

Russell's Helpful Wife.
The phenomenal amount of work which the late Lord Russell was able to get through is explained in part by the fact that he possessed in his wife not only a model of every domestic virtue, but an invaluable business ally. She was his account keeper, his banker, the manager of his investments and the adviser in all business affairs.

The man who knows enough not to know too much hardly ever has to ask for aid.

Glasgow as a Banker.
For some time the corporation of Glasgow has taken comparatively small sums of money on deposit, and the experiment has worked well. Emboldened by this success the progressive element of the city council proposed that banking should be added to the municipal undertakings.

If you have not tried Magnetic Starch try it now. You will then use no other.

Tired and Nervous.
People will derive great benefit from taking Garfield Headache Powders; they are made from Herbs; they soothe tired nerves.

The value of Mexican oranges sent to the United States last year was \$186,048, an increase of \$52,000.

\$3.00 W.L. DOUGLAS SHOES \$3.50

The real worth of W. L. Douglas shoes is \$3.00 and \$3.50 shoes compared with other makes is \$4.00 to \$5.00.

Our 84 Gilt Edge Line cannot be equaled at any price. Over 1,000,000 satisfied wearers.

WE USE FAST COLOR EYELETS

One pair of W. L. Douglas shoes will positively outwear two pairs of ordinary shoes.

FACTORY, BROCKTON, MASS.

Best \$3.50 shoe. Best \$3.00 shoe.

We are the largest makers of men's \$3 and \$3.50 shoes in the world. We make and sell more \$3 and \$3.50 shoes than any other two manufacturers in the U. S.

The reputation of W. L. Douglas shoes is known everywhere throughout the world. They have to give better satisfaction than other makes because the standard has always been placed so high that the wearers expect to get the same quality of shoes at any price.

THE REAL REASON more W. L. Douglas \$3 and \$3.50 shoes are sold than any other make is because THEY ARE THE BEST. Your dealer should keep them; we give one dealer exclusive sale in each town. Take no second best. Insist on having W. L. Douglas shoes with name and price stamped on bottom. If your dealer will not get them for you, send direct to factory, enclosing price and 2c. extra for postage. State kind of leather, size, and width, plain or cap toe. Our shoes will reach you anywhere. Catalogue free. W. L. Douglas Shoe Co., Brockton, Mass.

The Century in 1901 will have a series of articles on "Railroads and Railroad Men." The author, Major Charles DeLano Hine, is a graduate of West Point, who resigned as an officer of the army to become a freight brakeman, from which position he rose through various grades to that of general superintendent, besides finding time to serve as an officer of volunteers in the Santiago campaign. Major Hine is now in the service of the Interstate Commission as a railroad expert, and has exceptional opportunities for obtaining information.

Nothing to Learn.
A surgeon from the west reached New York a few weeks ago to take what is styled a hospital course. The practitioner with pill and scalpel falls behind, remarks Victor Smith, in telling the story in the Press, unless he occasionally visits New York to learn new devices, fakes and methods. This surgeon went to Bellevue hospital one morning to see an operation performed for the cure of hare-lip and left town next day, saying: "What's the use of wasting time? There's nothing for me to learn at Bellevue. Only a lot of green boys over there practicing on stiffs and mutilating the unfortunate victims of disease and poverty."

Our New Ambassador to Italy.
George von L. Meyer, who will succeed Ambassador Draper at the head of the American embassy in Rome, is one of the wealthiest men in Massachusetts. He lives in a magnificent house near Hamilton, Essex county, on a fine estate of 150 acres, adjoining the estate of his mother, who is herself blessed with an extraordinary quantity of the world's wealth. Mr. Meyer was born in Massachusetts in 1858 and is a graduate of Harvard with the class of 1879. His debut in politics was made several years ago in Boston, where he served as member of the common council and for one term as alderman.

Considered them the Devil's Own.
President Kruger, whose headquarters are now in a railway train, to which he takes kindly, in his early life was a strenuous advocate of the Boer notion that railways were introduced by the Evil One. When first Oom Paul was persuaded to travel by rail, while on a visit to Cape Town, he sat, ibble in hand, and prayed throughout the journey that he would not be smashed to pieces for thus having recklessly tempted Providence.

