## Gossip About People of Prominence

CENATOR NEL-RICH of Rhode Island, who is member of the senite committee on nterstate commerce, acted chief spokesman of the extreme conservatives while the railway rate bill

was under consideration by that committee and voted against reporting the bill to the full senate. It was on his motion that Senator Tillman of South Carolina, a Democrat, was given charge of the bill reported by the majority of the committee. Mr. Aldrich is very rich, and his daughter married John D. Rockefeller, Jr. Not long ago the senator and Governor Magoon of Panama occupied adjoining apartments at a Washington hotel and had the same valet. One night Governor Magoon Hundred, and when the Grand Duke took some ladies to the theater. As Boris of Russia visited Newport a few one of the ladies stepped from the carriage she dropped her fan. Governor Magoon stooped to pick it up. There was a horrible tearing sound. The governor knew what had happened and excused himself. At the hotel he found Senator Aldrich mutely gazing at a pair of trousers that lapped around him.

"By George, Magoon," said the senator, "I am glad to see you. Do you know, that stupid valet has mixed up our dress trousers? You have on mine, and I cannot wear yours. They are too large for me. I trust you have come back to change, for I am late for my dinner engagement as it stands."

"Indeed I have come back to change." said Magoon. "Gimme those trousers. They are mine. As for these I have on, you are quite welcome to them."

Senator Aldrich shucked off Ma goon's trousers, but when he came to put on his own, which the governor had been wearing, there was a succession of loud exclamations. He stayed at the hotel that night, but Magoon hustled back to the theater in his own

When the Rev. Dr. William S. Rainsford resigned the rectorship of St. George's church, New York, a short time ago on account of ill health, there was widespread regret, but it was remarked that had his resignation been tendered in 1886 instead of in 1906

there would have been much more occasion for sorrow. In the interval between these years Dr. Rainsford has carried out ideas that are now proving of immense value, not only in the extensive work of his own parish, but in hundreds of other churches. As the rector of a church

Dr. Rainsford was born in Dublin, Ireland, in 1850 and came to this country as a young clergyman in order to benefit his health. He became very rugged through devotion to exercise and sports and until recently looked the perfecbe closed.

Senator Henry Cabot Lodge, who has been prominent in the debate on the railroad rate bill, is an intimate friend of President Roosevelt, but the two men have not been in exact agreement on the subject of this bill. While not so ultra conservative on the subject of controlling the railroads as Senators Aldrich and Foraker, he has differed

from Mr. Roosevelt as to the provisions which the bill, to be passed, should contain. Mr. Lodge has had a wide experience in matters pertaining to legislation on foreign affairs, and in the Dominican treaty discussion and the proposals for con-

The President For a Day Story.

The story that David R.
