The First National Bank of McCook

WILL McCook's cold feet give her a future headache?

RED CLOUD will support a paid base ball club, this season.

It is every man's privilege, even in politics, to be as decent as he can.

ADVOCATES of the commission plan assert that Des Moines has saved \$200,000 the past year.

The Holdrege Citizen has added a Junior linotype to its equipment, and we hear it rumored that Cambridge contemplates doing likewise.

A COMPOSITE of the Standard Oil gang, the Steel trust, the Railroad trinity, and the Whiskey ring will give a recognizable picture of the "power behind the throne."

The Bank of Benkelman, which is owned and controlled by the Citizens Bank of McCook, is now preparing to build one of the handsomest and best-appointed bank buildings in Southwestern Nebraska.

As one looks out over the situation in McCook, superficially it may be, the conclusion is painfully brought home that perhaps the Almighty is temporarily forgetting this city—so excessively full of fight and impudence are some of the elements which naturally ought to be in sneaking hiding. But THE TRIBUNE will indulge in the prophecy that within few years this community, which now seems to be in such extraordinarily arrogant control of the saloon, this city, in which people on the public streets do not escape insolence and insult and threats because of their so-called "cranky" ideas of temperance, will be without one saloon, and the pinching shoe will be on the other foot. And this leads us to the further expression of faith that the present conduct and attitude and language of the saloon interests in this city will not in the least retard but the rather will hasten the day and will logically result in the delivery of a severer blow when it comes.

Tungsten Lamps.

Make the best artificial light and the most economical light in existence today. Place them under a Holophane shade in a perpendicular position and see the effect compared to other lights.

Comparison to the old lamps:	
TUNGSTEN.	CARBON FILAMENT.
20 C. P. 25 watts	16 C. P. 56 watts
32 " " 40 "	32 " " 105 "
48 " " 60 "	
80 " " 100 "	

Note that the 32 C. P. Tungsten consumes 16 watts per hour less than a common 16 C. P.

The 80 C. P. consumes 5 watts per hour less than the 32 C. P. common.

For the home a 20 C. P. Tungsten runs less than half that of the 16 C. P. common.

Call the McCook Electric Company's office and we will tell you about them or we can arrange your lighting so you get more light for less money than you ever got before. Phone 127.

CITIZENS CANDIDATES AND PARTY PLATFORM

GEO. E. THOMPSON
FOR COUNCILMAN, FIRST WARD

GEO. E. THOMPSON, dry goods and clothing store, 211 Main avenue; residence, 1065 Main avenue. In business in our city 11 years. He has more data and information on the water question than any man representing the people's interests. The man above all men that led the fight and won the victory for lower water and light rates and for voting bonds for a city water plant. A man of character and convictions and the courage to declare and maintain them; wide educational advantages. For years and now a member of the city library board. Always a booster; always for and with the people. In the present crisis, the best qualified man in the city for councilman.

FRED L. SCHWAB
FOR COUNCILMAN, SECOND WARD

F. L. SCHWAB, with C. L. DeGross & Co.'s big store; residence, H and 1st street W. Five years' experience as public officer never denied. The workman's interests appeal to him. The people's candidate, not the corporation's. A man of educational and commercial ability above the average; can speak both English and German, an advantage to our thriving German population. Their interests will be understood and considered with Schwab on the council.

M. L. SEARCH
FOR CITY TREASURER

M. L. SEARCH, head machinist in the air brake department of the local railroad shops; residence, 812 1st street W. As treasurer the business of his office will be done in one of our city banks that will pay the highest interest on daily or monthly balances of the city's funds. Publish quarterly report of the financial condition of the city and school district. A representative of our labor citizenship; absolutely honest and honorable; responsible and fully capable. Don't fail to vote for Search.

C. H. MEEKER
FOR CITY ENGINEER

C. H. MEEKER, practical engineer of wide experience; present city engineer. The only man running who can do accurate and satisfactory work.

PLATFORM.

The Citizens party of the City of McCook, Nebraska, in caucus assembled, hereby adopt and re-affirm the following platform and declaration of principles:

We are in favor—

FIRST—Of sane, progressive, economic and business methods in the administration of all municipal affairs, the welfare of the city as a whole to be considered in preference to individual or corporate interests, and we are in favor of the adoption of the initiative and referendum law.

SECOND—The impartial and full enforcement of all laws and city ordinances.

THIRD—The enforcement of all laws and regulations as to saloons licensed within the city.

FOURTH—The elimination of all places of gambling and all other places of vice which may exist or be established and conducted

PLATFORM.

in violation of the law, hereby declaring the same to be opposed to the moral welfare of the community and not to be excused or tolerated under any pretext, and we further declare that all such places are inimical to the financial interest of the city.

FIFTH—We re-affirm our declarations of 1907 and 1908 as to the municipal ownership of the city water works plant and urge the city authorities to continue a vigorous defense of the case now pending in the supreme court of the state, wherein the McCook Water Works Company is seeking to annul the present water ordinance, and we further declare that the persistent refusal of that company to comply with the present city ordinance and its impositions and unlawful discriminations render it imperative that the city authorities proceed with all reasonable dispatch to build and construct the municipal water plant heretofore voted by the voters of the city and that such plant should be adequate, not only for the present needs of the city, but should provide for its future growth and should be extended to South McCook and to all the additions within the city limits.