Playwright a Manufacturer.
Few persons know Mr. Henry Guy Carleton other than as a playwright. He is, however, the president of a manufacturing company with an office in one of the tall buildings on Broadway, New York, and there spends all the time not devoted to theatrical matters. The company manufactures Mr. Carleton's own electrical inventions, which are many and successful.

Philanthropic Bootblack.
The proprietor of a Philadelphia shoe-shining establishment has adopted a somewhat novel plan to aid the Galveston sufferers. He has a show case filled with bottles of polish for patent leather and russet shoes, and a sign on the case conveys the information that the proceeds of the sale will be devoted to the Galveston fund. The price of each bottle is dropped by the purchaser into a small glass globe.

A "Sight Unseen" Kipling Deal.
It is announced that Mr. Kipling has received \$25,000 for the serial rights of his new story, "Kim of the Rishit," and it is expected that the sale of the story in book form will bring him at least as much more. And yet no one knows whether it is worth that or not. It has been sold or bought on the strength of its author's name alone.

A New "Shell Game."
An ingenious mode of advertising is reported from a watering place on the south coast of England. An enterprising tradesman, who had noticed how eagerly people picked up shells, bought in at small expense a wagon load of mussel shells, stamped an advertisement on the inside of each, and scattered them seductively over the shore.

Scripture's Paris Medal.
The Paris exposition authorities have awarded a gold medal to Professor E. W. Scripture, head of the psychological laboratory of Yale university, for a device for testing color blindness. The device is of great practical value for testing the sight of applicants for railway and naval service.

At Paris the exposition authorities have closed the Transvaal pavilion because Mr. Pierson, the Transvaal commissary general, refused to remove the inscriptions insulting England.

A mother's tenderness and caresses are the milk of the heart.—De Guerin.

A dyspeptic is never on good terms with himself. Something is always wrong. Get it right by chewing Beeman's Peppin Gum.

Nature is in earnest when she makes a woman.—Oliver Wendell Holmes.

I am sure Piso's Cure for Consumption saved my life three years ago.—Mrs. THOS. ROBBINS, Maple Street, Norwich, N. Y., Feb. 17, 1900.

What is civilization? I answer, the power of good women.—Emerson.

Mrs. Winslow's Soothing Syrup.
For children teething, soothes the gums, reduces inflammation, allays pain, cures wind colic. See a bottle in every drug store.

A woman finds it a much easier task to do an evil than a virtuous deed.—Plautus.

What Shall We Have for Dessert? This question arises in the family every day. Let us answer it today. Try Jell-O, a delicious and healthful dessert. Prepared in two minutes. No boiling! no baking! add boiling water and set to cool. Flavors:—Lemon, Orange, Raspberry and Strawberry. At your grocers, 10 cts.

NO CHANGE IN POLICY
Cabinet Expresses Its Approval of Hay's Course in China.

ALL IMPORTANT MOVES ENDORSED
Bulk of American Troops Are to Be Sent Back to McArthur at Manila—European Reports as to New Attitude by United States Are Untrue.

WASHINGTON, Nov. 10.—All the members of the cabinet except Secretaries Long and Wilson attended the meeting today. They remained in session until nearly 2 o'clock, and discussed the Chinese situation as well as matters pertaining to Cuba, the Philippines and Porto Rico. Two of the three hours that the session lasted were occupied in a discussion of foreign affairs, necessitated in part by the fact that the president intends to treat exhaustively this subject in his forthcoming message to congress. Reference was made to the expressions in portions of the European press that the United States' policy regarding China would undergo marked change immediately after its election and it is authoritatively announced that after a most exhaustive review of every step of the Chinese difficulty, from its inception up to the present moment, delivered by Secretary Hay, the cabinet unanimously expressed its judgment that the policy so far pursued should be continued without change to its logical conclusion. Accordingly the present legation guard at Peking will be maintained and such troops as yet remain to be withdrawn, according to the original program, will be shipped to Manila. With this addition to his force General MacArthur is expected to renew the campaign against the rebellious Filipinos with the greatest energy. Administration officials here think that as soon as the result of the election becomes known throughout the Philippines, the resistance to the authority of the United States will be overcome.

