# TWENTY-SECOND YEAR

The

### McCOOK, RED WILLOW COUNTY, NEBRASKA, FRIDAY EVENING, JULY 3, 1903.

NUMBER 5

Increased Attendance, Solid Interest. This closes the first month of the Mc-Cook Junior Normal School, and results are reaching expectations in many respects and justifying the hopes of the state's educational department in the establishment of these summer schools. The attendance has increased about fifteen this week, and the interest of the pupils in the normal has settled down to a solid basis which is giving the best re. sults, and is very satisfactory to those instructing.

Rev. C. R. Betts of the Baptist church addressed the normal at the chapel hour, Thursday.

The first concert by the music department of the normal will be given some time about the close of July. THE TRI-BUNE has assurances that it will be worth while.

James the Knocker has finally decided not to be identified "officially" with the McCook Junior Normal School. However, ten teachers from Hitchcock county are in attendance upon the normal.

The next lecture will be given by Dr. W. A. Clark, president of the Peru State Jormal School. He will be with us July 13th and 14th. His addresses will be on the attitude of the junior normal to the parent institution at Peru Sheridan, J. K. Carter, Ida Donnelly, Edna Holand on pedagogical topics.

Miss Edna D. Bullock, secretary of the State Library Commission, will spend one whole week at the normal sometime during the session, and will speak each day of some aspect of the library work, how to select books, how to follow a regular and systematic course of reading, and kindred subjects.

and A. O. Thomas and G. H. Thomas spoke briefly.

The address by Deputy State Sup't Lincoln," was appreciated by all who taking further testimony. heard it. Mr. McBrien has made a special study of American history, lately, and of the life of Abraham Lincoln in particular, and in a short address gives some very interesting and entertaining thoughts of that great and glorious character in our history. There was a ment of the school.

The state educational department is determined as far as possible to recognize the work of the junior normals, and the different county superintendents have fallen in line with this expressed sions of the normal have special claims and look over his selection. for recognition by those employing teachers.

Dean Fordyce of the Wesleyan Uni versity, Lincoln, was with the normal two days of this week. Monday, in the chapel hour and following period, he spoke to the normalites on the "Physistruction and interest generally. The wants in this direction. Dean is an expert on the subject of child nature, and his words have great weight. Tuesday morning, at the chapel period, he continued and finished the topic In the afternoon he spoke before the class in elemental agriculture. His remarks were in the line of a nature study, and he used a chloroformed chicken as an object lesson. All his appearances before the normal were very helpful and profitable.
