MEAN TO STOP HOLDUPS.

Railways May Combine to Throttle Train Robbing as an Industry.

CHICAGO .- Train robbery as an industry may be throttled through the concerted action of railroad and express companies operating throughout the middle west.

Local officials of some of the roads directly interested, through recent holdups, have been spurred to drastic measures. The Davenport robbery of the fast Rock Island train was the straw that broke the camel's back. The compuany, in conjunction with the United States Express company. jointly offered a reward on Monday of \$5,000 for the arrest and conviction of the men who robbed their train.

In addition the Burlington officials announced that a dead train robber would be worth \$1,000 to any of its employes.

Officials of the Chicago, Milwaukee & St. Paul, Illinois Central and Chicago & Alton roads coincided with Mr. Delano's statement, and declared that they would not hesitate to bear their share of any burden brought about by democratic by a plurality of 44.695.

Trusts, Tariff and Reciprocity Wil Also Be Taken Up.

WASHINGTON-The admission of the territories of Oklahoma, New Mexico and Arizona as states of the union will probably be the subject of most importance to receive attention by the senate at the coming session.

After the omnibus territorial bill passed the house last season its friends in the senate were so insistent on action and so strong in point of numbers that in the interest of other pending legislation a unanimous agreement was reached that the committee on territories should report next Wednesday, December 3, and a week later the bill will be come the unfinished business of the senate. This means that unless the measure is displaced by vote or by unanimous consent it will occupy the first place on the senate calendar until disposed of.

It is the current expectation that this program will be carried out, whether the committee's report is favorable or unfavorable, as the agreement contemplated consideration, regardless of the character of the report.

There is no definite information as to what the committee's decision will be, but at the last session all the republican members of the committee except Senator Quay voted to defer consideration, while Senator Quay and all the democratic members voted for immediate action, the result being a majority of one for postponement. It is known that some of the republican members favor an amendment of the bill so as to provide for the admission of Oklahoma only, and it is the prevailing opinion that the committee will divide on this proposition, all republican members except Senator Quay being considered favorable to it. However, the transposition of one republican vote would insure the report of a bill to admit all three territories.

Taft and Guidi Negotiate.

MANILA-Governor Taft and Archbishop Guidi have commenced the negotiations for the settlement of the pending questions between the church and the state and have agreed to hold at least three sessions weekly until a conclusion has been reached. Governor Taft will give a dinner in honor of Mgr. Guidi next Monday.

JEFFERSON CITY, Mo .- The state vote in the recent election was canvassed Tuesday by Secretary of State Cook, showing that Missouri went partial movement to eradicate the As compared with 1900 the demoprobably be referred to the judiciary committee.

There is some question of jurisdiction. If a bill invokes the interstate commerce clause of the constitution it should properly go to the commerce committee, and if the taxing power of the government, to the ways and means committee; but to secure uniformity all bills dealing with the subject have gone heretofore to the judiciary committee and this practice will be followed unless a fight for jurisdiction is made.

The leaders have already resolved to expedite the appropriation bills as much as possible in order to allow the largest margin of time for other mat ters. Mr. Cannon, chairman of the appropriation committee, indeed believes the legislative, executive and judicial, and the pension bills can be disposed of before the holidays. His committee will go to work at once and prepare the supply bills as rapidly as possible. The legislative and pension bills will probably be read before the end of the week.

NEBRASKA IS TRIUMPHANT.

Winds Up the Foot Ball Season with a Great Victory.

LINCOLN-The foot ball season of 1902 at the University of Nebraska was terminated Thursday in a blaze of glory. Before 6,000 people, the greatest crowd that ever assembled about a Nebraska gridiron, the unbeaten Cornhuskers administered a decisive defeat to the Northwestern university eleven, scoring twelve points and emerging from the contest with their own goal line still uncrossed, a record not achieved by any other college aggregation in the country.

Nebraska, not having lost a game this season or even being scored against, on the record claims the championship of the west. It defeated Minnesota, which in turn defeated Wisconsin and Chicago, against which Nebraska did not play. Michigan on Thursday also defeated Minnesota, and while it was by a larger score than Nebraska's victory, it was scored against in this game, as well as several others during the season.

If District Attorney Summers is indifferent in the matter I shall report so to the attorney general, as I have once before reported. As for the interview recently given out by Special Agent A. M. Lesser, concerning the charges against him, it is simply an evasion of the real charge, which is obtaining money from the government by the use of false and fraudulent vouchers. Senator Allison, at whose instance he was originally appointed. has not yet spoken in his behalf. Senator Millard has requested his reinstatement, but that is because those cattlemen up there want Lesser kept. I haven't heard anything from Senator Dietrich."

WASHINGTON-After a year's service Adam McMullen has resigned the position of private secretary to Senator Dietrich to engage in business in his own behalf at his home. Mr. Mc-Mullen came to Washington five years ago and after graduating with high honors from Columbian Law college accepted a position in the war department, which he held until appointed Senator Dietrich's secretary last year. He has served the senator efficiently and was requested to remain in the position, but Mr. McMullen decided that it was better for him to adhere to his original intention.
