**The Japanese Are Wonderful Athletes.**  
The Japanese are acknowledged to be the most daring and graceful acrobats in the world. In Japan athletics is encouraged, fostered and recognized by the Imperial government. The Mikado bestows upon those who are most proficient, medals and tokens in recognition of feats of strength or some daring exploit. Certain days of the year are set aside for athletic sports and the most intense interest is taken in these "fete days" by the inhabitants of the Flowery Kingdom. There is a troupe of twelve of these wonderful acrobats with Campbell Brother's Circus which exhibits at McCook on Wed., Aug. 2nd, that have toured the world, appeared and performed before all the crowned heads of Europe. This is the first appearance in America, and wherever the Campbell Brothers have exhibited, these little Japs have created unbounded enthusiasm by their marvelous performance. Circus day will open with a gorgeous and brilliant street parade at 10:00 in the morning.

## State Fair News.

The educational exhibit at the State Fair, September 4th to 8th, will occupy three times the space heretofore allotted to the schools of the state. Five times the usual amount is offered in prizes, eight hundred and twenty dollars worth of prizes and ninety-two diplomas being offered. Of the total 721 prizes, twenty-six are general, two hundred and nineteen are for town and city schools and four hundred and seventy-six are exclusively for rural schools. Colleges also come in for prizes, and individual work has not been overlooked.

The schools have a gardening department which show school and home gardening by pupils of the public schools, and school gardening by teachers in the summer normal schools. An exhibit will be made from the five junior normal schools.

## SPECIAL FEATURES.

A model rural school will occupy the center space opposite the south entrance. This will be up-to-date in seating, lighting, heating, blackboards, maps, charts, libraries, wall finishing, decorations, desks, etc. Work of pupils will be on exhibition as in an ideal rural school, and in charge of the room will be a model teacher, who will explain to visitors any features exhibited.

A school teacher made of Rock county grasses will be in a position to keep an eye on all who enter, and a school boy made of York county corn products will be present every day.

Box Butte county will illustrate her products of horses, cattle and potatoes by figures made of potatoes, and Perkins county will be on hand with the "staff of life" represented by the cactus plant as trained in the west to furnish food for hogs, cattle and horses.

The Lincoln city schools will have in operation a section of their cooking school, where pupils will be instructed in and perform the regular work of the school.

The following counties have to date reserved space for a county exhibit: Boone, Box Butte, Buffalo, Burt, Cedar, Chase, Colfax, Deuel, Dodge, Dundy, Fillmore, Franklin, Gage, Hamilton, Holt, Jefferson, Johnson, Lancaster, Lincoln, Logan, Merrick, Nemaha, Nuckolls, Perkins, Pierce, Polk, Richardson, Rock, Seward, Sioux and York.

The educational exhibit will be a point of interest for all visitors. Wednesday, September 6th, will be School Day. A speaker of national reputation will give an address. Plans will be made to entertain and care for school children. Excursions will be run from all localities where a sufficient number of persons become interested.

It is urged that the schools do not commence until Monday, September 11th, in order that both teachers and children who desire may attend the fair and take advantage of the educational exhibit.

Deputy Superintendent E. C. Bishop, State House, Lincoln, will have charge of the exhibit and arrangements. Write to him for any desired information.

## David N. Cunningham Dead.

John W. Cunningham, a brother, reports to us the death of his brother David N. Cunningham, which occurred on last Saturday morning, at four o'clock, at the farm of John I. Pierce, who lives a few miles south of Trenton, and for whom he was working at the time. Deceased formerly was an engineer on the Burlington in the early days. The remains were buried in the cemetery at Trenton at five o'clock Monday. An aged mother, one sister and one brother survive him. The remaining members of the family were objects of much kindness during his illness and after his death and they are deeply grateful to the people of Trenton and vicinity.
