### To Mothers of Large Families.

In this workaday world few women are so placed that physical exertion is not constantly demanded of them in their daily life.

Mrs. Pinkham makes a special appeal to mothers of large families whose work is never done, and many of whom suffer, and suffer for lack of intelligent aid.

To women, young or old, rich or poor, Mrs. Pinkham, of Lynn, Mass., extends her invitation of free advice. Oh, women! do not let your lives be sacrificed when a word from Mrs. Pinkham, at the first approach of

weakness, may fill your future years with healthy joy.

"When I began to take Lydia E. Pinkham's Vegetable Compound I was not able to do my housework. I suffered terribly at time of menstruation. Several doctors told me they could do nothing for me. Thanks to Mrs. Pinkham's advice and medicine I am now well, and can do the work for eight in the family.

"I would recommend Lydia E. Pinkham's Vegetable Compound to all mothers with large families."—Mrs. Carrie Belleville, Ludington, Mich.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. ## THE MINERS ALARMED

Leaders Say Big Coal Companies are Trying to Crush Them.

### OPERATORS SNEER AT MITCHELL

They Will Not Grant the Concessions Demanded—An Ominous Stage of Negotiations Seems at Hand and Work appears in Sight.

SCRANTON, Pa., Oct. 20.—It is practically certain that the miners will not go to work Monday, as was expected from the action of the Philadelphia conference and the Scranton conference yesterday.

Some of the biggest of the local companies are talking at the agreement to continue the 19 cent agreement in force until April 1 next, as is demanded by the resolutions of the miners. They were willing enough yesterday to amend their notices to conform to these demands, but today they seem to have undergone a change of heart, and only one operator of any prominence would say outright that he would make the modification. They say it would be humiliating for them to come out with an amendment to their notices.

As one prominent operator put it: "The modification would serve but one purpose, and that is to gratify a whim of John Mitchell. We don't propose to waste any energy bowing and scraping to Mr. Mitchell."

WILKESBARRE, Pa., Oct. 20.—The strike leaders here are growing suspicious that there is some kind of an agreement between the coal companies by which they expect to break up the miners' union. The offer of the Reading company and the opposition to the same on the part of the other companies is something the miners cannot understand.

In a conference in Philadelphia Wednesday the Lehigh Valley agreed to the same terms with the Reading, so far as their collieries were concerned, but the company refused to make the same concessions to their operators in the Wyoming district.

The officers of the United Mine Workers here say there is no consistency in that. The action of the Lackawanna, Ontario & Western, Pennsylvania company and other large producers in combining with the Lehigh Valley on the powder question tends to confirm the views held by the officers of the union that a concerted effort is being made to get the better of the union and create a break in the ranks of the strikers. The operators who participated in the conference in Scranton say they are acting in good faith.

HAZLETON, Pa., Oct. 20.—As far as the United Mine Workers officials are concerned, matters are at a standstill in the anthracite miners' contest with the operators. There was nothing new in the situation today. Much disappointment was expressed in this region today because an early ending of the strike was prevented by reason of the powder grievance.

### BOERS KEEP UP THE FIGHTING.

Kelly-Kenny Obligated to Send Relief Column to Jagersfontein.

LONDON, Oct. 20.—Lord Roberts reports from Pretoria under date of October 19, as follows: A party of Boers got into Jagersfontein on the night of October 16 and a fight ensued in the morning. Our loss was eleven killed. The Boers lost their commandant and twenty killed.

### HERO TAKES HIS OWN LIFE.

Nicholas Scalp Experiences Ingratitude of Republic.

NEW YORK, Oct. 20.—Nicholas Scalp, a Swedish naval cook who was on the battleship Maine when it was blown up in Havana harbor, shot and killed himself in Brooklyn today. His jaw was shattered by flying iron in the Maine explosion and he had been unable to eat solid food since. This and the delay in getting an increased pension made him very despondent.

### Average Crop of Potatoes.

CHICAGO, Oct. 20.—The potato crop of the United States, according to the Orange Judd Farmer's final report, at the practical completion of the harvest, approximates 239,000,000 bushels, or nearly 5,000,000 bushels less than last year, and a fairly good yield compared with the average of the last ten years. Extremes in climatic conditions were responsible for holding the crop within bounds. Otherwise, the liberal area seeded last spring and the favorable start given to the crop would have brought a phenomenally heavy yield.

