## ARE IN HARD PLIGHT

### Foreign Forces in China Will Be Lucky to Escape Annihilation.

### 100,000 MEN NEEDED BY ALLIES

Casualties of International Relief Force at Tien Tsin Were 300—General Yann Shi Ki Has 11,000 Foreign-Drilled, Mauser-Armed Men.

LONDON, June 25.—The international forces in the section of northern China where 10,000 men are striving to keep a footing and to succor the legations in Pekin appears to be in increasing peril with every fresh dispatch. Pekin has not been heard from directly for fourteen days. The last dispatch was one imploring aid. Admiral Seymour's column of 2,000 was last heard from twelve days ago. At that time it was surrounded midway between Pekin and Tien Tsin. Possibly now it has reached Pekin.

The 3,000 internationals at Tien sin were hard pressed and fighting for their lives on Thursday and a relieving force of less than a thousand had been beaten back to Taku Friday. Observers on the spot think that 100,000 men would not be too many to grasp China firmly. The admiralty has received the following from the British rear admiral at Taku:

"CHE FOO, June 23.—Only one runner has gotten through from Tien Tsin for five days. No information could be obtained except that the foreign settlement had been almost entirely destroyed and that our people were fighting hard. News has been received as this dispatch is sent that an attempt to relieve Tien Tsin on June 22 was repulsed with some loss."

The telegram also said: "The allied admirals are working in perfect accord, with the Russian vice admiral as senior officer."

A press message from Shanghai, dated yesterday at 4 p. m., embodies some later information. It says:

"Official Japanese telegrams confirm the reports of a defeat of the allied forces at Tien Tsin. The foreigners there are now placed in a most desperate situation. Russian Admiral Hillebrandt yesterday sent a mixed force of 4,000 from Taku to attempt the relief of Tien Tsin. Nearly half of the force consisted of Japanese. The remainder was made up of contingents representing the other nations."

"The guns of the Chinese around Tien Tsin are superior to anything the European force has or is likely to have for some time. The bombardment of Tien Tsin continued on Friday. Bomb shields were hastily erected by the foreign troops, largely constructed of wetted piece goods. The food supplies are insufficient and the continued shelling is reported to be telling terribly."

"Among those killed of the relief force on Friday was the commander of H. M. S. Barfield. The foreign casualties were 300."

"Japan is making every effort. Her troops are now arriving at Taku in large numbers. The Chinese troops in the province of Chi Li include 60,000 auxiliaries who have been drilled by Russian and German officers."

Captain Beatty and Lieutenant Wright, British, have been severely wounded at Tien Tsin, according to a dispatch from Shanghai to the Daily Express. The information was brought there by the British cruiser Orlando from Che Foo and was dated Saturday. The losses of the Russians were heavy."

"General Yann Shi Ki, foreigner of Shan-Tung, commands 11,000 foreign-drilled troops, organized to a high degree of excellence and equipped with Mausers. It was in the plans that these troops should go to Taku, but the seizure of the forts was effected before they could get there."

Some of the special dispatches from Shanghai describe the great southern province of China as still quiet, but others assert that the news from the north is exciting the southerners to a dangerous height of feeling and that millions may rise any day. Shanghai is quiet, but there are fears of a rising. The action of the consuls in asking for the departure of the Six Chinese cruisers was objected to by the senior naval officer, who informed them that he had at his disposal a force sufficient to compel them to leave if they objected to the presence of the fleet. The Chinese cruisers are heavier armed than the vessels of the allies, among whose six vessels is the United States gunboat Castine.

The powers are said to have fatally underestimated the numbers, desperation and armament of the Chinese, who for three years have been accumulating rifles at the rate of 20,000 a month. The question here is, What are the powers going to do? Japan is preparing to transship this week 10,000 additional troops. Russia is sending down from Vladivostok all her available forces, estimated at from 8,000 to 9,000 men, although recent events have shown that the numbers of Russians on the Pacific coast has been overestimated. The Russian council held a special meeting yesterday and considered the feasibility of sending more troops.

## AWFUL LOSS OF LIFE.

Thirty-Persons Killed in Railroad Wreck at McDonough, Ga.

ATLANTA, Ga., June 25.—A passenger train on the Macon branch of the Southern railway ran into a washout one and a half miles north of McDonough, Ga., last night and was completely wrecked. The wreck caught fire and the entire train, with the exception of the sleeper, was destroyed. Every person on the train except the occupants of the Pullman perished. Not a member of the train crew escaped. Thirty-five persons in all were killed.

The train left Macon at 7:10 p. m. and was due at Atlanta at 9:45 last night. At this point connection is made for Columbus, Ga., and here every night the Columbus train is coupled on and hauled through to Atlanta. Last night, however, for the first time in many months the Columbus train was reported two hours late on account of a washout on that branch and the Macon train started out without waiting for its Columbus connection.

Tremendous rains of daily occurrence for the last two weeks have swollen all streams in this part of the south and several washouts have been reported on the different roads.