Reformatory Law is Voted.
LINCOLN, Neb., Nov. 10.—The supreme court handed down an important decision relating to the Nebraska reform school law which will open the way for the successful prosecution of habeas corpus proceedings for the discharge of many of the boys and girls now confined in the state's industrial schools. The decision declares unconstitutional the legislative act which provides for the commitment of boys and girls under the age of 18 years. The constitution of the state fixes the age limit at 16 years and the court holds that persons over that age cannot be committed to either of the industrial schools unless convicted of crime under the criminal code. This decision was in the case of Scott against Flowers.

Missouri's Vote.
ST. LOUIS, Mo., Nov. 10.—Returns from 102 out of all 114 counties in the state indicate that Bryan's plurality will be between 40,000 and 50,000, as compared with 58,727 in 1896. Dockery (dem.) for governor, will receive between 25,000 and 32,000 plurality, as compared with 52,428, received by Stephens in 1896. The total vote in Missouri is estimated as follows: Bryan 379,000; McKinley 325,000. The fact that there was no fusion in Missouri between the democrats and populists this year accounts to a great extent for the democratic losses.

Want New Man in Cabinet.
INDIANAPOLIS, Ind., Nov. 10.—Leading republicans met today to induce, if possible, Harry S. New, national committeeman, to allow the use of his name for secretary of war. Mr. New has declined office so far and an effort will be made to get him to accept the cabinet appointment to which it is felt here Indiana is entitled. It is argued that no other state has made a record of republican gains equal to that of Indiana, which was regarded from the first as a close battle ground.

Over 100,000 Plurality.
DES MOINES, Ia., Nov. 10.—It is absolutely certain now that the corrected returns from every county in the state will show a plurality of more than 100,000 for McKinley and as much for the state ticket. The total vote, Chairman Weaver says, will be approximately: McKinley, 368,000; Bryan, 297,500; scattering, 25,000; total, 541,000. The returns also show that the constitutional amendment and the order for a constitutional convention have both carried.

Tanner for Senator.
CHICAGO, Nov. 10.—Governor John R. Tanner has declared himself a candidate for the United States senate to succeed Senator Cullom. Congressman Joseph G. Cannon of Danville may be a candidate later. He said today that he would look over the ground and if he found the situation favorable he would become a candidate.

Horse Thieves at Work.
BEATRICE, Neb., Nov. 10.—A fine driving horse belonging to O. B. Reeder of this city has been missing from Mr. Reeder's stables and has undoubtedly been stolen. The disappearance of several horses in this neighborhood of late clearly points to an organized gang of horse thieves working the district.

Requests Made to Mr. Bryan.
LINCOLN, Nov. 10.—Mr. Bryan is in receipt of many requests for a statement concerning his future plans and his attitude on public questions in view of Tuesday's result. He intimated today that he would, before long, enlighten the public fully, but for the present he has private matters which demand his attention. Mr. Bryan said today that he might not accompany Colonel Wetmore of St. Louis on his hunting trip to the Ozark mountains. His health is good and he does not feel the need of such a trip.

THE LIVE STOCK MARKET.
Latest Quotations from South Omaha and Kansas City.

Union Stock Yards, South Omaha—Cattle—There were only about 5,500 head of cattle on sale, and as the demand was good from all sources the market ruled active and stronger on all kinds of good cattle.

Packers all wanted cornfed cattle and bought up what were offered at good, strong prices. The better grades in some cases sold a little higher than the prices paid yesterday, and even the common kinds seemed to move fairly well. It was a good market from start to finish, and the prices paid were very satisfactory.

