During the spring every one would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take—A. McMillen, Druggist.

The strength of a child.

It is surprising to find how few parents know the great strength giving qualities of good oatmeal. Most of them think of it as a food for the sturdy Scotch or the braveny Englishman, and overlook its value as a food for children. Every now and then a mother will take to feeding her children on Quaker Oats and will be astonished at their improvement in strength and vigor. Of course, she tells her friends, and they prove it for themselves, but every mother in the country should see that her children are strong and vigorous. Plenty of Quaker Oats, eaten often, will do it.

Put up in two sizes, the regular package and the large family size which is more convenient for those who do not live in town.

Don't miss a day; eat Quaker Oats every morning for breakfast.

NOTICE!

No more hunting, fishing, picnicking or boat riding on the old Loomis place. Parties doing so will be taken for trespassers and treated as such. THIS MEANS YOU.—4-4-2m.
