#### **TWENTY-FOURTH YEAR**

60

#### MCCOOK, RED WILLOW COUNTY, NEBRASKA, FRIDAY EVENING, FEBRUARY 23, 1906

NUMBER 39

Vahraska State H.

#### Library Board Had a Session.

The Carnegie library board had a session, Monday evening, at which time two matters were discussed at some length: Firstly, what shall be the style of architecture? Secondly, what shall be the policy of the board, in expending the \$10,000 donation? Some favored putting the entire amount in the building and providing for furniture in other sources. Others favor making all expenditures out of the donation-unless some of McCook's people of means come in and make liberal donations covering this item. There seems to be a strong sentiment in the city to this end-that the donations-from Carnegie and others-the money in sight and hand when the contract is let-shall cover all expenditures, and that there shall be no dedicatory collection or debt of any kind. The sentiment has many adherents that the \$1,000 annually paid college. by the taxpayers of the city is all that should be required by the library board of the people. THE TRIBUNE believes that this amount is a liberal expenditure by the people of this city for this one item of muncipal expense, and that unless some of our monied people step into the breach with liberal cash donations in hand, the \$10,000 should be the limit of expenditure at this time on public brary.

This ground seems to be more tenable when it is considered that sewer bonds and public school bonds are contemplated this year and that other public and private expenditures will be un- Michigan, to relatives. usually heavy, this season, and that it is but common prudence to husband resources at a time when the demands are so numerous and pressing.

Building Association Board Meeting. The board of directors of the McCook building association held a regular meeting on Tuesday evening, at which time the board reorganized for the en. suing year. T. B. Campbell was relectMOVEMENTS OF THE PEOPLE.

Hipple, captain of the south side.

#### A Gas Plant At Holdrege.

Chicago and York parties are applying to the city council of Holdrege for a franchise for a gas plant. The ordinance authorizing the same has passed its first reading.

The plant, if the franchise goes, is to be completed within one year, is to have a capacity of not less than 80,000 cubic feet of water gas in each 24 hours, and there is a clause providing for a maxium rate to the consumer of \$2.00 Roy SMITH of Denver spent Sunday per 1.000 cubic feet of commercial gas, A similar plant has been installed in York.
