Dark Hair

"I have used Aver's Hair Vigor for a great many years, and although I am past eighty years of age, yet I have not a gray hair in my head." Geo. Yellott, Towson, Md.

We mean all that rich. dark color your hair used to have. If it's gray now, no matter; for Ayer's Hair Vigor always restores color to gray hair.

Sometimes it makes the hair grow very heavy and long; and it stops falling of the hair, too.

PUBLIC FREE LIBRARY NOTES.

To complete volumes the library requires magazines as follows: Harper's-October, 1886, and February, 1901; Scribner's-February, July and August, 1887. July, 1889, August, 1902, and May and June, 1903. Anyone who may have these numbers, and who is willing to part with them, will confer a favor by leaving them with the librarian.

The library also received this week, through the courtesy of Congressman Norris, about four hundred volumes of government reports. These are of varying degrees of usefulness and practicacability; but some of them, at least, are books of rare interest and value, and are supplied with splendid maps and superb illustrations. Many of them will warrant a close inspection, if nothing more, from the public at large, while the student, in almost any line, will find something here to aid him.

The library having outgrown its original quarters, the room on the north side of the corridor has been opened as a reading-room. Two handsome and commodious new book-cases have been added to the equipment, and the overcrowded condition of the south room has been somewhat relieved by the removal of two of the old book cases to the new reading-room. The necessity for more room was imperative, and if the rate of growth continues, the present arrengement can be but an expedient.

The library has been enriched, this week, by one of the largest single donations that has been made to it, the gift of Mrs, Lowman. It consists of an almost invaluable collection of the standard magazines, covering years that it is now practically impossible to duplicate. Forty-two volumes of Scribners, Harpers and Century have already been bound, and many more volumes of these and other magazines are awaiting the arrival of binders, to be put in accessible form. The Centuries received are especially valuable, running back, as they do, to 1882, and containing not only the Civil War papers, which, for so many Civil War papers, which, for so many years, formed a feature of that periodical, but Nicholay and Hay's Life of Guyer, Secretary

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golubick, of Colusa, Calif., writes, "For fifteen years endured insufferable pain from rheumatism, and nothing relieved me though I tried everything known. I came across Electric Bitters, and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for liver and kidney troubles and general debility. Only 50c. Satisfaction guaranteed by L. W. McConnell, druggist.

Heavy Rains Last Night and Today.

Heavy rains prevailed all over this section of Nebraska, last night and today. The precipitation was 3 inches up to the time of our going to press after dinner, making it one of the heaviest of the season. Wheat may be lodged or down in some instances, but the general good greatly overshadows the possible damage done.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflames the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucin instead of the juices of natural digestion. This is called Catarrh of the Stomach.