About fifteen cars would cover the receipts of cow stuff. There were quite a few cornfed cows and heifers and they sold at steady to strong prices. There seemed to be considerable demand for the better grades of feeders this morning, and the market was fairly active and a little stronger. The common grades did not move quite as readily, but still they brought fairly steady prices. Stock cows and heifers were in light supply and brought very satisfactory prices as compared with yesterday. There were only a few western grass cattle on the market today. The steers good enough for killers sold readily at fully as good prices as were paid yesterday, and the same is true of the cow stuff. The better grades of feeders also brought good strong prices and anything at all good was sold early.

Hogs—There were a few more hogs here today than arrived any day so far this week, but still the supply was not large. Other points sent in favorable reports, and as a result the market here opened up 25¢ higher. A few of the packers went out and bought up the better grades at \$4.75, and a few loads went as high as \$4.75. The bulk of the early sales went from \$4.50 to \$4.75, with the long string at \$4.75. After the first forty loads had changed hands packers lowered their bids and wanted to buy the best lots at \$4.70, and the others at \$4.67.

Sheep—The few cars of fat sheep and lambs that were offered this morning were bought up in a hurry at good, strong prices. As high as \$1.25 was paid for fed sheep and yearlings, and \$5.00 for the top lambs. A string of western grass stuff brought \$1.00. It was a good, active market, and it is safe to say that the prices paid today are 15¢ to 25¢ higher than the quotations of a week ago. Packers are all anxious for good stuff, and as the supply has been light they have had to pay good, strong prices for what they get. Quotations: Choice western wethers, \$3.75 to \$4.00; common grass yearlings, \$3.50 to \$4.00; choice ewes, \$3.25 to \$3.50; fair to good choice, \$3.00 to \$3.25; cull ewes, \$2.50 to \$3.00; good spring lambs, \$3.00 to \$3.50; good spring lambs, \$2.50 to \$3.00; feeder wethers, \$3.25 to \$3.50; feeder lambs, \$4.00 to \$4.50.

KANSAS CITY.
KANSAS CITY, Nov. 10.—Cattle—Receipts, 5,300 natives, 1,000 Texans, 800 calves. Market in excellent demand for all classes at an advance of 5¢; native steers, \$3.50 to \$4.00; packers' and gooders, \$3.00 to \$4.25; butcher cows and heifers, \$3.00 to \$4.00; canners, \$2.50 to \$3.00; fed westerns, \$3.75 to \$4.10; wintered Texans, \$3.60 to \$3.75; grass Texans, \$3.10 to \$3.40; calves, \$2.50 to \$3.00.

Hogs—Receipts, 9,300 head. Market active at an advance of 5¢; heavy, \$1.50 to \$1.75; mixed, 4.75 to 4.85; light, \$1.50 to \$1.65; pigs, \$1.50 to \$1.65.

Sheep and Lambs—Receipts, 5,100 head. Market active and firm; lambs, \$3.50 to \$4.00; mixed, \$4.00 to \$4.50; stockers and feeders, \$3.25 to \$3.50; culls, \$2.50 to \$3.00.

MR. BRYAN'S CONSCIENCE CLEAR.
Comes Out of the Campaign Satisfied With His Action.

LINCOLN, Neb., Nov. 10.—Mr. Bryan, talking with a press interviewer, had this to say personally: "I have come out of the campaign with perfect health and a clear conscience. I did my utmost to bring success to the principles for which I stood. Mr. Stevenson did all that he could. Senator Jones and the members of the democratic, populist, silver republican and anti-imperialist committees did all they could. Mr. Hearst and his associates in the club organization put forth their best efforts. Our newspapers, our campaign speeches and our local organizations all did their part. I have no fault to find and no reproaches. I shall continue to take an active interest in politics as long as I live. I believe it to be the duty of the citizen to do so, and in addition to my interest as a citizen, I feel that it will require a life-time work to repay the political friends who have done so much for me. I shall not be a senatorial candidate before the legislature which has been elected. Senator Allen deserves the senatorship which goes to the populists. Mr. Hitchcock and Mr. W. H. Thompson are avowed candidates for the senatorship. They are both deserving of the party and I am too grateful to them for past support to oppose them.