Camp's creek, which runs into the Ocmulgee, was out of its banks and its waters had spread to all the lowlands. About a mile and a half north of McDonough a creek comes some what near the Southern tracks and running alongside it for some distance finally passes under the road by a heavy stone culvert. A cloudburst broke over that section of the country about 6 o'clock last night and shortly after dark washed out a section of the track nearly 100 feet in length. Into this the swiftly moving train plunged. The storm was still raging and all the car windows were closed. The passengers, secure as they thought from the inclement weather, went to death without a moment's warning.

The train, composed of a baggage car, second-class coach, first-class coach and a Pullman, was knocked into kindling wood by the fall. The wreck caught fire a few minutes after the fall and all the coaches were burned except the Pullman car.

Every person on the train except the occupants of the Pullman car perished in the disaster. There was no escape, as the heavy Pullman car weighted down the others and the few alive in the sleeper were unable to render assistance to their fellow passengers.

For a brief time there was silence. Then the occupants of the Pullman recovered from the bewilderment and after hard work managed to get out of their car and found themselves on the track in the pouring rain. The extent of the capacity was quickly appreciated. The flames were seen coming over that part of the wreckage train began to go to pieces under the destructive work of both flames and flood human bodies floated out from the mass and were carried down stream by the swift current. The storm did not abate in fury. Flashes of lightning added to the steady glow of the burning train and lit up the scene with fearful distinctness.

Flagman Quinn, who was one of the first to get out, at once started for the nearest telegraph station. Making his way as rapidly as possible in the face of the blinding storm, he stumbled into the office at McDonough and after telling the night operator of the wreck fell fainting to the floor. Word was quickly sent to both Atlanta and Macon. The assistance was to be had, except in the latter city, and the washout prevented the arrival of any train from Macon.

## EIGHT LIVES CRUSHED OUT.

Rear-End Collision on Northwestern Road Near Green Bay, Wis.

GREEN BAY, Wis., June 25.—A wreck occurred on the Chicago & Northwestern road at Depere, a station five miles south of here, at 10:15 this morning. A north-bound passenger train, loaded with excursionists bound for the Saengerfest in this city, ran into a freight train about 100 yards south of the station. There were fifty-three persons injured and eight killed outright. One of those injured died before they could be taken to the hospital.

Of the injured about thirty are not in a serious condition. The excursion train was made up of Pond du Lac and was packed with people from that city, Oshkosh and Neenah. The first two coaches were a combination baggage and passenger and smoker and were almost entirely filled with Pond du Lac people. The freight, an especially long one, made up at Green Bay, was ordered to sidetrack at Depere station. Enough of the train to fill the passing track had been cut off and the remainder had just started to back up from the sidetrack back of the station. A curve in the main track cut off the view of the oncoming passenger train. A flag on the approaching passenger train. Suddenly it came into view, running at nearly full speed. It was flagged and many of the trainmen say that the air brakes did not work properly. The two trains crashed together. The first two coaches of the passenger train were telescoped and demolished, few of the passengers escaping injury. Some were killed outright, others were terribly mangled and legs and arms of some were broken. Others were badly crushed and maimed—all hemmed in amid the debris of the wrecked cars. The other cars were not dislodged from the track and none of the other coaches were damaged.

## BATTLE AT TIEN TSIN

### Eight Hundred Americans are Among Defenders of Besieged City.

### INTERNATIONAL FORCES ENGAGED

Chinese and International Forces Engaged in Sharp Fighting—Battle Lasts for Five Days—Foreign Ministers Reported Safe by Director of Telegraph Shanghai.

LONDON, June 23.—The silence of Pekin continues unbroken. Four thousand men of the allied forces were having sharp defensive fighting at Tien Tsin Tuesday and Wednesday, with a prospect of being reinforced on Thursday. This is the situation in China as set forth in the British government dispatch.

"Eight hundred Americans are taking part in the fighting at Tien Tsin," says the Shanghai correspondent of the Daily Express in his cable of last evening, "and they apparently form a part of a supplementary force, arriving with Germans and British after the conflict started. It is impossible to estimate the number of the Chinese there, but they had a surprising number of guns."

The information appears to have been brought by the United States gunboat Nashville to Che Foo and telegraphed thence to Shanghai. The Chinese are deserting Shanghai in large numbers and going into the interior. Reports from native sources continue to reach Shanghai of anarchy in Pekin. According to these tales the streets are filled day and night with Boxers, who are wholly beyond the control of the Chinese troops and who are working themselves up to a frenzy and clamoring for the death of all foreigners.

The English consulate at Shanghai is said to have received from influential natives reports of a tragedy in the palace at Pekin, though precisely what it is is not defined. The consulate thinks that Admiral Seymour, commander of the international relief column, was misled by information from Pekin, and consequently underestimated the difficulties in his way and the Chinese power of resistance with Maxim guns and Mausers. The consuls at Shanghai still believe the foreign ministers at Pekin safe, although Japanese reports received at Shanghai allege that up to June 15, 100 foreigners had been killed in Pekin.

