## MEAT SMOKED IN A MINUTE.

The modern method of smoking meat by use of our liquid smoke accomplishes everything the old method can and has advantages that the old method has not.

SAVES TIME.

SAVES LOSS.

SAVES MONEY.

The meat is preserved better; it is better protected against mold and insects; it is not shrunken in weight, and there is no danger of loss from fire or theft. McCook's Liquid Smoke. Price 25 cents.

## A Cutting Affray.

What might have been a serious affair was rather neatly turned to pleasure in the Square Deal Lumber yard, the first of the week. A party by the name of Lemuel was loading lumber and after he had his load on he approached Stansberry in an excited and threatening manner. He was swinging an old sock that was apparently loaded. Stansberry says, "I cut the price;" when Lem extracted a roll from the old sock, paid his bill, and the two men were happy. Read Stansberry's add.

## Mrs. J. W. Jones' Father Dead.

L. K. Barnes of Salem, Nebraska, father of Mrs. J. W. Jones of our city, died at his home, January 2, 1909. Interment was made at Union Prairie, Nebraska, Jan. 3rd. Both Mr. and Mrs. Jones were with him at the end. The departed was ill for some time before his death, in which Mrs. Jones has the consoling sympathy of many friends at home.

## CITY SCHOOL NOTES.

Several rooms in the west frame school house have been too cold, this week, and the pupils have been dismissed. This condition is caused by the building of a new chimney, the old flue being too small for the new boiler recently installed. This state of affairs will be overcome just as soon as the chimney is completed. Hence patrons are requested to be as patient as possible.

Miss Florence M. Stephenson of the Peru state normal is the successor of Miss Elizabeth Bettcher in the 6th A and 7th B grades, central school, this week. Miss Stephenson is a graduate of the normal and has had a year's experience in teaching in addition.

Miss Elizabeth Bettcher succeeds Miss Leta Stetter as high school assistant.

Miss Leta Stetter, high school assistant up to the holidays, was united in marriage in New York city, New Year day, with Mr. H. L. Hollingsworth, who is an instructor in Columbia university, where he is also taking a post graduate course. Both of the contracting parties are graduates of the Nebraska university. The bride has a host of warm friends in McCook, who will join in heartiest congratulations.

## THE BOTTLE OF COMFORT

is a hot water bottle. If there is any one thing that the human body likes most it is warmth.

Cold feet for a single night costs more in discomfort than the cost of a hot water bottle that would keep the feet warm for a thousand nights.

Every member of the family should have one. Considering their durability the cost is but a trifle. We have the good kind.

L. W. MCCONNELL, Druggist.

## A "Watch" Party.

Mr. and Mrs. A. C. Wiehe entertained the A. O. W. club, New Year eve, at a "watch" party. Mrs. George Enoch, Mrs. A. G. Bump and Miss Ona Hendrick assisted. A five-course dinner was served. The evening was one of the pleasantest of the season.

**See to Your Order or Lodge Card.**  
THE TRIBUNE has for some time been printing a lodge and order directory free on the promise that the cards would be kept corrected as to facts, officers etc. by the several lodges and orders. As we devote \$100.00 a year free to this purpose, we expect those receiving the benefit to keep the cards corrected. A glance at the directory reveals many errors, and we must insist upon the proper officers bringing in the facts. Otherwise we shall discontinue the cards which we find incorrect. Look to your cards.
