The Snug Fitting Coat Collar-

THE coat collar is one of the things that make a hit Y with you when you wear Clothcraft. It sits up to your collar as if molded to it.

But it is only one of the Clothcraft points of superiority. There's the stylethe shape-the non-breakable coat front-the non-sagging pockets.

And there's the guaranty of the maker-and ourselves -that Clothcraft is pure All-Wool-nothing else.

Yet you get your Clothcraft suit at \$10 to \$25. Wouldn't it be foolish to take a chance with ordinary clothes-when you can get Clothcraft with the guaranty -for the same or less.
