Obligation of New England Bank Bore Date of August 24, 1845. Fitchburg, Mass.—Harry G. Town- send, cashier of the Fitchburg Nation- al bank, which was reorganized in 1865 from a state bank, was requested by W. C. Foster of Waltham to take up an old note of the state bank, dated August 24, 1845, and made payable to some one, but the name could not be deciphered. The note was signed by Francis Perkins, president, and Eben- ezer Torrey, cashier of the Fitchburg bank, and was indorsed by James G. Hovey on July 8, 1846. Mr. Foster wrote that he thought the note might be worth a premium, but it is not, and inasmuch as there is no obligation on the part of the Fitch- burg National bank to redeem it it is of no value except as a relic. Mr. Townsend redeemed the note at its face value and will have it framed and hung in his office.	Place for Its Miners. Huntington, W. Va.—Holden, a min- ing town near here, will have a saloon, the profits of which will be devoted to charity. Representatives of the Uni- ted States Coal and Oil company, oper- ating at Holden, have been granted a license. Replying to protests against the li- cense the attorney for the applicants stated it was not the desire to operate the saloon as a money-making ven- ture, but that it is impossible to keep miners, because they will not stay where drink cannot be procured. The attorney asserted the company had lost heavily on account of this condi- tion and offered to enter into written agreement to operate the saloon on a strictly business basis and to turn the profits over to such charity as the court might direct. This proposition was accepted and the license granted. Mountain to Fill Hole. Chelsea, Mich.—Sixteen thousand loads of sand have been dumped in	 Homeseekers' Rates Ist and 3rd Tuesdays to Colorada, Big Horn Basin, Montana and Northwest.
