COMING

Doctors Searles and Searles

Famous Specialists of Lincoln, Nebraska, to visit here Thursday, Nov. 10, at Commercial Hotel.

Word has just been received that the chief consulting physician of Doctors SEARLES & SEARLES has decided to pay a short visit to McCook, and while here will stop at the Commercial Hotel, where he will receive and examine patients.

Doctors SEARLES & SEARLES have been located in Lincoln over 15 years, and are the longest established, most successful and reliable specialists in the west in all chronic and nervous diseases of men and women. Their Lincoln institute is on the second floor of the Burlington block, 1308 O street, Lincoln, Nebraska.

The most valuable information in the world is to know where to get cured. Opportunity is defined by Webster as "a fit or convenient time, a time favorable for the purpose." Are you sick or ailing? Have you been doctoring without obtaining relief or benefit? Here is your opportunity to get well. Why suffer? You can be cured.

Remember good health is your working capital. Disease is never at a standstill.

They do not treat all diseases, but cure all they treat. If your case is found to be incurable you will be frankly told so, and will not be accepted for treatment at any price or under any conditions, as the doctors absolutely refuse to accept an incurable case for treatment. They do not publish testimonials, but have cured thousands of patients in this and other states where other physicians have failed, to whom they would be glad to refer you.

They invite all afflicted who really desire a cure to honestly investigate their original and strictly modern methods in curing all such diseases as catarrh, constipation, rheumatism, paralysis, asthma, epilepsy, gall stones, goitre, indigestion, chronic and all deep-seated diseases of the nerves, blood, heart, lungs, bowels, kidneys, liver and skin, including all diseases of men and women. A private consultation and careful personal examination will be absolutely free, whether you take treatment or not. If you have any chronic or long-standing trouble, call on them and take advantage of this free offer.

The first ten curable cases that will call will be treated free until cured (medicines excepted). Their object in coming to McCook and giving this special offer is to quickly place their treatment before the chronic sufferers. This offer is open to all, and no one is too rich or too poor to accept it, for it is their original method of placing their treatment before the public quickly.

Doctors SEARLES & SEARLES' treatment is all home treatment, so that frequent visits to the office are not necessary. This treatment may be used in any home anywhere, without inconvenience, publicity or annoyance, and without detaining the patient from his or her usual occupation.

While the doctors will not accept any incurable cases for treatment, one should not give up hope simply because their doctor has failed to help them. It must be remembered that their method of treatment has quickly cured many diseases which could not even be helped by other doctors or medicines. Remember the date, Thursday, November 10, 1910. Consult them while the opportunity is at hand.
