Had Catarrh Nine Years—All Doctors Failed.

HON. GEORGE KERSTEN, OF CHICAGO.

Hon. Geo. Kersten, a well-known Justice of the Peace, of Chicago, says:

"I was afflicted with Catarrh for nine years. My catarrh was located chiefly in my head. I tried many remedies without avail. I applied to several doctors, but they were not able to cure me. 1 learned of the remedy, Peruna, through the daily newspapers. After taking the remedy for 18 weeks I was entirely cured. I consider my cure permanent, as it has been two and a half years since I was cured."

Any man who wishes perfect health | must be entirely free from catarrh. Catarrh is well-nigh universal; almost cures catarrh, but prevents it.

Constant Care.

Atsolute Cleanliness and Regulation as Necessary as for Any Other K'nd of Machinery. How to Keep it in Working Order.

There's a screw loose somewhere! One little screw in the big machine gets a triffe loose and the whole apparatus clogs, balks and refuses to work properly. A skillful engineer can tell by the "feel" of his engine when there's a screw loose. Occasional constipaton-call it costive-ness or biliousness-needs prompt attention. It clogs the whole delicate mechan-ism of man, and must be removed skill-

fully without force or shock. Only a vegetable laxative should be used, and Cascarets Candy Cathartic, which you can eat like a piece of candy, are the most agreeable, natural and effective of all laxatives.

Cascarets are the only antiseptic cathar-tic, and not only make the liver lively, remove obstructions in the bowcls, strength-en the intestines, but kill all germs of disease in the body. Therefore prevent as well as cure.

WORK FOR THE PRESIDENT

Senate Calls on Him for Report on Liquor

in Manilla. WASHINGTON, D. C., March 5 .- Mr. Pettigrew of South Dakota secured in the senate the adoption of the following resolution:

"That the president be requested, if not incompatible with public interest, to send the senate a statement of the number of salcons that have been established in Manilla, P. I., since the occupation of that city by the United States troops; who conducts these saloons, who are their patrons, and what kind of liquors are sold and the quantity of such liquor. The president is also requested to inform the senate or the number, if any, of saloons run on the American or English plan in Manilla before we occupied the place. The president is also requested to inform the senate whether or not it is within his power, as commander-inchief of our military forces, to suppress all saloons in Manila and prohibit and prevent the sale of liquor to our soldiers."

Dread Plague.

CHICAGO, Ill., March 5 .- The advisability of calling a conference of the sanitary officers throughout the United States to consider ways and means of keeping the bubonic plague from reaching this city is being urged upon the authorities at Washington. In answer to a leter sent by Dr. Reynolds, health commissioner here, to Dr. Walter Wyman, surgeon general of the marine hospital service, Dr. Wyman says the health commissioner's suggestion that a national conference be called to meet in April meets with his approval and will be considered.

In a letter to Surgeon General Sternberg, sent today, Dr. Reynolds calls at tention to the bodies of dead soldiers. which are constantly being brought back to the states, and suggests as a precaution against the spread of disease, especially the bubonic plague, that the practice be discontinued. As an illustration of the danger thus incurred, Dr. Reynolds reports that the casket recently brought from Luzon, containing the body of a Chicago man. who died on the island, was opened by the family, despite orders to the contrary from the war department, and the sanitary officers here.

Sore Hands 8 Years Cured.

Pain So Intense Would Nearly Twist Fingers From Sockets. Hands Puffed Up Like a Toad. Water Ran Through Bandages to Floor. Had to Walk the Floor Until Would Fall Asleep. Fingers Would Peel Like an Onion. Doctors Could Not Cure.

Eight years ago I got sore hands, commencing with a burning sensation on my fingers and on top of the hand. When I rubbed them, you could see little white pimples. I felt like twisting my fingers out of their sockets. I had high fever, and cold chills ran over me, and so I kept it going until I was tired out. Nights, I had to walk the floor until I fell asleep. My hands peeled like an onion, the finger nails got loose, and the water ran out, and wherever there was a little pimple there the burning fire wasthat happened at least ten times. I am running a blacksmith shop, horseshocing, and I would not shut up the shop for anybody, but it was hard. My hands puffed up worse than a toad. When I drove horse nails, the water from my hands ran through the bandage, on to the floor. My customers refused to look at my hand. I had a friend take me to the doctor; he gave a solution of something to bathe my hands. I went to another doctor, I think, for a year. I found your advertisement in a I tica newspaper, and I got the CUTICURA remedies. As soon as I used them I began to gain, and after using a small quantity of them I was entirely cured. I would not take fifty dollars for a cake of CUTEURA SOAP if I could not get any more. I would not suffer any more as I did, for the whole country. Feb. 22, 1898.
