Heed Nature's warnings! Pain tells of lurking disease. Backache is kidney pain—a warning of kidney ills. Urinary troubles, too, come to tell you the kidneys are sick. Constant weariness, headaches, dizzy spells, days of pain, nights of unrest are danger signals warning you to cure the kidneys. Use Doan's Kidney Pills, which have made thousands of permanent cures.

Frank D. Overbaugh, cattle-buyer and farmer, Catskill, N. Y., says: "Doctors told me ten years ago that I had Bright's Disease, and said they could do nothing to save me. My back ached so I could not stand it to ever drive about, and passages of the kidney secretions were so frequent as to annoy me greatly. I was growing worse all the time, but Doan's Kidney Pills cured me, and I have been well ever since."

A FREE TRIAL of this great kidney medicine which cured Mr. Overbaugh will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all dealers; price 50 cents per box.

**NO BUSINESS OF THE COURT.**

**Declines to Interfere to Protect a Man's Purely Political Rights.**

LINCOLN.—The supreme court declines to supervise the acts of a political party for the protection of a purely political right. This decision was given in a suit involving a controversy over the interpretation of a preliminary election law as enforced by the Lancaster county central committee in 1902. Whether a candidate could find representation on a primary election ballot unless he had the ability to pack and control a caucus in his home precinct was the principal question. Ex-Mayor H. J. Winnett of Lincoln was a candidate for the nomination of state senator on the republican ticket. He and other candidates claimed that right to submit a friendly delegation to the vote of the electors in the various precincts. George A. Adams of Lincoln, now mayor of Lincoln, was chairman of the county committee, and the committee adopted the rule requiring each candidate to carry the caucus in his respective ward before being allowed to place a list of delegates on the ballot.

The court holds that a civil right is a right accorded to every member of a district, community or nation; a political right is one exercisable in the administration of government and that a court of equity will not undertake to supervise the acts and management of a political party for the protection of a purely political right. The opinion was written by Commissioner Albert.

**ABOUT TO PAY OLD DEBTS.**

**Omaha Indians After \$100,000 from the United States.**

DECATUR.—It has been announced that the distribution of \$100,000 is to be made among the Omaha Indians shortly. This payment represents the purchase price of a piece of land secured from the Indians by the government in the middle 50s. For a half century the debt was kept covered up, but two years ago the Omahas began an investigation, employing lawyers and sundry committees, selected from the tribes' council in Washington, for the purpose of interviewing the interior department and laying the matter before congress. The late Henry Fontenelle, a prominent leader of the Omahas, and a striking character in the pioneer history of Nebraska, was the first man to bring to light this dusty debt. What is known as the annual grass annuity will also be paid to the Omahas the latter part of this month.

**Get Evidence Against Kelley.**

COLUMBUS.—Sheriff Carrigg is surely gathering strong evidence against James Kelley, who is in jail here charged with the murder of Arthur Snowden in Humphrey township last March. Sheriff Sammons of Kearney was here a day or two ago and says there is no possible doubt that the murdered man was Snowden and that Snowden's parents have made the identification positive. Joseph Derby of David City, whose store was robbed a few days before the murder, was here and identified a shirt which Kelley is now wearing; he also identified a necktie which was on the murdered man.

**Three Men Captured.**

**Better Train Service Wanted.**

HASTINGS.—Representative merchants and shippers met to consider means for adjusting transportation rates, said to be excessive, and discuss certain train services of the Burlington, which are generally looked upon here as being unsatisfactory. Marked interest was manifested. The following were appointed a committee to formulate a plan of procedure: William Sutton, William Bratch, A. Clark, W. B. Cushing, V. B. Trimble and Charles H. Kipp.

**Long Sunken Lard Dug Up.**

DECATUR.—Charles Noyes, an old time Missouri river wrecker, while rafting in a bunch of logs up near the old Indian mission, uncovered on a sandbar two ancient cases of lard. There were twelve cans in all; total weight 300 pounds; shipped from St. Louis, January 10, 1868, to Fort Shaw, Montana, by Francis Whitaker & Sons, packers and shippers. In 1868 a large Missouri river steamboat sank near where this lard was found, and undoubtedly it was part of this cargo. The lard is in excellent condition.

**"PE-RU-NA," A VALUABLE PREPARATION, WRITES DR. KEMBALL.**

**Most of the Ailments Peculiar to the Female Sex are Due to Catarrh of the Pelvic Organs.**

Rachael J. Kemball, M. D., 334 Virginia St., Buffalo, N. Y., is a graduate of the University of Buffalo, class 1884, and has been in the practice of medicine in that city since then. She writes as follows:

"My conviction, supported by experience, is that Peruna is a valuable preparation for all catarrhal affections. I have taken one bottle of Peruna myself and just feel fine. I shall continue to take it."—Rachael J. Kemball, M. D.

Peruna has cured thousands of cases of female weakness. As a rule, however, before Peruna is resorted to several other remedies have been tried in vain. A great many of the patients have taken local treatment, submitted themselves to surgical operations, and taken all sorts of doctor's stuff, without any result.

The reason of so many failures is the fact that diseases peculiar to the female sex are not commonly recognized as being caused by catarrh. These organs are lined by mucous membranes. Any mucous membrane is subject to catarrh. Catarrh of one organ is exactly the same as catarrh of any other organ. What will cure catarrh of the head will also cure catarrh of the pelvic organs. Peruna cures these cases simply because it cures the catarrh.

Most of the women afflicted with pelvic diseases have no idea that their trouble is due to catarrh. The majority of the people think that catarrh is a disease confined to the head alone.

This is not true. Catarrh is liable to attack any organ of the body; throat, bronchial tubes, lungs, stomach, kidneys and especially the pelvic organs.

Many a woman has made this discovery after a long siege of useless treatment. She has made the discovery that her disease is catarrh, and that Peruna can be relied upon to cure catarrh wherever located.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
