 PRESIDENT—Theodore Roosevelt  
 UNITED STATES SENATOR—Elmer J. Burkett, Lincoln  
 GOVERNOR—John H. Micky, Osceola  
 LIEUTENANT GOVERNOR—E. G. McGilton, Omaha  
 SECRETARY OF STATE—A. Galusha, Red Cloud  
 AUDITOR—E. M. Searle, Jr., Ogallala  
 TREASURER—Peter Mortenson, Ord  
 ATTORNEY GENERAL—Norris Brown, Kearney  
 SUP'T OF PUBLIC INSTRUCTION—J. L. McBrien, Geneva  
 CONGRESSMAN FIFTH DISTRICT—G. W. Norris, Red Willow county  
 SENATOR TWENTY-NINTH DISTRICT—Albert Wilsey Moorefield  
 REPRESENTATIVE—Philip Gliem, Danbury  
 COUNTY ATTORNEY—C. E. Eldred, McCook  
 COUNTY COMMISSIONER—Stephen Bolles, Box Elder

This land of the free and home of the brave has managed to get along during the past year with only 60,000 decrees—and it wasn't an exceptionally good year for divorce rows either.

SECRETARY WILSON of the portfolio of agriculture urges the planting of Macaroni wheat, on the ground that it is especially desirable in localities where the rainfall does not exceed 20 inches per year and for the second reason that it does not impoverish the soil like other varieties of wheat.

**ONE REASON.**

One of the first things they try to impress upon the minds of students, when the matter of legislative methods in the United States is under discussion, is that the Speaker of the House of Representatives is a very important personage, second to the president himself. His importance lies in the fact that it is he who organizes the house with regard to the standing committees which furnish the information concerning matters which are to be legislated upon. So, if the man who appoints committees, because of that fact is a personage of the highest importance, it is very clear that certain of the committees must be very important. Their function is what determines their importance. The west is more vitally interested in its development than anything else, in the disposition which shall be made of its lands, and in the encouragement which shall be given it to advance rapidly toward its maturity. Because Mr. Norris, from the Fifth district, though a young man for the first time in congress, impressed the Speaker that he had a more than ordinary conception of the needs of the western country, the young congressman was given place on an important committee which deals with the advancement of the comparatively new state. Thus from the start Mr. Norris has been given a place where he can effectively represent his constituents, a position which in the ordinary working of the house is only obtained after years of service. This is one reason and an important one that the Fifth district should take care of the election of Mr. Norris.—Hastings Tribune.

 The Methodist people of Indianola and vicinity gave the minister, E. B. Crippen, a reception in the way of a social on Tuesday evening last. Supper was served in the dining hall of the Woodmen building. There was music and games by the young people and all seemed to have a merry time.

The G. A. R. and W. R. C. gave a dinner at the hall in honor of J. W. Dolan and family, Saturday, the 8th. All did justice to the occasion of the dinner, after which speeches were made by old comrades, and by some who were not comrades, all paying tribute to Mr. Dolan in expressions of regret that he was about to leave us to seek a new place of abode.

The friends of J. W. Dolan and family tendered them a reception at their residence in the northeastern part of the city, on Saturday evening of last week. Notwithstanding the darkness of the night and the rain, quite a goodly number met to visit awhile in a social way with this most estimable family and to wish them godspeed and farewell. The house was most beautifully decorated with flowers of different varieties, among them a large number of beauty roses ordered especially for the occasion. About 11 o'clock an elaborate lunch was served, after which speeches were made and responded to in a most happy manner. The evening's entertainment was interspersed with music, and when the time came to say good bye the quartette sang "God be With You Till We Meet Again," which all hoped might be very soon. Mr. Dolan and his family go to California to make their future home.

**Consumptives Made Comfortable.**  
 Incipient consumption is cured by Foley's Honey and Tar, but we do not hold out false hopes to consumptives by claiming that it will cure this dread disease in the advanced stages; but if the lungs are not too far gone Foley's Honey and Tar will effect a cure, as it stops the racking cough and soothes the inflamed air passages giving them a chance to heal, and even in the advanced stages it always gives comfort and relief. A. A. Herron, of Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs and lung trouble. I know that it has cured consumption in the first stages." Sold by A. McConnell.

**\$500 REWARD FOR WOMEN WHO CANNOT BE CURED.**

The proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Prolapsus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.  
 "If women would study the laws of health and use a little more common sense there would not be such a large number to-day suffering with the ills peculiar to our sex," writes Mrs. Sallie Martin (President Mutual Social Science Club), of 180 South Halsted Street, Chicago, Ill. "Then when medicine is needed if they would take the 'Favorite Prescription,' they would have a chance to get well. I used Dr. Pierce's Favorite Prescription three years ago and it cured me of female weakness of several years' standing, so I know what I am talking about when I praise it and always know what the result will be where it is used."  
 Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.
