Ran a Nail Through His Hand.

While opening a box, J. C. Mount of Three Mile Bay, N. Y., ran a ten-penny nail through the fleshy part of his hand. "I thought at once of all the pain and soreness this would cause me," he says, "and immediately applied Chamberlain's Pain Balm and occasionally afterwards. To my surprise it removed all pain and soreness and the injured part was soon healed." For sale by McConnell & Berry.

The new stone and brick sidewalk along the west front of block 27, Main avenue, is now about finished. A substantial four-inch-thick stone curb extends along the gutter front of the entire block. The sidewalks have all been placed on grade, making it the best-paved and only uniform sidewalk in the business part of the city.

The people over on the west side want a sidewalk ordered built along the south front of block 5, original town, on West Dearborn street. The desired sidewalk would connect with Main avenue walks over the sidewalk on the south side of the court-house block. More east and west walks are needed in the city and must eventually be built.

Loss of Engines is Serious. Two of the Burlington's big freight engines were put out of service by the Seward wreck. Since the rush season commenced the Burlington has had a number of wrecks that have been chiefly remarkable for putting engines on the hospital list. Two on the Wyoming division, one serious one on the Western division, and two slight ones on the Northern division preceded the wreck at Seward and made work heavier in the Havelock shops, besides taking out of service seven or eight engines when they were most needed.

"The property damage was considerable," said a Burlington man, "yet the greatest loss is the service of the engines. They could have earned more than the loss amounts to in half the time it will take to repair them."—Journal, 16th.

The Worst Form.

Multitudes are singing the praises of Kodol, the new discovery that is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill of Troy, I. T., writes: "For a number of years I was troubled with indigestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodol and after using four bottles I am entirely cured. I heartily recommend Kodol to all sufferers from indigestion and dyspepsia. Take a dose after meals. It digests what you eat." McConnell & Berry.
