BANKSVILLE.

H. I. Peterson was a McCook visitor, Saturday.

Prof. Ivison, of Lonaconing, Md., suffered terribly from neuralgia of the stomach and indigestion for thirteen years and after the doctors failed to cure him they fed him on morphine. A friend advised the use of Kodol Dyspepsia Cure and after taking a few bottles of it he says, "It has cured me entirely. I can't say too much for Kodol Dyspepsia Cure." It digests what you eat. Every woman in the country ought to know about

Mother's Friend

Those who do know about it wonder how they ever got along without it. It has robbed childbirth of its terrors for many a young wife. It has preserved her girlish figure and saved her much suffering. It is an external liniment and carries with it therefore, absolutely no danger of upsetting the system as drugs taken internally are apt to do. It is to be rubbed into the abdomen to soften it and strengthen the muscles which are to bear the strain. This means much less pain. It also prevents morning sickness and all of the other discomforts of pregnancy. A druggist of Macon, Ga., says: "I have sold a large quantity of Mother's Friend and have never known an instance where it has failed to produce the good results claimed for it."

A prominent lady of Lamerton, Ark., writes: "With my five six children I was in labor from 24 to 30 hours. After using Mother's Friend, my seventh was born in 4 hours."

Much alfalfa has been sown around in this locality lately. Our farmers have profited so well from their alfalfa seed this last fall and winter, that they are more eager to care for it than before. It is estimated that about 3000 bushels were raised around Danbury last fall, and has been selling from \$3.75 to \$5, according to quality. Most all of the seed has been disposed of already and but a small portion remains in the farmers' hands not yet sold.

U. W. Oldinger died at the home of his daughter, Mrs. J. C. Roesch, about four miles east of town, Tuesday evening, about the hour of twelve. He had been ailing for some time and was making preparations to start on a pleasure trip up the Platte river, and there on west, for his health, but was taken to his bed about a week ago, and thus ending his journey in this world. He leaves a wife and six children, all grown. Services will be held Saturday at the Congregational church and the remains will be buried at the Danbury grave yard west of town.

Our weather man, who has been absent for some time past, returned, last Saturday, and favored us with a fine rain and snow. The storm began, Friday evening, with a rain and continued until Saturday evening, when it commenced snowing, followed by a high wind. The drifting snow did not damage the farmer as much as it did our railroad up this valley. The snow plow cleared up the main line and the Oberlin branch, Monday, and came up this line, Tuesday, to dig out the east bound train at St. Francis, which was unable to get out of the yards at that place. The plow went along as far west as Atwood, where it ran into a snow bank about twenty feet deep, and the snow being so packed that they have been unable to get through up until today (Thursday). During the mean time the snow plow was wrecked and one engine was thrown from the track. Wednesday, another plow was called to their assistance, together with a wrecking crew, and the road on through will soon be opened again. The snow, it is said, drifted in a cut of about half a mile in length to the depth of nearly twenty feet, and was one of the worst storms that has been witnessed for years in that part of the country.

Roosters often crow over eggs they did not lay. Same with people who sell an imitation Rocky Mountain Tea, made famous by the Madison Medicine Co.'s advertising. 35c. Ask your druggist.

The stomach controls the situation. Those who are hearty and strong are those who can eat and digest plenty of food. Kodol Dyspepsia Cure digests what you eat and allows you to eat all the good food you want. If you suffer from indigestion, heartburn, belching or any other stomach trouble, this preparation can't help but do you good. The most sensitive stomach can take it. McConnell & Berry.

An Honest Medicine for LaGrippe. George W. Wait, of South Gardner, Me., says: "I have had the worst cough, cold, chills and grip and have taken lots of trash on no account but profit to the vendor. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one bottle of it and the chills, cold and grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by McConnell & Berry.

Pity and Beauty

The most beautiful thing in the world is the baby, all dimples and joy. The most pitiful thing is that same baby, thin and in pain. And the mother does not know that a little fat makes all the difference.

Dimples and joy have gone, and left hollows and fear; the fat, that was comfort and color and curve—all but pity and love—is gone.

The little one gets no fat from her food. There is something wrong; it is either her food or food-mill. She has had no fat for weeks; is living on what she had stored in that plump little body of hers; and that is gone. She is starving for fat; it is death, be quick!

Scott's Emulsion of Cod Liver Oil is the fat she can take; it will save her.

The genuine has this picture on it, take no other. If you have not tried it, send for free sample, its agreeable taste will surprise you. SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y. 50c and \$1.00 all druggists.
