## THE BEE HIVE.

McCook, Nebraska

### A California Opportunity.

September 19th to 27th, both dates inclusive, any Burlington Route ticket agent will sell you a round trip ticket to San Francisco at less than regular one-way rates.

The occasion is the grand convention of the Episcopal church, and the rate is open to the general public as well as to the delegates to the convention.

No more delightful outing can be imagined. The trip is made at a time of year when traveling is a pleasure and climate of California at its best.

The return limit—November 15, 1901, is an unusually long one for tickets sold at so low a rate. Stop-overs are allowed at pleasure, both going and returning, at and west of the first Colorado, Wyoming or Montana point en route. All in all, the opportunity is one which no man or woman who contemplates a visit to California can afford to overlook.

Folder giving details mailed on request. Burlington ticket agent agents are in a position to give any further information that may be desired.—9-6-4ts. J. FRANCIS, Gen. Passenger Ag't, Omaha, Nebraska.

MR. EDITOR—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with the bronchitis and could not sleep at nights. BRUCKMANN, Bagnell, Mo. This remedy is for sale by McConnell & Berry druggists.

### Sugar Beet Samples.

The sugar beet growers are sending in to the factory at Grand Island samples of their beets a new developed and a TRIBUNE representative dropped into C. H. Meeker's office, close of last week, to inspect the samples before shipment was made.

The samples were divided into two classes, irrigated and non-irrigated. William Byfield, David Deveney and S. P. Hart represented the non-irrigated and E. J. Baker, W. E. Bower and Horatio Stone the irrigated beets.

By far the best showing in the first-mentioned class is that of William Byfield. It is stated that his beets will average 20 tons to the acre—a remarkable production, which is attributed to a splendid stand and superior weeding and cultivation. David Deveney's average per acre is placed at 10 tons, and S. P. Hart's at 8.

Among the irrigators Horatio Stone's exhibit was fine—four of the beets sent in by him weighing 40 pounds. He places his prospect at 20 tons to the acre or better. The average for E. J. Baker is named as between 15 and 20 tons per acre. W. E. Bower was one of the severe sufferers from the terrible hail and rain storm of early in the season, but notwithstanding it is thought that his average will reach 15 tons per acre.

The prospects are that the sugar beet men will all come out, this season, on the credit side of the ledger in fine shape. Following are the analyses of the beets sent to Grand Island from this point. It is said by those posted to be a very excellent showing:

FARMER	AV. WT.	SUGAR	PURITY
E. J. Baker	1.85	7.8	73.2
W. E. Bower	1.75	7.6	72.7
Wm. Byfield	1.85	8.7	76.3
W. E. Corwin	2.49	8.2	72.9
D. Deveney	1.36	8.3	73.1
C. W. Goheen	2.30	8.3	73.7
S. P. Hart	.44	8.5	79.7
C. A. Little	3.85	8.7	75.2
E. E. Rogers	2.94	7.3	71.9
H. Stone	2.10	8.5	76.1
C. F. Woker	3.37	8.7	74.6
Gerald Wilcox	1.95	8.1	75.2

### If a Woman

wants to put out a fire she doesn't heap on oil and wood. She throws on water, knowing that water quenches fire. When a woman wants to get well from diseases peculiar to her sex, she should not add fuel to the fire already burning her life away. She should not take worthless drugs and poisons composed of harmful narcotics and opiates. They do not check the disease—they do not cure it—they simply add fuel to the fire.

Bradfield's Female Regulator should be taken by every woman or girl who has the slightest suspicion of any of the ailments which afflict women. They will simply be wasting time until they take it. The Regulator is a purifying, strengthening, and periodical suffering, irregular, scanty or painful menstruation; and by doing all this drives away the hundred and one aches and pains which drain health and beauty, happiness and good temper from many a woman's life. It is the one remedy above all others which every woman should know about and use.