### Compromise in Kentucky.

FRANKFORT, Ky., Oct. 20.—The conference committee which has been considering the disagreement between the two houses of the legislature and which has been unable for the last few days to reach an agreement, today agreed on a report, which foreshadows the passage of an election law this week. A compromise substitute offered by the anti-Goebel democrats was adopted by the conference committee, 16 to 4, and it is nearly certain the bill will now pass.

### Dislike the Baron's Recall.

NEW YORK, Oct. 20.—Distrust of German's attitude in China has been revived as a result of information received here showing the hostility of the Berlin government to a policy of conciliation in the settlement of the far eastern question, says a Washington correspondent of the Herald. It has been learned that the recall of Baron Speck von Stornberg, the German charge d'affaires, was due to his efforts to smooth the road looking to a prompt, peaceful solution of the Chinese trouble.

### UNDER SENTENCE OF DEATH.

Empress Frederic and Sir Arthur's End is Near.

PARIS, Oct. 19.—(New York World Cablegram).—Empress Frederic cannot live more than six weeks. Both Emperor William, her son, and Queen Victoria, her mother, were so notified yesterday by the physicians in attendance. The dowager empress is afflicted with cancer of the spine, according to a high German physician who has arrived and who met here one of the foremost of British diplomats. The latter repeated the information to me.

Sir Arthur Sullivan is in Paris in charge of two attendants. He is on his way to the Riviera, but was compelled by extreme weakness to break the trip and stop here for rest. To some friends who called on him he expressed himself as sure that he shall never be able to return to England, realizing that his case is past helping. An eminent French physician, an old admirer of the distinguished composer of music, visited him today and afterward concurred in the invalid's conviction that he was doomed to an early death. It is uncertain how soon, if ever, Sir Arthur will be able to proceed south.

### SEES NEW ERA FOR AMERICA.

Archbishop Ireland Talks of This Country's Position in Commerce.

NEW YORK, Oct. 19.—Archbishop Ireland, just returned from an extended trip abroad, today gave out a statement of his impression of the showing made by the Americans in Paris. The only criticism to be made, in his opinion, is that in most cases artistic effect has been sacrificed for plain utility. This, he said, resulted in a failure to attract as might otherwise have been the case. The number of awards made to American exhibitors should make the people here proud of the part taken by the United States. The most pleasing feature, he added, was the American pavilion, where all Americans were made to feel at home. By the exhibit, this country's resources are better known than ever before, as seen by an increased demand for our products.

"A new era," said he, "has set in for us in commercial and diplomatic relations and with the opening of the twentieth century America steps into the front rank of nations."

### No Mercy for Bucket Shops.

CHICAGO, Oct. 19.—Board of Trade operators will tomorrow enter into what they call the last skirmish with the bucket shops. Thirteen of these concerns have been obliged to close their doors and thirteen more have at last given up their fight to secure the Board of Trade market quotations by roundabout means. One concern today was still using the quotations under a temporary injunction, but this case comes up on court tomorrow, when counsel for the board will present arguments for its dissolution. In view of Judge Kohlsaat's decision enjoining a number of local bucket shops from using the board's quotations, the directors expect another victory.

### Want to Bar Out Americans.

BIRMINGHAM, England, Oct. 19.—The Midland iron masters are inquiring of officials about the reported intention to prefer American manufacturers to British in awarding contracts for the executive railway and bridge construction contemplated in South Africa. Several of the principal iron men, who are conjointly making these inquiries, intend to organize a campaign to press the government into favoring British manufacturers if it is found that any contracts are likely to go to the United States, even though the American bids should be lower than the British.

### Yellow Fever Increasing.

HAVANA, Oct. 19.—Yellow fever is increasing here. It is said that there is not one block in the city but has contributed from one to seventeen cases. If there is no improvement there will soon be an exodus from here.

Frank W. Hayes, the general manager of the Havana branch of the North American Trust company, who is suffering from yellow fever, is very low and Mrs. Hayes has been isolated with him.

### President Sends Condolences.

WASHINGTON, Oct. 19.—President McKinley today sent a message of condolence to the family of ex-Postmaster General William L. Wilson, who died at Lexington, Va., yesterday. The president and Mr. Wilson served together in the house of representatives for several years and, despite their political differences, were warm personal friends.

### To Deport the Burglars.

PRETORIA, Oct. 19.—The Boers are daily tearing up portions of the railroad and cutting the telephone and telegraph wires. Their attacks are intolerable. The repairing linemen cannot leave the garrison points without considerable escorts. The only remedy seems to be to corral all the burglars and deport them, as none apparently can be trusted.