Buy State Census.
WASHINGTON, D. C., Nov. 10.—The population of the state of Massachusetts by counties and minor civil divisions was officially announced today. The population of the state in 1900 is 2,855,348, as compared with a population in 1890 of 2,236,943, showing an increase of 566,405, or 25.2 per cent. For the preceding decade it was 25.5 per cent. The rate of increase has been exceeded but once in the history of the state, namely, from 1840 to 1850, when the population increased 34.8 per cent. The total land surface of Massachusetts is approximately 8,040 miles (square).

Smallpox Among Indians.
WASHINGTON, D. C., Nov. 10.—The Indian bureau has received a telegram from the Shoshone agency, in Wyoming, announcing that smallpox had broken out at Lander, near the Indian reservation. Vaccine virus for 1,700 persons, which the agent asks to have dispatched him immediately, has been forwarded.

Senator Dav's Better.
ST. PAUL, Minn., Nov. 10.—United States Senator Davis spent a good night and was feeling comfortable today, his injured foot causing him little inconvenience. The senator's pulse and his physicians anticipate rapid recovery.

Maine Victims' Monument.
NEW YORK, Nov. 10.—Gen. James Grant, Wilson, chairman of the committee on site and design of the monument to the sailors who perished in the Maine disaster and the soldiers who died in the Spanish-American war announces that the committee, after examining forty-three submitted designs, selected as the best three in the first competition those of the following: Austin Hays, sculptor; O. Piccirilli, assistant with H. Van Buren Magonigle, architect, and George Julian Zolnay, sculptor.

How Mothers may Help their Daughters into Womanhood

Every mother possesses information of vital value to her young daughter. That daughter is a precious legacy, and the responsibility for her future is largely in the hands of the mother. The mysterious change that develops the thoughtless girl into the thoughtful woman should find the mother on the watch day and night. As she cares for the physical well-being of her daughter, so will the woman be, and her children also.

When the young girl's thoughts become sluggish, when she experiences headaches, dizziness, faintness, and exhibits an abnormal disposition to sleep, pains in the back and lower limbs, eyes dim, desire for solitude, and a dislike for the society of other girls, when she is a mystery to herself and friends, then the mother should go to her aid promptly. At such a time the greatest aid to nature is Lydia E. Pinkham's Vegetable Compound. It prepares the young system for the coming change, and is the surest reliance in this hour of trial.

The following letters from Miss Good are practical proof of Mrs. Pinkham's efficient advice to young women.

Miss Good asks Mrs. Pinkham for Help.

June 12th, 1899

"DEAR MRS. PINKHAM:—I have been very much bothered for some time with my monthly periods being irregular. I will tell you all about it, and put myself in your care, for I have heard so much of you. Each month menstruation would become less and less, until it entirely stopped for six months, and now it has stopped again. I have become very nervous and of a very bad color. I am a young girl and have always had to work very hard. I could be very much pleased if you would tell me what to do."—Miss Pearl Good, Cor. 29th Avenue and Yeslar Way, Seattle, Wash.

The Happy Result.

February 16th, 1900.

"DEAR MRS. PINKHAM:—I cannot praise Lydia E. Pinkham's Vegetable Compound enough. It is just simply wonderful the change your medicine has made in me. I feel like another person. My work is now a pleasure to me, while before using your medicine it was a burden. Today I am a healthy and happy girl. I think if more women would use your Vegetable Compound there would be less suffering in the world. I cannot express the relief I have experienced by using Lydia E. Pinkham's Vegetable Compound."—Miss Pearl Good, Cor. 29th Avenue and Yeslar Way, Seattle, Wash.

\$5000 REWARD

Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank of Lynn, Mass., \$5,000, which will be paid to any person who can show that the above testimonial is not genuine, or was published without obtaining the writer's special permission.—LYDIA E. PINKHAM, MEDICINE CO.

DON'T STOP TOBACCO SUDDENLY

It injures nervous system to do so. BACCO-CURO is the only cure that REALLY CURES and restores you when you stop. Sold by BACCO-CURO is vegetable and harmless. It has cured thousands of cases. It will cure you. At all drug stores, or by mail, prepaid, \$1.00 per box. EUREKA CHEMICAL CO., La Crosse, Wis.
