City, \$2.65; Stamford, \$2.25; Cricans, \$2;

Republican County Candidates.

As the candidates on the Republican
county ticket have all been accorded a
re-nomination, there remains no open-
ing for an introduction of the nominees
to the voters of the county; each and all
are well known, personally and by the
works they have done, and come before
the people of the county on the record
made.

Dr. J. E. Hathorn, whom the party
has re-nominated for representative,
made a careful, conservative and safe
representative in the legislature. His
experience in that body, two years ago,
has made him a much more valuable
man than he was at the opening of that
session; he has learned much that will
be helpful to him and to this constitu-
ency. It would be anything but the
part of wisdom for the voters of Red
Willow county to turn him down at this
election, and we don't believe that they
contemplate doing anything of that
kind. He is able and clean, and merits
the support of all good citizens—stand-
ing as he does for good government,
good laws, honest administration.

W. R. Starr, the nominee for county
attorney, also comes before the people
for re-election, and is willing to stand
upon the record made by him during the
past two years in the office of county
attorney. He is an old soldier; stands
well in his profession; is an old settler,
and promises by the earnest of his per-
formances in the past to give the people
of Red Willow county good service in
that office.

Henry Crabtree, the nominee by the
Republicans of the Second commissioner
district, is a veteran on the board, where
he has served a number of terms with
credit. Perhaps no man in Red Willow
county is better qualified than he for
that position. A careful man, he gives
the affairs of the county closest atten-
tion. His re-election will do the people
of the Second district proud.

MR. CROKER calls ex-Senator Hill a
sneak, and Comptroller Coler a sucker,
both expressive as well as characteristic
appellations greatly calculated to pro-
mote harmony in the Democratic party
in New York.

ALREADY the census man has found
over \$28,000 manufacturing establish-
ments, as against 322,638 in 1890. This
looks as though the trusts were not
crushing out individual enterprise at
such a great rate.

THERE has been, and is, a Democratic
ice trust in New York, and now there is
a Tammany poultry trust. There are
probably other trusts, but we have never
heard of one which undertook to make
its profits by literally robbing the poor.

THE Omaha World-Herald of recent
date contained an illustrated page "puff"
of Banker Shallenberger, the Fusion
nominee for congress. The illustrations
covered about everything important and
otherwise—but the nominee's Alma
bank.

MR. BRYAN says that the present
prosperity of the country is due to "an
unusual and unnatural stimulation." Is
it not better to continue the party in
power capable of producing unusual
stimulation rather than change for one
which produces unusual stagnation?

THOSE persons who cannot under-
stand why the Hon. Adlai E. Stevenson
can run on the Kansas City platform
after indorsing sound money in 1892,
simply admit that they are not acquaint-
ed with the record of the man. Mr.
Stevenson is fond of holding office.

A RECENT decision of Judge Holmes
of the Lancaster county district court
gives the Mid-Roaders the right to use
the name of Populist to designate their
ticket. The judge evidently thought
that as the other fellows did not want
to use the name by which they are gen-
erally known, there could be no objec-
tion to the Mid-Roaders having the
title.

Baby is Dead.

Mr. and Mrs. D. Spencer's little baby
died, last night. The funeral will take
place from the Spencer home, tomorrow
afternoon.

The Majestic has no real competition.
It's the finest range on earth and you
will join in the grand chorus of praise if
you use one a week.

Assaulted by Ruffians.
After making a speech and while re-
turning to his special train from the hall
in Victor, Colorado, Wednesday, Gov-
ernor Roosevelt was assaulted by a small,
but savage, gang of toughs. One of the
ruffians succeeded in striking the gov-
ernor in the breast with a stone, but only
slightly injuring him. The party got to
the train in safety and continued its
journey to Cripple Creek, where speeches
were made by the governor, the same
evening.

This cowardly affair reminds us of a
petty and contemptible incident that had
its scene located in Boulder, this summer,
in which a McCook lad figured. The
lad in question wore a McKinley button
and stepped into an establishment to get
the service of a pump to inflate the pneu-
matic tires of his bike. Seeing the
button the proprietor refused the request,
and upon the lad's refusal to remove the
button, the store-keeper ordered him out
of the establishment. Of such are cow-
ardly and intolerant political bigots.

Many of the characters in the Chinese
language are very suggestive of the rela-
tionship between husband and wife, and
leave no doubt as to the subordinate
position which the woman occupies in
Chinese domestic life. The part which
the Chinaman plays in securing his bride
is vigorously illustrated in the word to
seize, the character for woman crouching
under the Chinese symbol for claws,
while the character for wife, indicated
by a woman placed beside a broom, is
evidence of the Chinaman's opinion with
regard to the proper position of his help-
mate in his household.—October Ladies'
Home Journal.