### Morton on Board of Arbitration.

WASHINGTON, Oct. 19.—There is some talk tonight of ex-Vice President Levi P. Morton as the third member on the part of the United States on the The Hague International Arbitration board. Mr. Morton was the president today, but at the White House neither confirmation nor denial of the reports was obtainable.

### American Gold May Come Home.

LONDON, Oct. 19.—The Times, discussing possible gold movements, says in its financial column: "In a normal year it would be safe to say the American demand had ceased, but the present year presents many variations. It would be rash to assume that Europe will not have to repay ere long a part of its borrowings. Germany, Russia and Great Britain at the present moment are more likely to be borrowers than repayers. It is probable that after the American election money will be easier to employ than now."

### Trouble Caused by One Letter.

The omission or insertion of a single letter has often upset a jury's verdict, and even a whole statute. Possession of valuable real estate in Ohio depends upon a single letter "s." The Cincinnati court of common pleas ruled against Joseph Irwin, the claimant, and sustained Peter Christmas, who has been a tenant for seven years past. The circuit court upset that judgment several weeks ago because the jury's report read, "On the issues," whereas there was but one issue involved. Last week the circuit court reopened the case on proof that the form of verdict was printed and hence the objectionable "s" which had caused all the trouble was not made by the jury.

### NEW OFFICIAL OF THE ST. PAUL.

F. A. Miller Appointed General Passenger Agent of the Big System.

F. A. Miller, a brother of Roswell P. Miller, chairman of the board of directors of the Chicago, Milwaukee & St. Paul Railroad company, has been appointed general passenger agent of that system (effective Oct. 15, 1900) to succeed George H. Heaford, recently resigned. The appointment of Mr. Miller to the head of the St. Paul passenger department was not unexpected, as he has been for several years the principal assistant general passenger agent of the company, making his headquarters in the Marquette building. There will be no assistant appointed to succeed Mr. Miller. The two other assistants, Messrs. Marsh and Merrill, will continue in their old positions.

General Passenger Agent Miller is widely known in the railway world, and is one of the most popular of passenger officials. He began his railroad career in 1874, and his good nature, character and ability have steadily advanced him in the service of the St. Paul system since 1883, when he entered the company's employ as a clerk in the passenger department, of which he now becomes the head. Mr. Miller was born at Harford, Pa.

### Using Our Discarded Inventions.

A business man is thus quoted in the New Orleans Times-Democrat: "I was in Manchester, England, last year, and went, by invitation, through a big meeting. In one department I was a little surprised to see a lot of workmen engaged on plows of a well known American pattern. 'Isn't that the same as Mr. So-and-So's plow?' I asked my guide, who was a member of the firm. 'Well, yes, substantially the same,' he said, looking a little confused, 'but you see there are no English patents, and we haven't any intention of putting it on the American market.' 'Well, I should say not!' I exclaimed, 'and you couldn't sell any of them if you did. That model was discarded months ago, an improved form has altogether taken its place.' The case is simply one out of dozens."

Now it is that foot ball comes rolling along and surgeons take new hope.

### Tale of Two Cities.

The cities of Detroit and Milwaukee have traveled together with singular closeness for many years. Back in 1850 Detroit had a population of 21,019 and Milwaukee 20,961, and in 1860 they stood 45,619 for Detroit and 45,246 for Milwaukee. During the next decade Detroit gained materially over the Wisconsin town, having some 8,000 more people, but the latter recovered nearly all the lost ground between 1870 and 1880, and in 1890 showed 204,486 against 205,876 for Detroit. Now they stand at 285,754 for Detroit and 285,315 for Milwaukee.

My Dear Mr. Editor: The Passenger Department of the Missouri, Kansas & Texas Railway begs leave to present to you under separate cover, by mail, a little souvenir, gotten up to remind our friends that our fast train, the "Katy Flyer," is still a flyer between St. Louis and the Gulf of Mexico. Best up-to-date equipment, and short hours to and from the cities of St. Louis, Kansas City, Hannibal, Sedalia, Ft. Scott, Nevada, Parsons, Denison, Dallas, Ft. Worth, Waco, Houston, Galveston and San Antonio.

Should our friend, the Editor, feel disposed to make mention of the souvenir in his paper, (a unique pen-knife), he will please say that the cost of the souvenir prevents its general free distribution. We shall, however, send a souvenir to any of our readers on receipt of twenty-five cents, being less than its cost. Very truly, James Barker, G. P. & T. A., St. Louis, Mo.
