TRIBUNE SUBSCRIBERS

The time has arrived for the annual notification of delinquent subscribers, and the publisher is already at work preparing notices for mailing to those who are in arrears. We would suggest that much labor and considerable unnecessary expense could be saved us if those knowing themselves to be in arrears for their paper will call or send the money to pay up any delinquency and for one year in advance. In order to give all who will respond to this reasonable request an opportunity to pay without notification, this year, we will hold our notices until immediately after January 1st next. Kindly respond promptly and as far as possible pay your subscription a year in advance as per our regular terms.

CHRISTMAS PRESENTS

Dresden silk is so much liked nowadays that it is even used to cover the backs of hairbrushes. Hand mirrors and hairbrushes with Dresden silk backs are beginning to supersede the

silver backed articles on some women's toilet tables.

Backing a brush or a hand mirror with Dresden silk is really a very simple matter, and any one with deft fingers can manage it. The silk is glued to the wooden backed brush, and gold braid is glued around the edges. A comb and brush tray and a powder box can be covered in the same manner, and the set makes a dainty present for a woman. The Dresden silk pin cushion is shaped a little like a pair of bellows. The sides are of silk covered cardboard, and the cushioned edge holds the pins.

A Pin Case For the Schoolgirl.
A dainty present for the room of a schoolgirl is the ever useful pin case in a form that appeals to her love of decoration.

A small bisque doll head has fastened around its neck two pieces of satin ribbon three inches wide and ten inches long. This is gathered in such a way around the neck of the doll that it appears to be dressed in a long, straight slip of silk.

Between the ribbons are shorter pieces of flannel, as many as are desired. Each piece is featherstitched in the same color as the ribbon, or it may be pinked. Through the flannel is stuck white and black pins, safety pins, colored pins of all sizes, such as are so useful in the adjustment of stocks and belts.
If one knows the color of the room decorations of the girl for whom the pin case is intended it should be made of a harmonizing color.

FOR THE TROUSSEAU.

Engaged girls will appreciate several of the ribbon holders that are made for keeping in place certain sets of lingerie or table linen. The gift is simple enough, being merely a length of ribbon which in the center has a square of linen covered cardboard embroid-

ered with the girl's initials sewed to the ribbon. The ends are then put together and a round slide like those used on director's sashes is made of linen. This slide is drawn about the article that is to be surrounded with the ribbon band.

Cover Hatpins For Christmas.

The latest fad is to cover hatpins. Does that sound strange? It is not, however, for if you possess a plain and unattractive pin and wish to give it the cachet of originality all you have to do is to embroider a tiny disk of black satin or any shade that you prefer with gold thread, put the disk over the head of the pin, tie it tight, and the deed is done. If you had a jeweled pin and the real diamond, or whatever it was, has disappeared, cover a small button in any way you like and paste it into the empty space left by the lost bit of glass. If a hatpin is too small, make a little rosette of gold tissue and run the pin through the middle.

The ways of decorating such pins are really too numerous to mention in detail, but any one may do it and get the best results with the least effort and expense. Indeed, it is not difficult to make.

A Laundry Book.

For the college girl a laundry book is fine. Select a neat rice paper for the leaves and cut the double cover from red paper of a heavy variety, then tie the leaves together with red baby ribbon. Between the leaves of white paper are blue carbon paper slips, so that a duplicate copy is made when one marks off her laundry.
