THE BEE HIVE McCOOK NEBRASKA

RECTOR OF ST. LUKE'S

Ashburnham, Ontario, Testifies to the Good Qualities of Chamberlain's Cough Remedy.

Ashburnham, Ont., April 18, 1903.—I think it is only right that I should tell you what a wonderful effect Chamberlain's Cough Remedy has produced. The day before Easter I was so distressed with a cold and cough that I did not think to be able to take any duties the next day, as my voice was almost choked by the cough. The same day I received an order from you for a bottle of your Cough Remedy. I at once procured a sample bottle, and took about 3 doses of the medicine. To my great relief the cough and cold had completely disappeared and I was able to preach three times on Easter Day. I know that this rapid and effective cure was due to your Cough Remedy. I make this testimonial without solicitation, being thankful to have found such a God-sent remedy. Respectfully yours,

E. A. LANGFELDT, M. A.,
Rector of St. Luke's Church,

Mrs. Peter Carty, children and niece Miss Maude Fleming were Denver visitors, close of last week.

Train second 46 in charge of Conductor L. King and Engineer F. W. Rehder ran into first 46 three miles east of Mason Tuesday morning about 10:40 killing J. E. Larkin of Brush, Colo., and Thomas Dye of Eugene, Oregon, and injuring R. R. Kinkaid of Bingham, Neb. Larkin, Dye and Kinkaid were stockmen and were in the way car of first 46. First 46 was in charge of Conductor C. D. Conn and Engineer H. J. Southwell. A strange thing in connection with the accident is the slowness of it as far as damage to rolling stock is concerned, to prove so fatally. First 46 when struck was running about 25 miles per hour and second 46 ran into them, going about 35 miles per hour. The engine on second 46 was but slightly damaged and the way car of first 46 was only broken in at the end. The killed and injured were caught in the rear end of the way car while trying to get off. After the wreck the trains were able to proceed with slight delay. It is not known who will be held responsible for the accident.—Alliance Grip.

Coughing Spell Caused Death.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home, in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician but before he could arrive, another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe-Democrat, Dec. 1, 1901." Ballard's Horehound Syrup would have saved him. 25c, 50c and \$1 at A. C. Millen's.

Sunday evening last between the hours of 5 and 6 o'clock Mrs. William Kellar was stricken with paralysis and after intense suffering her spirit passed away at 4 o'clock Tuesday morning. Dr. Beach of McCook and Dr. Miller were called to the bed side of the stricken woman and everything was done that kind and sympathetic friends and neighbors could think of but she could not be brought back to consciousness. Mrs. Rosa Hock and Miss Mary and Minnie, of Monson, Iowa, who had been notified of the illness of their mother arrived on No. 1 Tuesday noon—too late to see her alive. The funeral service was conducted Wednesday forenoon at the family residence by Father Loughran of the Catholic church of McCook of which the deceased was a consistent member. Interment was made in the Catholic cemetery at McCook. Mr. Kellar and family have the sincere sympathy of the entire community in their bereavement.

OBITUARY—Teresa Schmidt was born in Hartheim, Baden, Germany, January 3rd, 1849, and at the age of three years came to this country with her parents, who settled in Ohio. In 1870, at Milan, Ohio, she was united in marriage with William Kellar, and 15 years later located with her family at Culbertson, where she has since resided. The husband and six daughters: Mrs. Rosa Hock of Monson, Iowa, Mrs. Jerry Bahn of Culbertson, and Minnie, Emma, Mary and Zita are left behind to mourn the loss of a kind and loving wife and mother. Mrs. Kellar was a devout member of the Catholic church, which performed the obsequies.

To Build More K4b Locomotives.

At the meeting of the railway men's club held Tuesday evening it was officially announced that the approval has been received for building 8 new class K4b locomotives at the Havelock shops. It will be remembered that one of these machines was built last summer for experimental purposes and is being tried out on the Sheridan division, where it is giving quite satisfactory account of itself. The result of the experiment will be shown in the working plans yet to be made for the new locomotives. A rough sketch showing some of the proposed changes was exhibited at the meeting by Chief Draughtsman Fitt. The new plans call for six 69-inch drive wheels instead of the present 62-inch ones. It is proposed to do away with the two fire doors and build one much larger. The cab end of the boiler will probably be made straight instead of on the incline as at present, thus permitting of a larger crown sheet. A decided innovation will be a much larger steam dome and on account of this the pop valves will be built out from the boiler.—Havelock Times.
