Women are Like

Flowers. Healthy and strong they blossom and bloom. Sickly, they wither and die. Every woman ought to look well and feel well. It's her right and duty, but she might as well try to put out a fire with oil as to be healthy and at-tractive with disease corroding the organs that make her a woman. Upon their health depends her health. If there is inflammation or weakening drains or suffering at the monthly period, attend to it at once. Don't delay. You're one step nearer the grave every day you put it off. Women can stand a great deal, but tney cannot live forever with disease dragging at the most delicate and vital organs in their body. You may have been deceived in so-called cures. We don't see how you could help it—there is so much worthless stuff on the mirlet. But you won't be disappointed in Bradfield's Female Regulator. We believe it is the one medicine on earth for womanly ills. There is as much difference between it and other so-called remedies as there is netween right and wrong. Bradfield's I emale Regulator soothes the pain, stops the drains, promotes regularity, strengthens, purifies and cleanses. It does a'd this quickly and easily and naturally. It is for women alone to decide whicher they will be healthy or sick. Profiled's Populator lies at hand. Si probattle at drug store. have been deceived in so-called cures.

There seems to be a scarcity of men to do the farm work, this fall, and women farmers are more conspicuous than ever; hay raking, hay stacking, corn husking, etc., falling to their lot. On one occasion a fair lady hitched up and started for McCook at 3 o'clock in the morning to get a doctor for her sick husband.

Brain-Food Nonsense.

Another ridiculous food fad has been branded by the most competant authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles. and still another for bones. A correct diet will not only nourish a particular part of the body, but it will snstain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Women and Jewels.

Jewels, candy, flowers, man-that is the order f woman's preferences. Jewels form a magnet of mighty power to the average woman. Even the greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the noney to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insiduous consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at McConnell & Berry.

"I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack.
