THE BEE HIVE McCOOK NEBRASKA

FROM SOUTH AFRICA.

New Way of Using Chamberlain's Cough Remedy.
Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by all druggists.

Chamberlain's Cough Remedy is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick of Poolesville, Md., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect. For sale by all druggists."

THE TRIBUNE—Only \$1.00 per year.

APPLES! APPLES! APPLES!

Frank Sherman and family have moved to Rock county, Neb. Just before they left their old neighbors to the number of 65 gathered in and gave them a surprise. Oysters were served and a jolly good time had all around until 12 o'clock and then all departed for their respective homes wishing Mr. and Mrs. Sherman all happiness in their new home.
Millionaires' Poor Stomachs.
The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaires unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over 35 years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 25c; regular size, 75c. L. W. McConnell.

"Oxygen is Life"

The Perfected Oxygenor King

A safe, simple scientific system of treatment which enables the sick and afflicted to cure themselves in their own homes without the aid of doctors or medicine.

It cures by flooding the body with pure oxygen from the surrounding atmosphere.

This system of treatment has long since passed the experimental stage, as it is now more than twelve years since the first instruments of this class were placed upon the market, and at the present time here are hundreds of thousands in use in nearly all parts of the United States and in foreign countries. Experience proves that 85 per cent of sick, given up to die by doctors, can be either radically cured, or greatly benefited by this simple treatment. Here are some of the strong points in favor of this system of treatment as against all others, to-wit: NO MEDICINES WHATSOEVER ARE USED, therefore no expense except first cost of instrument. Lasts a lifetime, and will keep a whole family in health. Absolutely safe and so simple that a child ten years old can use it successfully. Treatment usually taken at night while patient sleeps, with no unpleasant sensations whatever. Will cure all manner of acute diseases without the possibility of failure if properly used. Will cure many kinds of chronic diseases supposed to be incurable. Will be of great benefit in all cases, even those hopelessly incurable. To the skeptical we would say: What would you think of a man, who, living ten miles from town, should refuse the use of a telephone to send an urgent message, simply because he had never used one and didn't understand the principle, therefore insisted on making the journey in person?

Facts are Stubborn Things

and the claims being made for the "Oxygenor" are being daily demonstrated all around you. If you are in poor health, and getting well nigh hopeless and discouraged by reason of repeated disappointments in your efforts to be cured, then we say:

QUIT TAKING STRONG MEDICINES, which kill more than they cure. Investigate the Oxygenor system of treatment. Yes, we say investigate, INVESTIGATE, INVESTIGATE. There are only two ways of getting at the facts in this world—one is by the evidence of other people, and the other is by personal experience.

We have over 1,000 names of the leading citizens of the state, and thousands of them in other parts of the U. S. which we would gladly refer you to as to the great curative powers of the Oxygenor. These persons have been cured of all manner of diseases, and many of them have been chronic sufferers for years. IN ALL ACUTE AILMENTS such as croup, la grippe, scarlet fever, diphtheria, pneumonia, pleurisy, and typhoid fever, we have had years of experience and where the Oxygenor treatment was followed strictly, as laid down in our instructions, there has not been a failure, and I will say personally, that I know I am speaking within truthful bounds, when I say that I have treated all the above named diseases with the Oxygenor, and as yet have not been baffled over five days, and I have the proofs of these statements in my possession. There is no bluff in these statements. Come and investigate.

Untimely Death Prevented

The Oxygenor disarms all disease of its terrors, prevents untimely death, and makes its possessors independent of doctors, drugs, postrums, etc., by utilizing nature's own most powerful remedy, pure oxygen. By using the Oxygenor every human being may enjoy perfect health and, barring accidents, live to an advanced old age. The Oxygenor has saved thousands of precious human lives and restored scores of thousands of human beings to health and happiness.

The Proper Course

Take the Oxygenor treatment in the beginning, or at the first appearance of any ailment, and avoid expense, disappointment and much suffering. By the proper use of the Oxygenor all persons may establish and maintain the highest vigor, and make disease in any form a mere inconvenience of very short duration. For further information as to this scientific treatment, call or write for our health journal, which is free on application. Office at Palmer House.
