A Printer Greatly Surprised.
"I never was more surprised in my life, as I was with the results of using Chamberlain's Pain Balm." says Henry T. Crook, pressman of the Asheville (N. C.) Gazette. "I contracted a severe case of rheumatism, early last winter, by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette I noticed that Pain Balm was positively guaranteed to cure rheumatism, so bought a bottle and before using two-thirds of it my rheumatism had taken its flight and I have not had a rheumatic pain since."