## MAY MAKE TRIP TO HAVANA.

Proceedings for Neely's Removal to Cuba Are to Be Taken.

WASHINGTON, June 23.—It is understood that the United States attorney at New York will take action within the next day or two looking to the prompt removal of Neely, the alleged embezzler of Cuban postal funds, to Havana for trial. Judge Lacombe, before whom the case will be brought, expects to leave New York on July 2 and it is his wish that the matter be disposed of before his departure. Some days ago the government sent to Havana for copies of papers wanted in the case; also for a certified copy of article 401 of the old Spanish-Cuban laws against the crime of embezzlement. These papers have been received and forwarded to United States Attorney Burnett, who will prosecute the case.

Whole Town After a Negro.

ROCKPORT, Ind., June 23.—Theodore Gunsauld narrowly escaped lynching here. Last Wednesday Grant Ross, colored, was charged with insulting a white woman and the town was excited over the matter. Gunsauld in defending Ross made remarks that were considered as a reflection on all white women of the town, and when he discovered that a mob was being collected to take him, he got out of town. There is much excitement, and it is believed Gunsauld would be lynched if he could be found.

PHILADELPHIA, June 22.—President McKinley was unanimously renominated for president of the United States by the republican national convention at 2:44 o'clock yesterday and an hour and ten minutes later Governor Roosevelt of New York was unanimously selected to stand beside him in the coming battle.

The scenes attending the selection were tumultuous. Such unanimous demonstrations in honor of the nominee of a national convention have not been equalled perhaps in the history of politics in this country. It was a love feast, a jubilee, a ratification meeting.

Chairman Lodge's announcement that Governor Roosevelt had been nominated for vice president evoked a burst of applause that fairly shook the great steel-girded building to its foundation.

This closed the final business and at 2:24, on motion of Mr. Seno E. Payne of New York, the republican national convention of 1900 adjourned sine die.

## GOVERNMENT IS BLAMED

### Charge Made Against the Chinese by German Officials.

### SOLDIERS ORDERED TO DESERT

The Mongolians Will Be Obligated to Settle With the Foreign Powers Whose Interests Are at Stake—General Demand for More Troops.

BERLIN, June 21.—"The responsibility of the Chinese government for recent events," said a high official of the foreign office today, "is now clearly proved. It has been ascertained that 10,000 Chinese troops who deserted to the Boxers did so under the direct orders of the Chinese government. This is points in the same direction. This is the war of China against all foreigners, including Germans, and the point now is to go ahead vigorously, quickly and resolutely, no matter what the final outcome may be."

An inspired article in today's Kreuz Zeitung says: "Prompt and effective measures may be taken, even if a volunteers corps from the regular army is sent out, as the present German forces are insufficient."

The Berliner Tageblatt, which reliably reflects the view of political circles in Berlin, says: "A power which is unable in time of peace to promote envoys accredited to it from its own subjects, has ceased to exist as a state. We do not doubt that all the cabinets are inspired by a determination to save what can be saved."

## REPORTED ESCAPE OF KRUGER.

Boer President Said to Be on Sea, With Substitute in Car.

LONDON, June 21.—4:20 p. m.—A member of the British House of Commons, who has had an important connection with South Africa, is telling the story of a telegram alleged to have been received from Capetown, which says that Mr. Kruger has really escaped and is already on the seas bound for Europe and that the person occupying the executive car is not Mr. Kruger, but a substitute.

The British have penetrated the Transvaal territory as far as Machadodorp. Passengers who arrived at Lourenzo Marquez tell of heavy artillery being engaged and that the Boers abandoned Machadodorp, retreating northward. President Kruger is still at Iikmaar. Boer bulletins regarding General Dewet's operations along Lord Roberts' line of communication assert that two convoys were captured.

Many Starving to Death.

NEW YORK, June 21.—Miss Edna Terry, the American missionary who is believed to have been killed in the Boxer rioting near Tien Tsin, wrote a letter which has just been received in Brooklyn in which she says:

"We hear so many rumors that we do not know just what to believe. I cannot feel sorry that a change of some kind is coming. The people themselves say that things cannot be worse than they have been and I will welcome any change which promises better government."

"The condition throughout the country this year is dreadful beyond power to express. Even in the best years there is poverty such as we know nothing of in America."

Orders for Twenty-Second.

NEW YORK, June 21.—General MacArthur has not yet reported his selection of the two additional regiments to be sent to Tien Tsin on the transports Warren and Sherman, but the authorities of the War department think that one of them will be the Fourteenth or the Twentieth infantry, now on provost guard duty in Manila, the place of one or the other of them being taken by a regiment nearby. The other, it is thought, will be the Twenty-second infantry, now in the pacified section along the railroad, whence the Ninth was withdrawn.
