he was president of the Bank of Wymore at the time of its failure.

Victim of Appendicitis.

WAHOO, Neb., Sept. 29.—The A. G. U. W. of this city were called upon to lay one of their respected members in his last resting place in Sunrise cemetery, near this city. Chris Jensen died at his home in this city of appendicitis after an illness of only two days. Surgeons were telegraphed to come from Lincoln. The offending organ was successfully removed, but the disease was of a peculiarly malignant form and developed so rapidly that his life could not be saved.

Two Farm Houses Burn.

AUBURN, Neb., Sept. 29.—Dock Lawrence lost his dwelling house by fire. The property was worth about \$700, with no insurance. The home of Tom Engles was also burned. The fire is supposed to have started from the kitchen stove. The barn, corn cribs and granary were all licked up by the flames. Mr. Engle's loss, in addition to the buildings, which were worth about \$900, is 3,000 bushels of corn, 1,000 bushels of oats and 500 bushels of wheat, with no insurance.

Painfully Injured.

NEBRASKA CITY, Neb., Sept. 29.—George Ganz, an old resident here, while coming to the city with a load of wood, received quite a number of bruises by being thrown from the load. His team became frightened at a traction engine and started to run, when one of the front wheels of the wagon went into a gully, throwing Mr. Ganz from the wagon, and one of the wheels passed over his left arm and he was otherwise bruised.

Hogs Dying.

NEBRASKA CITY, Neb., Sept. 29.—Reports have been coming in of heavy losses of hogs from cholera. Joe McDonald of Chelsea township called on Dr. Wine-brake and reported that he had lost a large number of hogs from what he called cholera. The doctor went out to the farm and made a careful examination of several of the carcasses and found that death was the result of typhoid.

Disastrous Lamp Explosion.

FREMONT, Neb., Sept. 29.—The dwelling house of Edward Bokowski, on Jensen street, caught fire this morning from a lamp explosion in a bedroom. The family were in another part of the house and the entire building was afire before it was discovered and was completely gutted. The loss is about \$800, with insurance on house and contents of \$700.

Fatal Accident.

LINCOLN, Neb., Sept. 29.—At the close of the one-mile bicycle race here Herman Kugler, who had won second money, continued at full speed until the rope stretched across the street at the boundary line caught him across the neck, throwing him to the ground. He was carried home and died soon after, his neck having been broken.

Progressive Beemer.

BEEEMER, Neb., Sept. 29.—The establishment of a bank in this city is an indication of the town's progress. It is now doing business with G. Karlen as president, Felix Givens as vice president and W. A. Smith as cashier. Substantial improvements are under way in all quarters of the town and Beemer is advancing at a rate that bodes much for the future. Its weekly paper, the Times, is stirring up the people to the good work and is a potent inducement in the progressive spirit that is abroad. Put down Beemer as one of the live towns of this live state.

ALL OVER THE STATE

The Bartley Bond Case.

LINCOLN, Neb., Sept. 30.—The district clerk, on application from Attorney General Smyth, handed the sheriff an execution on the judgment in the Bartley bond case for him to serve upon the Lancaster county bondsmen. The amount of the execution is \$466,000, and this is to be served upon E. E. Brown, N. S. Harwood and John H. Ames. Mrs. Fitzgerald was released from liability in the trial court and her name is not included. Similar executions are to be served in each county where the bondsmen live or where property of the bondsmen is situated. An execution is said to have been served in Douglas county some time ago, but no reports have been received to indicate that property has been actually levied upon. Attorney General Smyth recently said in an interview that he favored a compromise between the legislature and the bondsmen in case the judgment is sustained. This has given rise to the belief that no property of the bondsmen will be taken until the supreme court assesses on the case filed yesterday by the bondsmen. Several of the bondsmen are reported to be execution proof.

Governor on the Boers.

LINCOLN, Neb., Sept. 30.—A New York newspaper telegraphed Governor Poynter that a public meeting would be held in New York city on or about October 9 to express sympathy of Americans with the Boer republic in its stand for independence. The governor was asked if he would authorize the use of his name as honorary vice president and send a brief sentiment for publication. His answer was: "I am glad to allow my name used in the furtherance of such a laudable object. Every American citizen who loves our republican government and believes in our grand Declaration of Independence must sympathize with any people struggling for liberty."

Reversal of Judgment.

LINCOLN, Neb., Sept. 30.—The bondsmen of ex-State Treasurer Bartley filed a petition in the supreme court asking for a reversal of the judgment given recently in the district court of Douglas county. The judgment was for \$466,318.45 and costs, taxed at \$263.56. The judgment was the result of a suit by the state against the official bondsmen of Mr. Bartley. The first trial in the district court resulted in a verdict for the defendant. The supreme court reversed the judgment and remanded the case for a new trial, and on the second trial judgment for the amount named was given. The bondsmen did not attempt to give bond to supersede the judgment, but now brings the case to the supreme court on error.

Young Man Crushed to Death.

FORT DODGE, Ia., Sept. 30.—A fatal accident occurred on the Illinois Central at Tara. Engineer Gray and Conductor McKinney were in charge of a gravel train to be used on the Fort Dodge & Omaha, when coupling pins broke in two places, allowing the parts of the train to come together. There were several employes on the train, and most of these were thrown from the cars by the jar, but all escaped without serious injury, with the exception of steel harmonica maker Newell, who fell under the wheels and had the life crushed out of him.

Anti-Toxin Association.

NEBRASKA CITY, Neb., Sept. 30.—The articles of incorporation of the anti-toxin association have been filed with the secretary of state and county clerk. The capital stock is placed at \$25,000, and the incorporators are Dr. S. J. Champney, H. C. Freeman, James W. Eaton, John W. James, John W. Steinhart, Joseph Serogus and W. A. Huegley. The business of the association is the manufacture and sale of anti-toxin serum and other chemical products.

Midway Cleared Out.

BURLINGTON, Ia., Sept. 30.—The "street fair" feature of the Burlington street fair is no more. It was situated on the Burlington route depot grounds by permission given with the understanding that no immoral exhibitions should be included. It was discovered that the shows were all vile and the authorities ordered the managers to suspend them. The order was ignored. The railroad officials then ordered Assistant McPartland to clear the grounds, which he did.

Girl's Suicide Plans May Fail.

FAIRFIELD, Neb., Sept. 30.—Elizabeth Hawes, aged 14, a domestic in the Kyril hotel, attempted suicide by shooting herself with a .32-caliber revolver. She had evidently laid deliberate plans to kill herself, as during the day she had asked the exact location of the heart and if a bullet through the heart would kill at once. The bullet passed through the left lung and lodged in the muscles of the back. She will likely recover.

Edgar Livery Barn Burns.

EDGAR, Neb., Sept. 30.—The livery barn on the corner of Fourth and D streets was found to be on fire and when discovered about 2 a. m. the fire was under such headway that the building could not be saved. Two horses, some harness and one carriage, also a quantity of grain and hay were burned up with the building. The fire is supposed to be incendiary. There was \$500 insurance on the barn, but none on the other property.

Insurance Complaints.

LINCOLN, Neb., Sept. 30.—George F. Staats and thirty-six other residents of Saunders county have petitioned Insurance Commissioner Bryant to investigate the management of the Grain Growers' Mutual Hill association of Omaha, a company that was licensed by Auditor Corns. Frank C. May and twenty-five farmers living near Hickman and John Wels and three others of Cedar Rapids have petitioned similar action. Mr. Bryant has advised the farmers to employ counsel as he has no funds to prosecute an investigation.
