## Souvenir Free Set of Majestic Ware

If you will call at our store during our Majestic Demonstration Week and allow us to show you the many advantages and the superior qualities of the Great and Grand Majestic Range, and will purchase one at the regular price, we will give you FREE the beautiful and useful Souvenir Set of Ware illustrated in this advertisement. This ware is made to match the quality of the Majestic Ranges, and we know all ladies will see the beauty and utility of this set, especially the first three pieces, which are entirely new and cannot be had alone by purchase, except at a very high price. The prices of Majestic Ranges are the same, but we give the set FREE with each Majestic Range BOUGHT DURING DEMONSTRATION WEEK ONLY.

## Reasons Why the Great Majestic You Should Buy:

- 1st. It has the reputation of being the best range money can buy.
- 2nd. It not only has the reputation, but is the best range made, and we will prove this to you if you will let us.
- 3rd. It is constructed of Malleable Iron (material you can not beat) and of Charcoal Iron (material that resists rust 300 per cent greater than steel), is riveted together air-tight. No heat escapes or cold air enters range, thus uses very little fuel to do perfect work.
- 4th. The reservoir alone is worth the price of the range over any other reservoir made. It boils 15 gallons of water; is heated like a tea kettle, with pocket against left-hand lining, and is movable, and sets on a frame, hence cannot wear out. When water gets too hot it can be moved away from the fire.

MAJESTIC RANGES use less fuel; heat more more water—and heat it hotter; costs practically nothing for repairs; lasts three times as long; bake better; easier to keep clean, and give better satisfaction than any other range on the market. If you knew positively that the above statements were true, wouldn't you buy a Majestic at once? Come in during Demonstration Week and we will prove it to you.

## A Mistaken Idea....

Some people have an idea that in order to have a bank account, they must have a large sum to deposit; that the bank does not care to be bothered by small accounts.

This, however, is not true of the First National Bank. This bank welcomes new accounts, whether of \$1 or \$1,000, and the same courtesy and service is accorded the small depositor, as those in more fortunate circumstances.

It is our object and wish to serve the public in financial matters in a manner that shall be satisfactory to all—old or young, rich or poor.

We Want Your Banking Business and will be pleased to have you open an account with us.

THE Nebraska supreme court has declared the eight-o'clock closing law constitutional. It's more than constitutional—it's right.

"Nor all—but nearly," was the result in Furnas county, with the fusionists having the big end of the argument. D. K. Morgan, the Republican candidate for county clerk, was the only Republican that escaped the landslide.

SALOONS under the thin disguise of club, orders, societies etc., should next receive the earnest attention of temperance people. They are violators of law, doubtless, and should be dealt with accordingly.

## PERSONAL TAXES FOR 1909.

Are due November 1st, become delinquent December 1st. Should be paid during the month of November to save interest. Notices will be mailed out on or about the 10th of November. C. NADEN, Treasurer of Red Willow Co.

Farewell to Rev. Burton. Over fifty friends of Rev. Burton and family, met at the home of F. D. Burgess last Thursday evening, to bid them farewell before they left McCook for their new home in Washington. Everybody enjoyed the evening in general conversation, playing various games, and listening to an excellent program. After light refreshments were served, the guests departed for their respective homes, wishing the Burton family a pleasant journey and success, happiness and God speed in their new location. \*

### A Remarkable Gain.

Fowler and Gerald Wilcox have what they consider one of the finest feeding lots and plants in this section of Nebraska. They are now feeding between 400 and 500 hogs and about 300 head of cattle on their ranch just southeast of this city. They report a remarkable gain in their hogs. Thirty days ago they placed their hogs on mixed and ground alfalfa and corn, using a self-feeding arrangement. In thirty days the hogs gained an average of ninety pounds.

### Defective Flue the Cause.

A defective flue in the Fahrnenbruch block on west B street caused a slight fire, Tuesday forenoon. Fortunately the fire was discovered early before the flames had made much headway. The department soon had the fire extinguished, the nominal damage being from water.

Mrs. Ruth Bryan Leavitt next Tuesday. High school auditorium.
