THE Thanksgiving Day issue of the Holdrege Progress was a highly creditable publication of twenty pages. Holdrege businessmen are in the van of western Nebraska advertisers and the Progress is their prophet.

SOME misguided eastern Nebraska Republicans are making an effort to inject Tom Majors into the congressional situation, as a possible successor to Congressman Burkett. Tom may not know it, but he needs a rest just as urgently as the Republicans of the state.

"SAVED MY LIFE"

—That's what a prominent druggist said of Scott's Emulsion a short time ago. As a rule we don't use or refer to testimonials in addressing the public, but the above remark and similar expressions are made so often in connection with Scott's Emulsion that they are worthy of occasional note. From infancy to old age Scott's Emulsion offers a reliable means of remedying improper and weak development, restoring lost flesh and vitality, and repairing waste. The action of Scott's Emulsion is no more of a secret than the composition of the Emulsion itself. What it does it does through nourishment—the kind of nourishment that cannot be obtained in ordinary food. No system is too weak or delicate to retain Scott's Emulsion and gather good from it.

We will send you a sample free.

Be sure that the picture in the form of a label like the wrapper of every bottle of Emulsion you buy.

ARE YOU A MOTHER? ARE YOU EXPECTANT?

MOTHER'S FRIEND

makes childbirth easy by preparing the system for parturition and thus shortening labor. The painful ordeal is robbed of its terrors, and the danger lessened to both mother and child; the time of confinement is shortened, the mother rested, and child fully developed, strong and healthy.

Morning sickness, or nausea arising from pregnancy, is prevented by its use.

As pregnancy advances, the breasts enlarge, become swollen and hard. Long before the child is born, they are preparing for the secretion of milk. It is important that they receive early attention. Mother's Friend softens the skin and facilitates the secretion of Life Fluid. Underdeveloped breasts, hard-caked shortly after delivery, are the result of non-treatment, and likely to culminate in Mammary Abscess, from which so many suffer excruciating pain and are left with these organs permanently impaired.

Softness, pliability and expansion are given to the muscles and sinews, thus bringing comfort and causing an easy issue of the child. Try it. Of druggists \$1.00. Our book "Motherhood" free. THE BRADFIELD REGULATOR CO., ATLANTA, GA.

A burglary was done at the Grimes & Crawford store, Monday night. Some parties were suspected but not the right ones as the sequel proved. Among other goods stolen was a .32-caliber, center fire revolver. The party had looked over the cartridges but found none of that kind. Tuesday, a party from Frontier county inquired for caliber .32 cartridges in Sam Clark's hardware store. He was asked what kind, rim-fire or center-fire. The answer was he didn't know—they were wanted for another party. Mr. Clark asked for whom? but was told that the party wanting them said not to tell who they were for. This was a key to the situation. Wednesday the party came back to town and said he wanted center-fire, .32-caliber cartridges. Clark did not have them so he went to the store of Grimes & Crawford and inquired for them. Mr. Grimes pressed the party to tell for whom he wanted them and soon found out who had burglarized the store, Monday night. Messrs. Crawford & Grimes got a livery team and drove about seven miles north to where Ed Lathrop was husking corn and arrested him in the field of Mr. Volles. They took him to the Volles home where the stolen goods were secreted and there found the revolver, an overcoat, overalls, razor, several pocket knives, and a lot of candy that had been stolen. They took possession of the goods and with them brought young Lathrop to Bartley. Mr. Crawford took him to McCook on No. 5, Wednesday evening for preliminary hearing. This is the fourth time the store has been burglarized and the first time the guilty one has been caught.

Thousands Cured.

DeWitt's Witch Hazel Salve has cured thousands of cases of piles. "I bought a box of DeWitt's Witch Hazel Salve on the recommendation of our druggist," so writes C. H. LaCroix, of Zavalla, Tex., "and used it for a stubborn case of piles. It cured me promptly." Sold by L. W. McConnell.

A Continual Strain.

Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on kidney and liver ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot, as a rule, get rid of this "continual strain," but they can remedy its health destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy bodily functions, gives vim and spirit to one's whole being, and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottle of August Flower 25c; regular size, 75c. At all druggists.

\$500 REWARD FOR WOMEN

WHO CANNOT BE CURED.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Protrusion, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

"There are thousands of sick women dragging out a weary, miserable existence, who would be well and happy did they but have my experience with Dr. Pierce's Favorite Prescription," writes Mrs. Annie Lenman, of Jackson St., Atlanta, Ga. "Four years ago I was nearly dead with inflammation and ulceration. I endured daily untold agony, and life was a burden to me. I had used medicines internally and externally until I had made up my mind that there was no relief in sight for me. A friend of mine endorsed your 'Favorite Prescription' and I determined then to give it a trial. It took patience and perseverance for I was in a bad condition, and had to use your medicine for nearly four months before I was cured, but what a change it brought; from despair to happiness, from misery to the delightful, exhilarating feeling that only health brings. I would not change back for a thousand dollars. Your 'Prescription' is a grand medicine. I wish every sick woman would only try it and be convinced." Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps. Address Dr. R. V. Pierce, Buffalo, N.Y.

TESTIMONIAL

Delmont, S. D., Dec. 17, 1902. I used L. K. for hog cholera and it was all right. I cured my hogs. I had three sick ones and they all got well and done fine. I also used it for chicken lice and mites and it is all you claim for it. It is the only medicine for hog cholera, I think.

I am sure I saved my hogs with it last year, and am going to keep it in stock all time as it is the best thing I ever had on the place for everything it is intended for. It is good for chicken cholera, lice on stock, insects of all kinds; it will destroy all kinds.
